

## American Catholic Temperance Movement.

The National Convention of the Catholic Total Abstinence Union of America will be held in Dubuque, Iowa, on August 6, 7 and 8. The local societies are making active preparations for the reception and entertainment of the delegates. Archbishop Keane, of Dubuque, is one of the leading temperance advocates in the United States. During the whole course of his priestly and episcopal career he has been an enthusiastic promoter of the good cause.

As soon as it was settled that the National Convention would go to Dubuque both its clergy and the people set about making the necessary preparations for receiving the delegates. The priests of the archdiocese with notable accord organized societies of the women as well as of the men. The City of Dubuque took the initiative. Fathers Toomey and Carey, of the Cathedral, instituted Happy Home Leagues among the men and St. Veronica Leagues among the women. The other clergy of the city followed their good example. The same good work was done in the near-by towns, and from these it spread throughout the diocese. So quickly did this movement grow that some of the older societies were put on their mettle to maintain their position of pre-eminence. The field was good in Iowa. The temperance sentiment was strong throughout the State. The agricultural interests are paramount, and there are very few large cities to corrupt the public sentiment on the liquor question.

On Decoration Day delegates representing the recently organized societies gathered in Dubuque, and under the auspices of Archbishop Keane and his clergy the constitution of the archdiocesan union was formally adopted. There were present 103 delegates, representing 2,400 organized total abstainers. The leading priests of the diocese were accredited to the convention and among the laity there were prominent business men and professional men. The delegates who were present represented only the men's societies. There were as many more women in societies as there were men, so that the entire organized total abstinence army in the diocese of Dubuque numbers over 5,000 total abstainers, and they are increasing every day. This is the immediate result of a year's work.

## Happenings in Scotland

MGR. MCKERRELL DEAD. — The death is announced of the Right Rev. Monsignor McKerrrell, provost of the chapter of the archdiocese of St. Andrew's and Edinburgh. He was born at Paisley, and studied for the priesthood at Blair's College, Aberdeen, and at Scots College, Rome. He was ordained in 1851. Amongst the places at which he served were Dunfermline, Loches, Stirling, Innerleithen, and Lennox. For almost twenty years he had charge of the Dunfermline mission which was his first appointment, and during that time, while greatly endearing himself to the people of St. Margaret's, he also served the town by being for at least two terms an alert and able member of the School Board. About three years ago Monsignor McKerrrell retired from active service and took up his abode in Dunfermline. He was 76 years of age, and two years ago he celebrated his golden jubilee as a priest.

THE EYRE MEMORIAL. — The work of collecting money for the erection of the Archbishop Eyre Memorial Industrial Schools is being prosecuted with the greatest possible energy, vigor, enthusiasm, and dispatch in the several parishes of the archdiocese. Amongst the different branches of the League of the Cross that have voted donations we note the handsome sums of £50 each from St. John's, St. Andrew's, and St. Mary's, Glasgow.

CHURCH AND PERSECUTION. — The Rev. Father T. P. O'Reilly, M. R., who is one of the most trenchant, outspoken, and fearless preachers in Glasgow at the present day, recently delivered a discourse on methods, old and new, of persecuting the Church in St. Alphonsus' Church Great Hamilton street. The Church, he said, in its infancy had to endure persecution from pagan philosophers, ungodly emperors, and others of the same worldly caste—all of whom the Church lived to see falsified, dethroned, and scattered to the four corners of the earth. To-day in

these realms, the preacher thought, the principal persecutors of the Church were the infidel platform orator, the agnostic press, and also, alas! a certain senseless section of the so-called Catholic press.

A SUCCESSFUL SESSION of St. Joseph's College, Dumfries, was closed last week by a brilliant function which accompanied the distribution of prizes. As usual the Bishop of the diocese presided, and was supported by the clergy of Dumfries, the elite of the district, and many parents of the pupils, some of whom had come from considerable distances. The special features of the meeting were the more than usually finished performance of "King Rodolph's Will," and a powerful and eloquent speech by the Bishop. Besides speaking of the special business of the evening treated of the education question in general, and advocated for religious a "fair field," having no doubt but that being conceded, they would be found in the front, fully abreast of the most progressive. He instanced with satisfaction our various normal training schools and this college of his episcopal town, of which all were so proud.

TAKE THE VEIL.—In the Convent of Mercy, Garnethill, on July 2nd, three Sisters of the Order took the black veil and made their final vows. The ladies professed were Sister Magdalene Quin, Sister Mary Raphael Hughes, and Sister Mary Patrick Duggan. The Mass for the occasion was celebrated by Father Gartlan, S.J.; the sermon was preached by the Rev. Father Allichin, S.J.; while His Lordship Bishop Maguire administered the vows, assisted by Father Duggan, of Rutherglen, brother of Sister Duggan. At the luncheon which followed the impressive ceremony Their Lordships Bishops Maguire and Macfarlane were present. The company included relatives and friends numbering about fifty.

## Live Stock Market

A despatch from London on Tuesday says:—The strong feeling which developed in the market for cattle a week ago, has been fully maintained, and prices have scored a further advance with a firm trade doing. Choice American steers sold at 16½c, and choice Canadians at 15c. The trade in sheep was fair, and prices show little change compared with a week ago, choice selling at 11½c.

The tone of the Liverpool market, according to despatches on Monday last, has been strong and prices for Canadian cattle show an advance of ½c, and sheep 1c per lb., as compared with a week ago. Choice Canadian cattle sold at 15½c, and sheep at 11c to 12c.

A cable from London quoted choice Canadian cattle at 15½c, and sheep at 11c to 12c. A cable from Liverpool quoted choice Canadian cattle at 15½c, and sheep at 11c, and a cable from Liverpool quoted choice Canadian cattle at 15½c, and sheep at 11c.

Another cable from London quoted choice American cattle at 16c, and choice Canadian cattle at 15c.

At the Montreal stock yards, at Point St. Charles, on Monday morning, the receipts of live stock for local consumption were small, there being only five mixed car loads received. The trade at this market in cattle, sheep and lambs was very quiet; therefore, the stock received was forwarded by the owners to the East End market. The tone of the market for live hogs was stronger, owing to the small offerings, and prices show an advance of fully ½c per lb. The demand was good and sales were made at 7c to 7½c, and some select lots went as high as 7½c per lb.

At the East End Abattoir market on the same day the offerings of live stock were 400 cattle, 600 sheep and lambs, and 100 calves. Owing to the smaller receipts at the above market and this a much firmer feeling prevailed for good to choice beefs, and higher prices were realized than on last Thursday. The demand from butchers was good, in spite of the wet weather, and a fairly active trade was done, which resulted in a clearance. A few really choice cattle sold at 6½c to 6½c, and some extra good stock at 5½c to 6½c, while the fair beefs brought 4c to 5½c, and the lower grades all the way from 2½c to 3½c per lb. The tone of the market for sheep was weaker and prices ruled ½c to ¾c per lb, lower, which is no doubt due to some extent to the discouraging advices from abroad of late. The demand was fair, and sales were made at 2½c to 3½c per lb. Lambs met

with a good demand, and as the supply was somewhat limited, prices ruled steady at \$2.50 to \$2.25 each. The trade in calves was quiet at prices ranging from \$2 to \$5 each.

The shipments of live stock from the port of Montreal for the week ending July 10th, were:—
