# **OUR BOYS' AND** GIRLS' CORNER

By Aunt June

TO EVERY

My Dear Boys and Girls—One of these days I shall expect a call from the man at the post office to ask me if I wish to cularge my mail bax. It is getting such a busy corner, but how delighted I am to see all the letters come tumbling in.

A loving welcome to all new members this week.

ONR LETTER BOX.

Dear Aunt June—I have been reading your boys' and girls' column and think it just splendid. I am eleven years old and in the senior third class. I live on a farm and like living on one. In the house I help wash dishes, carry wood and water in, feed the hens and gather the eggs, I have for pets two cats and a hen. One cat is black and I call him Darky and the other is grey and I call her Tabble and call my hen Polly. My hen sings all day and lays me an egg for breakfast. I have a good time at school but I am not going just now as I have a bad cold. I will be glad when I am able to go to school again. I should like some other members to write to me.

NORMA SMITH.

Dear Norma—What a splendid list of helpful deeds. I should like very much to send you a badge but you forgot to enclose a three-cent stamp. If you send a stamp I will send a badge right away. I am sure some of the other members who read your interesting letter will write to you.

R. R. No. 1 Nanticoke, Ont. Dear Aunt June—I thought it would be nice to get a badge as all the other members like it fine. I go to school every day. I am in the fourth class. We have a test in spelling and arithmetic every Friday. I am twelve years old and I had a birthday party. I have two of my school friends to stay with me all night. We get about ten eggs a day. I have two brathers, one is older than myself and one is younger. When I get home from school I set the table and get the supper ready. Then after supper we wash the dishes. On Saturday I sweep the floor and help bake beside the other. I have a cat he is a grey and white and I call him Buster. We have sixteen little lambs. I like them very much. One sheep is sick and we have to feed the little lambs.

Dear Mildred—I am sorry to have to tell you the same as Norma. I cannot send you a badge as you forgot the three-cent stamp. If you send that I will send a badge. I enjoyed your interesting letter and I am sure the other Helpers will too.

Dear Aunt June—I am ten years old and I am in the fourth class. I help my father and brother at the barn. I get down the hay, feed the cows and horses and hens and hunt the eggs. I feed the pigs and get down the hay for the sheep. My brother has to go over and feed the sheep in the pen because we have a rack and have to put the hay in. We have an old sheep that will bunt. My dad was in getting out the little lambs from the pen when the old sheep bunted him against wall, but it didn't hurt him. After supper I help my sister wash the dishes. My mother sometimes goes away and I have to help sweep much so I thought I would write too.

## WIND ON THE STOMACH QUICKLY RELIEVED

It is a good thing to know just what to do when gas belching starts. One sufferer related the following experience: "A few months ago I ate some green vegetables and some fruit that was not quite ripe. It brought on indigestion, hiccoughs, nausea and cramps. I belched gas continually. A neighbor wred me to use "Nerviline" I took it in hot sweetened water, and got quick reject. I will never again be without this valuable remedy." Nerviline is a household necessity; large 35c bottles sold everywhere.

"Rheumatism Routers" relieve rheumatics.

SILK UNRAVELLED AND REWOVEN.

In ancient times silk was for many centuries imported in the woven ma-terial from China, where the raising and waving of silk seems to have been known for 2,000 years and more before the Christian era. So costly were they in the early days that the closely woven silks of China' were often unravelled by Phoenician wearand with a mixture of linen.
