

THE ONLY STUMP-PULLER SOLD WITH A REAL GUARANTEE

The only Malleable Stump Machine made, and the only one sold on a positive guarantee that it will do more than any other. Now it does not matter what kind of stump-pulling work you have to do, we make the right Machine for the purpose.

THE ONE WITH ALL THE GOOD POINTS

- 1—Rocker Shaft puts machine in and out of gear from either end of sweep, without lifting the sweep or sweep casting.
- 2—Truss Rod full length of sweep, takes the strain off the sweep, puts it on the sweep casting.
- 3—Gear Clutch raises and lowers on hub by a half-turn of the hand lever.
- 4—Hand Wheel takes up the slack cable in a jiffy. Saves team, men and time.

- 5—Large Diameter Ground Drum takes absolute care of the cable and makes it last many times longer.
- 6—Heavy Anchor Frame is so constructed that the strain is equalized on the machine whether the cable is high or low on the drum, and holds the machine in a rigid position.
- 7—The Rope Guide, adjustable hinged, held by springs, take absolute care of cable, prevent it from over-lapping, crossing, or shearing.
- 8—Black Hatchet takes strain off of tram when pulling big stumps, and makes whole machine safe.

This is the only Machine in which every casting is warranted for one year, **FLAW OR NO FLAW**. Try this Machine under our Guarantee—that it far EXCELS any other—or you pay nothing. Hundreds of your friends and fellow farmers have tested and approved this Machine. So will you once you try it.

REMEMBER YOU RISK NOTHING

If you have land to clear of stumps, standing trees or willows, standing or burnt over, or poplars, or scrub of any kind, this is the machine you want, and the only one you will buy after you see it work. For it has every good point a Stump Puller should have, not merely one or two. We ask you just to test it for yourself under our most positive guarantee, that it will do the work better, easier, and quicker, that it will clear your land cheaper than any other machine on this earth. Isn't that plain? 11

EUREKA
SANTARY CHURN

There's no comparison between the ordinary wooden churn and the "EUREKA". Barrel is stoneware—top is clear glass. Besides being absolutely sanitary, the glass top enables you to see how the churning is coming along without opening the churn. Also made with Aluminium top. The "EUREKA" is the easiest churn on the market to operate. By tilting back the frame until the weight rests on the wheels, the churn can be quickly and easily moved—while the barrel remains upright. If your dealer does not handle the "EUREKA," do not take a substitute but write us for catalogue. EUREKA PLANTER CO. LIMITED, WOODSTOCK, ONT.
