Ottawa, 17th August, 1912.

Sir,-

With reference to the enclosed Return of Convictions I beg to say that it appears to have been made up in a very careless manner as upon comparing it with the cash statements several convictions are omitted. You are, therefore, requested to have it thoroughly compared with the cash book since April 1910 and every case recorded. Until it has been received again and examined and found satisfactory, the payment of the clerk's salary will be withheld as he has neglected his duty in not forwarding this return regularly every month. Unless all returns called for of every nature are received promptly in future, payment of salaries will be withheld.

Your obedient servant,

Asst. Deputy and Secretary..

U. Verrean, Esq.,
Indian Agent,
