A Sincere Plea for Peace

An Open Letter addressed by the Society of Friends, at Coldstream Ontario, to the Dominion Government, the Coonel, the Hon Sam Hughes, Minister of Militia, and the People of Canada.

Sam Flughes, Minister of Militis, and the People of Canada.

The Dominion Government proposes to give \$85,000 towards a struck under a higher Leader the celebration of the "Century of Peace" between Canada and the United States of America—a petty trifle, compared with the vast sums spent to foster the war spirit. However, we are not complaining about the amount. How is it to be expended? We hear rumors of a great military display. We hope rumor is false, for that were a mockery indeed. We strongly denounce such a proposition as glaringly unfitting. It is proper that the hundred years of good-will schould be celebrated by things that stand for good-will and not by things that stand for good-will was the stand for good-will. that stand for war. If we want peace we must foster the peace spirit among our own people, among the various nations, for history has abundantly proven false the statement that to in-

sure peace we must prepare for war.

It is also disastrously true that the vast preparation for war, as witnessed all the armed nations of Europe, makes the taxes a grievous burden, and keeps the common people in eternal poverty and slavery.

A FITTING MONUMENT

The building of an international bridge between the two countries, and by the two countries, has been proposed as a fitting function for such a celebration. That certainly such a celebration. That certainly commends itself as more appropriate. We favor the idea, and when completed let the chief executors of each nation meet in the centre with a warm hand-clasp of friendship. That would be an object lesson worth while. It would be a permanent monument, reaching down the years and go far towards insuring a second century of

towards insuring a second century of peace and good-will.

If a bridge is not needed a compact might be amicably perfected to open up an international waterway sufficient to carry the largest ocean vessels from the Atlantic to the heads of our great inland lakes. An international bridge, or an international occan-vessel waterway would be an exceedingly fitting peace memorial, being symbolical of trade and traffic, which have plaved so large a part towards eliminating war between natwards eliminating war between nations the world over.

ions the world over.

We beg to say a word in regard to militarism in our Lominion: We would look upon its encroachment with alarm if we thought the wild and sinister apprehensions of the visionary promoters will ever be, in the least part, realized. As it is we deplore the spending of foliably, money which we need for our country's dewhich we need for our country's de-velopment along natural lines that make for a truer national greatness and permanency.

MILITARISM IN SCHOOLS

We also protest against military training in our schools and colleges on the grounds that it tends to take on the grounds that it tends to take our boys from the farms, where they are so greatly needed, draws them away from the pursuit of peace, ini-tiates them into the wave of vice, and instille into their minds a sham glory and a false patriotism.

It is encouraging to note on the other hand, the forces that are making for peace. Every agricultural paper published in our land is dead against war, and the preparations for war, or rather alive against it. Lab-our unions denounce it. The laborer and the farmer who generally have ordinary retail prices and a struck, not for a higher wage, but new cooperative association will for a holier calling; struck, never to

A PROPHESY

This militia mania epidemic soon pass, like many another plant and pestilence. Those beautiful as substantial armouries in a few yet will be turned into fire halls a school houses, for in this Canada ours Right must Prevail; the Prin of Peace shall rule; the God of Los is omnipotent.

May all good people work and proto hasten on that glorious day!
Signed on behalf of the Friends:
