

The Eaton Mower Gives Perfect Satisfaction

EASE of operation and smoothness of work are two very important factors in a mower. They mean long life to the machine as well as great satisfaction to the user. The Eaton mower possesses to a remarkable degree those two qualifications. The mechanism of this mower is so perfect that not an ounce of energy, not an atom of labor is unnecessarily expended. The knife operates the moment the wheels begin to turn. For a detailed description of the mower see page 211 of our Spring and Summer catalogue. The prices from our three warehouses are as follows:

THIS MOWER

can be shipped from either Saskatoon or Calgary if nearer than Winnipeg. This means that you save very largely on freight charges. Do not send your orders to either of these points however. On receipt of your order here we will telegraph your nearest warehousing point to send one to you. The idea is to get the machine to you quickly and economically. We can furnish repairs for the mower at any time.

Eaton Catalogues Are Always Free

Our catalogues are always sent entirely free of charge to you. Our present catalogue (Spring and Summer) is our largest and finest production. It consists of 212 pages of large size, all beautifully and truthfully illustrated, and the values are the very best obtainable. It contains everything necessary for home and personal use.

If you have recently come to this country and are unacquainted with the Eaton progressive method you could not do a wiser deed than to write at once for your name to be put on our mailing list. We endeavor to keep in stock everything that is needed for the home, the farm and the family.

In addition to our regular catalogue we issue every two months a special catalogue of groceries and an illustrated book of samples of men's and boys' clothing. A postal card requesting these catalogues will bring them by return mail.

Order Your Twine Early—NOW

There is no risk whatever in ordering your twine now. Our broad guarantee protects you fully. If your crop is destroyed through hail, frost, rust or excessive rain, or if the twine is unsatisfactory in any way return it to us at our expense and we will refund your money in full and any charges you have paid.
