

You Can Save Money on Eaton Shipments

We have been looking into various phases of the Eaton system lately with a view to effecting further savings for our customers. One phase which we have investigated in this connection is shipping charges. And we have found that they can be reduced. Let us tell you about it. It will mean a direct saving to you.

By Our New Policy of Free Cartage

In the first place, we have established our own cartage system, so as to save our Mail Order customers the amount formerly charged them by the Railway Cartage Companies to haul freight to the railway freight sheds. Formerly this cartage charge was 20 cents for small shipments and a rate per hundred for large ones, the total amounting in a year to many thousands in the aggregate. We have installed six drays and seven motors and other equipment, at a cost of \$50,000, and will now cut out these charges by doing the cartage ourselves, thus effecting a direct saving to Mail Order customers.

And by Ordering in Shipments of 100 Pounds

Then, customers can make a further saving by bulking their orders so that an order will weigh at least 100 pounds.

This is the point: Freight rates on 100 pounds are the same as on any fraction thereof—the same as on 50, 60 or 80 pounds, for instance. There is a minimum fixed rate for 100 pounds or less; on all over 100 pounds the rate is so much per pound.

Thus, in ordering, you can have a shipment of 100 pounds sent to you for the same charge that one of 60 or 70 or less would cost. It pays you to get as much as you can for your money. The way to do is to run your order up to 100 pounds in weight or over.

This can be done easily by bulking your order, including in it some heavy goods such as groceries, canned goods, hardware, etc., which will make up the extra weight. Try it on your next order.

We want our customers to benefit on these two points. We have already cut out Railway Cartage rates. Customers can now further save by ordering in lots of 100 pounds or more. Thus, working together, a material saving can be made.
