TELEPHONE BELL EST 1299

Maisonneuve, Sept 3rd. 1906

The J. W. Harris Co. Dear Sir,  
your machine has done such good work that I thought that it would be interesting to you to let you know the amount of work and the saving that the Town of Maisonneuve has done by operating your machine. your machine has taken out 400 yds. in one day at the cost of \$70.25 per day which makes it a cost of 18¢ per yd. and there were no contractor in Montreal that would touch it less than 65¢ per yd. on account of the soft digging so 400 yds at 65¢ per yd. it would make a total \$260.00 By operating your machine the town saves \$189.75 per day.
