AUCTION SALES.

BY JOHN LEEMING.

BY AUCTION.—The following PROPERTY will be Sold, by Auction, at the Office of Messrs. LEEMING & SABINE, on WEDNESDAY, the 24th instant, viz.:—

THAT ELIGIBLE PROPERTY, conveniently situated for MANUFACTURING or other purposes, on the brink of the RIVER SAINT LAWRENCE, formerly known as the SAINT PIERRE DISTILLERY.

The BUILDINGS are extensive and substantial, and the VAULTS, built of Brick, are capacious and excellent. On the Premises are a Two Horse STEAM ENGINE, two STEAM BOILERS, two Run of BURR MILLSTONES, Elevators, Mashing Machine, Pumps, Tuns, Tubs, &c., &c.

The Property is commuted, and an indisputable Title will be given.

☞ Sale at ELEVEN o'clock.

For further particulars, apply to
JOHN H. McLAREN,
No. 115, St. Lawrence Street.
Or to
JOHN LEEMING,
440 Auctioneer.

PUBLIC SALE OF VALUABLE TOWNSHIP LANDS NEAR SHERBROOKE.—On MONDAY, September 29, the Subscriber will Sell, by Auction, at his Office, in St. Francois Xavier Street—

EIGHT HUNDRED ACRES VALUABLE LAND,

Situated in the TOWNSHIP OF BROMPTON, being Lots No. 19, 21, and 22, of the 6th Range, and No. 25 of 5th Range, of 200 acres each.

This *Desirable Property* is in the Valley of the River St. Francis, close to the present Mail Stage Road from Sherbrooke to Three Rivers, and to the St. Lawrence & Atlantic Railroad, and within a few miles of the

VILLAGE OF SHERBROOKE,

and formerly the Property of the late Major General HERIOT.

These Lots are free from all claims and incumbrances, and *will positively be Sold as above for Cash.*

The Title is indisputable.

☞ Sale at TWELVE o'clock.
JOHN LEEMING,

VALUABLE FARM ADJOINING MONTREAL, FOR SALE BY AUCTION.—On MONDAY, the 29th September, will be sold by Auction, at the Office of the undersigned, that VALUABLE FARM, bel nging to the representatives of the late KELLS ROLLAND, situated at the CURRENT ST. MARY, immediately below the Toll-bar, and n at to the farm occupied by Mr Lilly.

It contains about 115 arpents, with a House, Barn, &c. The soil is for the most part of the richest quality, and the remainder consists of excellent pasture land.

—ALSO—
It is well adapted for rising produce for the Montreal Market.

A Sheriffs title will be given.

For Further particulars apply to Mr. COURT, Accountant.

☞ Sale at TWELVE o'clock
JOHN LEEMING,
437 Auctioneer.

PREPARED GUANO.

THE Subscriber is now receiving a supply for Fall Seed sowing.

TO THE LADIES.

The *Prepared Guano* is put into boxes, expressly for Gardens. Its fertility on Greenhouse Plants, and all Flowers, Vines, &c., is very great! Price 2s. 6d. per box.

This manure is so combined, that the Ammonia and other fertilizing gases are absorbed, fixed, and are given out to vegetation only as it requires them. No rot, mildew, worm, fly, nor other insects can approach it—an important consideration to farmers generally, but particularly in cotton and potato planting. It will be found admirably adapted for the growth of Cane, Cotton, and Tobacco, in the West India Islands, and renovating, restoring, and fertilizing *such lands as have been worn out and abandoned.*

DIRECTIONS:

One advantage PREPARED GUANO possesses over *ordinary* Manure, is, that in sowing all kinds of grain, &c., it should be used broadcast after the ground is ploughed, and then harrowed in with the seed. Or it may be used at any time, as a top-dressing. One *man can thus manure and seed down six acres a day, which is an actual saving, in labor, of the whole cost of the manure.* Grounds intended for manuring, therefore, need *not be seeded before the 10th or 20th of October*, which affords the farmer the advantage of pasturing his fields *five or six weeks longer than usual.* It gives him time to gather in his crops, which are often neglected for the sake of preparing the ground he intends to seed down for grain, grasses, &c., so as to get them in by the 10th of September.

It is recommended to *start Corn first*, and when it is up from four to six inches, the PREPARED GUANO *should be spread over the surface*, and *covered in at once.* For Potatoes, a large tablespoonful of it could be used, mixed up with the earth, in each hill or drill.

For Greenhouse Plants, Flowers, Vines, Wall Fruit, and the like, it is only requisite *to spread* a handful or two upon *the surface round the vine or tree, and hoe it in a little.* Being a great absorber of the sun's rays, and of the fertilizing gases of the atmosphere, it will be found very beneficial to sift it over the whole of the soil, as a top-dressing in Winter.

From the Democratic Advocate, Williamsburgh, L. I., May 1, 1851.

KENDIEN'S PREPARED GUANO.—This article of manure has probably been of more essential benefit to the community than any other single discovery which has been made for many years. It is prepared with reference to the principles of Agricultural Chemistry; and in its effects, shows the great advantage which a scientific farmer must possess over his untutored and more practical neighbor. The fertilizing qualities of this species of manure, the latter, which is saved in making use of it; and its adaptation to every species of soil and vegetation, have recommended it so highly to the farming community, that it is now, in many sections of the country, the only manure in use. To our agricultural friends we recommend it as the best and cheapest manure which they can use.

LEACH FARM, JAMAICA, L. I., May 28, 1849.

SIR,—I used your "Prepared Guano," last year, on corn, on potatoes, oats, wheat, and turnips. I have used every description of manure, as well as the imported Guano, but I give yours a preference, for cheapness, durability, and convenience. It doubled my crops. I intend to use it, therefore, strongly to all farmers and gardeners.

WILLIAM MILLS.

To Mr. C. A. KENDIEN.

Analysis of the Water of the Georgian Spring.

I have made a careful quantitative analysis of a quantity of this Water sent me by the Proprietor of the Spring, Captain Keins. It is a Saline Water, containing earthy Chlorids, with portions of Bromids and Iodids, thus resembling the Plantagenet Water, from which it differs chiefly in the presence of a portion of Sulphates, which are not often met with in Waters of this class in the Province. It has a specific gravity of 1006.78, and contains in one pound avoirdupois, the affixed quantities of the following substances:—

	Grains.
Chlorid of Sodium	66.22000
Chlorid of Potassium	.72800
Chlorid of Calcium	.31003
Chlorid of Magnesium	3.45982
Bromid of Magnesium	.02016
Iodid of Magnesium	.01704
Sulphate of Lime	1.35044
Carbonate of Lime	2.08600
Carbonate of Magnesia	2.54016
Carbonate of Iron	Traces
Silica	.14350
	76.87015

T. S. HUNT,
Chemist to the Geological Commission.

Office of the Geological Survey,
Montreal, May 26, 1851.

Having compared T. S. Hunt's, Esq., analysis of the Mineral Water of the Georgian Spring with the analysis made by him of the Plantagenet Water, I may mention that the Water of the Georgian Spring contains all the ingredients found in the Plantagenet, with the addition of Sulphate of Lime, differing however in some degree as to quantity.

I have delayed giving my opinion of the efficacy of the Georgian Water, in order that an opportunity might be afforded me of speaking with confidence of the advantages to be derived from its employment. I have witnessed beneficial results from its use, as an aperient, diuretic and diuretic, and also in allaying the distressing gastric derangement attendant upon the early months of pregnancy. I have no doubt that the Georgian Spring Water will be found equally beneficial in the cure of Dyspepsia, Scrofula, and Dyspeptic Ailments, as any other Mineral Water met with in the vicinity of this city.

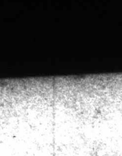
June 25. 369

THRASHING MACHINES.



LETTERS PATENT.

TIME AND LABOR SAVED MONEY EARNED.

THE subscribers having availed themselves the exclusive right of manufacturing and vending to others in use within the territory of Upper and Lower Canada,

SEVERANCE'S CELEBRATED IMPROVED HORSE POWER & THRASHING MACHINE,

one of the most valuable time and labor saving Machines ever devised by human ingenuity, respectfully submit the public, that they have just completed a new and extensive Factory on Wellington Street, extending from Prince to George Street, which gives them more than double the accommodation they had in the old shops, which will enable them to supply the whole farming community of the United Provinces with a machine that will thresh and clean more grain in a day, with less power, and with greater cleanliness, than any other known invention—easily separating two horses.

We beg leave to say to our customers and friends, that we are now prepared to furnish them with what is wont of the above Machine with an article superior even to those heretofore manufactured by us.

Our long experience in making, and the very liberal patronage we have enjoyed in the sale of our Machines, has, together with a steady determination to preserve the character which we have so long sustained, induced us to watch carefully all the improvements that could be made from time to time, until now we feel confident in offering to the public a machine of such, and accurate in all its parts for durability, easiness of work, and accuracy of it's work as our Thrashing Machines are acknowledged by any to be. And while the public is thrashed clean, and none of it lost, it is wasted, 2d, At the same time, positively cleaned. 3d for the Mill or any Market.

All orders addressed to us, or our Agent, Wm. Jonasson, will be promptly attended to.

Machines shipped to any port in Canada, and every one guaranteed to be as good as recommended.

Liberal terms of payment allowed.

B. P. PAIGE & CO.

Whereas, Letters Patent were obtained, bearing date March 3, 1848, on said Machine, the public are cautioned against purchasing, using, or manufacturing any imitation article, as all infringements will be dealt with according to the law of the land.

All persons Machines will be accompanied by a Deed signed by B. P. Paige, the owner of the right, giving the purchaser the right to use or transfer the same. Without such a Deed, no person will be safe in purchasing or using said Machines.

B. P. PAIGE.
Montreal, July 1, 1850. 374

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and
CONSUMPTION.

THE most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become disorganized and ulcerated, and the case as utterly hopeless, as to leave been pronounced by Physicians and friends to be past all possibility of recovery, and a speedy transit to be dying, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medicinations which are peculiarly adapted to, and unexcelled by any other for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a healthful change in the breathing and heart, and also, effectually prevents the formation of the very best medical men, and the investigations of kind and sorrowing friends and nurses, have failed to give the smallest relief to the Consumptive sufferer

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in having medicines which were said to be infallible, but which have proved only palliatives; but this medicine is not only a palliative, but a *cure for consumption*, it contains no deleterious drugs, and one case that proves its efficacy affords better than many assertions or certificates in curing Consumption and all diseases of the lungs, such as spitting of blood, coughs, pain in the side and chest, a pale sickly look, &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Physicians, Clergymen, and Merchants, could be given, but the publication of them books up much like a Quackery, (it will show them to any person who will call at our office.) It will speak for itself and for itself and in favor wherever it is tried.

Caution.—This medicine is put up in a large bottle, and you must see that the name of Judson, Providence, Rhode Island, New York, on the splendid wrapper around the bottle. All orders must be addressed to Comstock & Brother, No. 6, John Street, New York.

TO OWNERS OF AND DEALERS IN HORSES.

CARLTON'S CONDITION POWDERS FOR HORSES AND CATTLE.

The changes of weather and seasons, with the change of food and feed, have a great effect upon the blood and common fluids of horses. It is at these changes they require an assistant to nature to throw off any disease that may be in their blood, that they have been imbibed, and which, if not attended to, will result in the Yellow Water, Hooves, Worms, Hoove, &c. All of which will be prevented by the use of these powders, and at the same time, cure when any symptoms of disease appear, if used in time. They purify the blood, cleanse the stomach and bowels, open the skin, cleanse the urinary, and invigorate the whole body, enabling them to do more work with the same food. The action of these powders is direct upon the blood, and through it upon the whole system. They are extensively used in the Stables of the Queen's Horse Guards Blue, Lancers & Co.; 16th, 51st, 71st Regiments & Co. in Quebec; by Jarvis, Allen & Co., Proprietors of the Toronto Omnibus Line; by Turquand & Co., in Sydney, by Morse & Co., in Kingston; by Cassady & Adams, Allen & Co., Montreal; by Hall & Co., Hamilton; by Ogden & Co., Prescott; by Mr. Lemay & Co., St. Paul Street. Inspector General Hospitals, Quebec & Co., Quebec; by Jarvis, Allen & Co., Proprietors, by T.
