**Merner, Killer & Co., Props
WATERLOO, ONT.**

MANUFACTURERS OF
MOWERS, TWINE BINDERS,
PITT'S HORSE-POWERS,
Mounted and Unmounted.
STRAW CUTTERS, ROOT CUTTERS,
CHOPPING MILLS, GANG PLOWS,
SCUFFLERS, LAND ROLLERS,
SPRING-TOOTH CULTIVATORS,

AND THE GRAIN THRESHER KNOWN AS THE
WATERLOO CHIEF,

OF WHICH WE MAKE A SPECIALTY,
It being the greatest Grain Saver of the age, cleans
the grain fit for the market, saves all kinds of Seeds
such as timothy, etc., and separates them from the
market grain.

The superiority of this machine over all others is
its ease of draft, running fully two horses lighter
than any other machine of same capacity—owing
to the way the machine is geared. Any check given
to the cylinder by bad feeding has only a very
slight effect upon the motion of the other parts.
Simplicity, avoiding continuous delay and stoppage,
only four belts being used, the widest only two
inches. Any farmer, even without experience, will
have less difficulty and less breakage than the most
experienced thresher with other machines. The
cylinder journals have eight inch bearing, all other
journals are in proportion. Will thresh all kinds
of grain equally well, and as a Pea Thresher is
second to none. Before you give your order for
any of the above implements, send for catalogue
and prices. Address
