only at one of the churches, yet to be chosen, to be addressed by Miss Robertson. In addressing himself to his subject, "The Devil's Auc-tion," Dr. Hanley told of visiting an old slave owner in the south and seeing the slave mart with its chains and auction block, and of peopling with his imagination the scenes of former days, when daughter had been torn from mother and hus-band from wife to be sold on the block. He said that there was an auction still going on and that Christ should have the allegiance of all, for had he not paid the highest and best price, his own life as a ransom for many. Some of the things that the Devil paid-for men were spoken of by the speaker. The Devil could purchase no one with anything repulsive. The horrible examples of sin that we sometimes see such as the drunkard and the harlot repel. Satan with hoofs and horns is not attractive. It is as an angel of light that he allures and charms the sinner. The clean man is his greatest advertisement. If he can enslave such as he so often does he consider this his greatest prize. So he makes his bids for the souls of men with this in view.

He offers popularity as a price. Thousands are thus purchased. Dr. Hanley himself when he first preached on a circuit desired popu-larity and obtained it by preaching soothing, pleasing sermons. The devil laughed in glee. When Dr. Hanley awoke to the fact of his iselessness as a preacher, he deter-mined to preach the truth even though it seared and hurt, he did o, and many of the attendants of

s churches were converted. Moral Cowardice was another price of the Devil's for the souls of men. Physical courage most men possess ********* they fail so often to exhibit mora courage when it is needed, I was just too much of a coward to come forward said a Kingsville convert afterward when asked why he did not settle the matter of salvation before he did, and that is the way with a great many people in the tab-ernacle now. The hardest tests of ernacle now. The hardest tests of life are the soul tests. A man has to fight his battles along that line. It is devilish for men to jeer at others who are trying to take a stand on the side of Christ when they themselves, say what they will, are too cowardly themselves to take the same stand. Most excuses that men give for not accepting the Saviour can be resolved into the blu of the Devil for their souls, moral cowardice. -<----- for their souls, moral cowardice, This was substantiated with the use

of striking illustrations from first and observation by Dr. Hanley. Amusements was another bid that the devil made, and it was a very strong and effective one. Said Dr. Hanley, I settle it for myself in that I never take myself anywhere I can-not take my Saviour with me. Card-playing, dancing, theatre-going etc., can be settled by the Christian man can be settled by the Christian man or woman, boy or girl in that way. It is not a legitimate reason for staying away from the service of Christ to put amusements first. Christ should come first, having settled first what you will do with Him, then the amusement problem will be faced and solved with Christ in your life to help you solve it. No one knows what he will do with amusements until he has first settled the question of salvation. He is then in a position to deal with the amusement question and not before. A large number of converts came forward. The spirit of the service was very fine and the address was one of the most powerful yet delivered.

Election Appeal

As the Union Government candidate in the Riding of Brantford, I desire to give to the Electors a brief outline of my views.

The main issue is the newly enacted Military Service Law and it has my hearty approval, in all its provisions, as the only fair and effective means of getting recruits. As an adjunct of this law I believe in all necessary taxation for the carrying on of the war.

It is unreasonable to let Quebec dominate the war policies of this Dominion. That Province must be made to toe the mark both in men and money.

, I believe in liberal pay for the soldiers and their dependents; also a decided increase in the scale of pensions to all the brave men who are entitled to them.

It is my desire to see all First and Second Contingent men get furlough to return home for a rest and family reunion.
