A Great Event

In one's life is the discovery of a remedy for some long-standing malady. The poison of Scrofula is in your blood. You inherited it from your ancestors. Will you transmit it to your offspring? In the great majority of cases, both Consumption and Catarrh originate in Scrofula. It is supposed to be the primary source of many other derangements of the body. > Ayer's Sarsaparilla

"For several months I was troubled with scrofulous cruptions over the whole body. My appetite was bad, and my system so prostrated that I was unable to work. After trying several remedies in vain, I resolved to take Ayer's Sarsaparillà, and did so with such good effect that less than one bottle Restored My Health

and strength. The rapidity of the cure astonished me, as I expected the process to be long and tedious."—Frederico Mariz Fernandes, Villa Nova de Gaya, Fortugal.

"For many years I was a sufferer from scorolia, until about three years ago, when I began the use of Ayer's Sarsaparilla, since which the disease has entirely disappeared. A little child of mine, who was troubled with the same complaint, has also been cured by this medicine."—H. Brandt, Avoca, Nebr. 6

A Nationalist Plan.

A proposal, which would obtain favor with even the opponents of Nationalism, contemplates the placing of a sufficient supply for each family of nature's great dyspensia specific and blood purifier, B. B. B., in every home in the land. The benefits of such a boon to the people are incalculable in the first place, as a hair-dressing, in the estimation of the public. Ladies find that this preparation gives a beautiful gloss to the hair, and gentlemen use it to prevent taldness and cure humors in the scalp.

Health. Happiness and Prosperity.

All theso depend on pure blood, for without it health is impossible, and without happiness is impossible, and without happiness is impossible, and without happiness properly is a mockery. No means of obtaining pure blood and removing bad blood excels the use of B. B. B, the best blood purifier k now.
