

THE WHITE RIBBON.

For God and Home and Native Land. Conducted by the Ladies of the W. C. T. U.

President—Mrs R. V. Jones. Vice-Presidents—Mrs Thomas Harris, Mrs E. Reid, Mrs L. Sleep.

Next meeting in Temperance Hall Thursday, July 15th, at 3:30 P. M. The meetings are always open to any who wish to become members.

Among the departments of work done by the W. C. T. U. is that of Social Purity.

The White Ribbon badge worn by the W. C. T. U. means purity, purity of thought, word and deed.

A recent writer has said: "One city in any part of the earth whose citizens from the greatest to the humblest lived in the spirit of Christ, whose religion had overflowed the churches, and poured into the streets, inundating every home and workshop, and permeating the whole social life, one such city would seal the redemption of the world."

Looking out into the world, we find that the awful, inexorable sin of impurity, unchastity, is doing a deadly work. It has penetrated all nations.

And America—let it be said to her shame, is as guilty in this respect as England; read—"A New Movement for Licensed Prostitution in New York."

Looking at other parts of the Bible we find the condemnation of this crime just as strong. In the Book of Job he says "It is a heinous crime; it is a fire that consumes to destruction."

Habit eats so deeply into man's humanity that instead of constituting no more than his second nature, it expels the first, usurping the sovereignty.

It works damage and degradation in that most beautiful and marvellous of all the material works of God—the human body.

The W. C. T. U. maintains the law of purity as equally binding on the man as the woman.

Says one writer: "In order to have purpose there must be the most careful and modest relations and actions between the sex in public and private.

He Returned the Compliment.

A story told to be current among the students in Aberdeen which showed that up to a comparatively recent date ancient prejudices were retained by the old-fashioned Scotch professors.

Principal and Mrs Pirie present their compliments to Prof. T., and hope he is well. Principal and Mrs Pirie will be at home on Thursday evening at eight o'clock.

This was something which evidently required an answer, but the recipient of it was equal to the occasion. He wrote:

The time of the year is arriving when many people are keenly interested in any measure that will lead to the extermination of the pestilent mosquito.

A florist Irishman, reduced to the last stages of poverty and destitution, as the last resource, made inquiry at a marine store as follows: "D'ye buy rags and bones here?"

Yes, said the chairman sadly, our temperance meeting last night would have been more successful if the lecturer hadn't been so absent-minded.

Verboosity is the besetting sin of all official correspondence, so that a laconic despatch is refreshing. The secretary of the Treasury wrote to the collector at the port of Mobile:

Will there in front plaza to move up so that them behind can take the places of them in front, an' have room for them who are neither in front nor behind?

This is the message the telegraph boy handed to him—"Do, pray come down at once to my room, I am dying—Kate."
