WOLFVILLE, N. S., MAR. 14, 1919.

Local Happenings.

This is the night of 'Spies' Don't miss it!

There are 400 official illustrations with maps and 16 colorgravures in the Pictorial History of the Great War.

An interesting game of hockey was played in Evangeline Rink on Tuesday evening between the College girls and Seminary girls.

FOR SALE.—1 gasoline Engine, 3 horse power, old make, just the thing for sawing wood.

The pulpit of the Baptist church was occupied on Sunday last by Rev. F. H. Beals, of Lawrencetown.

Have your tickets for 'Spies' 35c, 50c, 75c, 1.00 and 1.50.

The pictorial 'History of the Great War' is the only book that will satisfy the Canadian public because Canada's part is written by one of her own famous scholars and historians.

We understand that the property of the late Clarence H. Borden has been purchased by a Mr. Evans, of Halifax, who will come here shortly to reside.

Wolfville Methodist church—Service for Sunday, March 16th, at 11 and 7. Morning subject, 'Paul's startling question, Did Ye Receive the Holy Ghost When Ye Believed?'

Don't fail to see Miss Helen Starr as leading lady in her play called 'Spies' College Hall Tonight!

The store of Mr. A. W. Bleakney was burglarized on Tuesday night and a considerable quantity of goods taken. The thieves entered through a back window and gained their way to the front shop by making a hole through the panel of a door with an auger and removing the latch.

The entertainment given on Thursday evening of last week under the auspices of the Children's Aid Society was well attended and very enjoyable. The work of the orchestra was very creditable and received favorable comment.

Miss Grace Shaw, left on Tuesday morning for Winnipeg, where it is understood she is to be one of the principals at an early date in an interesting affair, details of which will be given the readers of THE ACADIAN in due time.

The Children's Aid Society.

To the Editor of THE ACADIAN.

DEAR SIR: The grand success of the entertainment given on behalf of the Children's Aid Society last Thursday was most gratifying to all of us who value its most excellent work.

That this was most effectively done by Rev. Mr. Miller in his beautiful and touching address is the opinion of myself and all who were privileged to hear him.

The Society, though assisted by the government, needs all the outside and voluntary help it can get. Every dollar given to it is a dollar invested in the very highest well being of our country, and it will bring sure returns.

Conditions in certain neighboring districts that a few years ago were a scandal to our civilization and where unmentionable vice was not unknown and which were the despair of religious and other workers have, through the operation of this Society, happily and with certain legal power, been considerably improved.

Now that its work has through the kindness of the Give Service Girls and the Boy Scouts been brought so fully before the public by the president, Rev. G. W. Miller, I hope contributions will flow in an ever increasing stream.

Scout Notes. In place of the usual Friday evening meeting the final hockey game for this season will be played at the Rink this evening weather permitting.

CLEVELAND TRACTOR!

The Cleveland Tractor Does More Than Plow!

Your tractor to be of real service and value to you, must do more than simply draw a plow.

It should also be able to do everything else in the preparation of the seed bed—the discing and harrowing, the planting. And it should do these things in a way that will not injure the coming crop.

The Cleveland goes over soft ground because it travels on its own endless tracks which it picks up and lays down as it goes along.

These tracks have about 600 square inches of traction surface, so the pressure on the ground is only about five pounds to the square inch—therefore there is not enough weight on the ground at any one point to inflict damage.

We repeat: The Cleveland Tractor rides on top of the seed bed. It does not sink into it; therefore it does not have to wade or wallow through it. And because it doesn't sink in, it doesn't have to push the dirt in front of it and pack it down in order to navigate.

And because it is not obliged to push the earth in front of it and pack it down, the greatest possible amount of the Cleveland's power is available for accomplishing the work it has to do.

This is one of the reasons why the Cleveland performs so much work on such a small amount of kerosene.

These are but a few of the Cleveland Tractor's many advantages. It is capable of performing almost endless tasks in both tractive and stationary engine work.

The Cleveland does its work. It does it well. It keeps on doing it. It is the tractor that does the work you want a tractor to do, in the way you want it done.

Last but not least a full line of repairs will be carried at Port Williams for the Tractor by County Agent
