ZULULAND. Capetown, August 29, via Aden.—Marter captured Cetawayo yesterday. Marter was in command of a squadron of dragoons. The question now is, what are the British going to do with him?

AFGHANISTAN. Lahore, Sept. 11.—Shikarpore merchants, trading with Central Asia, report that the revolt in Cabul was due to Russian intrigues. Russian agents have been most active at Herat. They have for some months past urged the Ameer's brother to declare against him, promising the support of Herat's regiments. They were charged by the Ameer's brother with being the cause of the revolt against the Ameer and England.

London, Sept. 15.—A Candahar despatch says the opinion prevails among the natives that the Ameer has declared against the British.

Reports from Kheilat Ghilzai state that the Ameer has summoned the Ghilzais to rise against the British.

London, Sept. 15.—A despatch from Candahar says an Afghan nobleman coming from the direction of Cabul reports that the Ameer has sent for troops from Herat and Balkh, and has summoned Ghilzais to Cabul for a Jihad. A private letter from Cabul asserts that the Ameer's body-guard joined in the attack on the British Embassy.

RUSSIA. Paris, September 13.—The St. Petersburg Gazette warns its readers against the treacherous assertion that it is necessary for England to conquer Afghanistan. It says England has always been a deadly enemy of Russia. The policy of Russia in Asia can only consist of reprisals against England. It is necessary to expel the British from Central Asia. This can now be done by sending 20,000 Russians to defend Afghanistan. Now is the favorable moment to free Russia's eastern frontier forever from danger on the part of England.

CANADIAN NEWS.

At Napanea on Wednesday, John Young, aged about twenty years, oldest son of Rev. Alex. Young, late pastor of the Presbyterian church at Napanea, now of Toronto, was drowned. Young, Edward Daly and Allan Rutlan, all young men of Napanea, were camping on Hog Island, about six miles from Picton, on the Bay of Quinte. Young went out fishing in a small ducking skiff, and not long afterwards the boat drifted ashore upside down. It is supposed the boat swamped, and as Young could not swim he was drowned.

Ottawa, Sept. 15.—Rev. W. A. Phillips, pastor of the York Street M. E. Church, has returned from West Winchester. He says it was currently reported there on the morning he left that Clark Brown, the murderer of his father and sister, had confessed to having poisoned a Miss Hilliard, who died under peculiar circumstances about a year ago.

The annual sale of stock and seeds at the Model Farm, Guelph, took place Friday and was a decided success, a large amount being realized. Over 1,000 persons present, among whom were buyers from all parts of the Province.

Deceased leaves a wife and three children.

FESTIVAL OF THE HOLY RELICS.—This festival, which in this diocese is peculiar to the Basilica, was celebrated there yesterday morning by a solemn High Mass, *coram populo*, His Grace the Archbishop presiding. A sermon on "Christian Virtues" was preached by the Rev. Mr. Cote, who it is pleasing to notice, seems entirely recovered from his recent indisposition. The sanctuary and the seats immediately in front were all filled with ecclesiastics and Seminarians, who have returned to their studies after the summer vacation. There was also a large congregation, including quite a number of visitors present in the city. The musical portion of the service was Gregorian and was well rendered by the Seminarians seated in front of the sanctuary and in the organ loft, alternately, under the leadership of Rev. Mr. Fraser. Mr. Gustave Gagnon presided at the organ and played several voluntaries in his usual effective style.—*Quebec Chronicle*, September 8.

A QUEBEC TO THE DEFENCE.—An argument having sprung up in the Catholic religious newspapers of the United States touching the relative merits of the educational institutions pertaining to that church in that country and Canada, the Rev. Father O'Reilly has published a long and able letter, in which he sets forth the merits of the latter, and notably of his own alma mater, the Quebec Seminary and its off-spring, Laval University.

SPRING WHERE.—We have been told that in some places the farmers have turned their hogs into the spring wheat fields, as the grain was not worth the cost of harvesting it. There will not be much spring wheat put in next season.

A GOOD PLAN

Anybody can learn to make money rapidly operating in stocks, by the "Two Operating Rules" for Success in Law. Lawless & Co.'s new circular, the combination method, which this firm has made so successful, enables people who have small means to reap all the benefits of largest capital and skill. Thousands of orders, in various sums, are issued into one vast amount, and executed as a mighty whole, thus securing to each shareholder all the advantages of the largest operator. Immense profits are divided monthly. Any amount, from \$25 to \$500, or more, can be used successfully. N. Y. *Boys' Weekly*, September 28th, 1878, says: "By the combination system \$15 would make \$75, or a net cent; \$500 would make \$2,500, or 50 per cent; \$25,000 would make \$125,000, or 500 per cent." *Frank Leslie's Illustrated Newspaper*, June 25th: "The combination method of operating stocks is the most successful ever adopted." *New York Independent*, Sept. 12th: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co., *Weekend Journal*, April 20th: "Our editor made a net profit of \$10,000 from \$20 in one month." Messrs. Lawrence & Co., Bankers, 45 Exchange Place, N.Y.

READ THIS TWICE.—Five to thirty drops of Thomas' ELECTRIC OIL will cure colic, grippe, Stomach, and Indigestion in Children. It will cure a cough or cold in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years' standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain, lameness, nothing like it has ever been known. One bottle will cure any case of lame Back or Crick in the Back. For diseases of the Spine and Contractions of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Eczema and the pain of a burn in three minutes, and is altogether the cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. It is worth its weight in gold. Why not buy it to-day?—A. B. Des Rochers, assistant postmaster, Atholville, P. Q. writes: "Thirteen years ago I was seized by a severe attack of Rheumatism in the head from which I have nearly constantly suffered. After having used Thomas' Electric Oil for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This can testify under oath if you wish."—Rev. J. Malloy, of Weymouth, N. Y. writes: "Dr. Thomas' Electric Oil cured me of Bronchitis in ONE WEEK."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. Thomas is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and take no other. Sold by all medicine dealers. Price 25 cts. NORTHROP & LYMAN, Toronto, Ont., Proprietors for the Dominion.

WESTERN FAIR OFFICE. 1 London, 1st Sept., 1879. Consumption and General Debility. From J. JARVIS, Westminister. London, Sept. 2, 1879.

For nearly six years I had been suffering with severe lung disease and general exhaustion of the nervous system, which was thought to be a fatal case of consumption. My food was wasted, and cough was constant, with frequent coughing fits; expectoration was abundant and of a purulent character. I had tried several doctors of this city without receiving any benefit. With these symptoms I consulted Dr. Wilson, Electrostatic and Hygienic Physician, with these symptoms examination of my chest, both by percussion and auscultation, and also by the new method of Electrical Diagnosis of the system, assured me of a favorable termination of my complaint. I put myself under his care, and received the electrical applications at first daily, and afterwards tri-weekly; and I am pleased to state that in one month I was able to resume business duties. The effects upon me were very marked, and I can confidently speak in favor of Electrostatic Treatment as given by Dr. Wilson, in all complaints of the chest, where the lung tissue is not too far disorganized. Mr. Jarvis is in good health at the present time.

N.B.—These testimonials of cures are given, not for the information of those who already know what the proper qualities of electricity can accomplish, but for those persons who have not had time to give attention to the Therapeutic uses of Electricity.
