

RUSSIAN TROOPS HOTLY ATTACKED.

Wholesale Arrests in Warsaw—Police Brutality—The Assassination Programme.

Libau, Russia, Sept. 2.—Last night an organized attack was made upon troops engaged in transporting a number of prisoners away from this district. Desperate fighting followed and a general alarm was sounded by the garrison. Reinforcements arrived, the troops fired indiscriminately into the crowd, killing eight and wounding fifty persons. Among the killed was a mother with a babe at her breast.

Warsaw, Sept. 2.—Over two thousand arrests were made during last night's police sweep of this city. Many complaints have been made by the prisoners of police brutality, including beating the persons arrested with whips.

Moscow, Sept. 2.—The social revolutionists have issued a proclamation claiming credit for the murder of General Min at Peterhof August 26, but denying responsibility for the attempt to kill Premier Stolypin.

VICTIM OF N. Y. SWINDLING CONCERN.

Mr. O. F. Stacy of Bathurst Said to Have Lost Some Money.

New York, Aug. 31.—O. F. Stacy, of the O. F. Stacy Company, Limited, of Bathurst, New Brunswick, is alleged to be one of the biggest victims involved, as reported by police here, in a swindling scheme known as the Boston and Nova Scotia Coal Company, incorporated in Massachusetts and floated with a capital stock of one hundred and fifty thousand dollars at ten dollars a share, but which had no tangible properties. S. P. Kelsey, assistant postmaster at Portland, Maine, is reported as another victim. The coal company was the share-selling scheme of the notorious Mrs. Izella Mason Brown, the Halifax adventuress who with Bina Finnegan Veruult has been running here a confident matrimonial "widow" scheme and entrapping avaricious single men with a great show of wealth. Mrs. Mason-Brown's brother George Allen Mason, alias Sir Wallace Montgomery, and half a dozen other aliases, was secretary-treasurer and chief promoter of the scheme, which had luxurious offices at 52 Broadway here. A warrant is out for his arrest, but he is said to be hiding at the home of the father of his wife, with whom he does not live. W. D. Angell, of Odell, who figured as president of the fake concern.

RAILWAY IMPROVEMENTS.

Mr. Emmerson Announces Plans Regarding Intercolonial

St. John, N. B., Sept. 3.—Among the plans of Hon. H. R. R. Emmerson, minister of railways, for improving the Intercolonial Railway, and which will be of special interest to St. John, are the double tracking of the road eastwards from this city, which is to be commenced next spring, and the proposal to establish a frequent service of steam motor cars to give increased traffic to and from St. John. Speaking yesterday Mr. Emmerson said both these important improvements would be started next spring. With regard to the double track, it would necessarily take some time, but he hoped to see the rails as far as Rossey, even if Hampton could not be reached during the first year. The motor car service would not be dependent on the progress made in the double-tracking, but would be put in operation as early as possible.

AUSTRALIA CUTS OUT CANADIAN PREFERENCE.

Ottawa, Aug. 31.—In a cable despatch to the Trade and Commerce Department today, J. S. Larke, the Canadian Commercial Agent at Sydney, says the Australian Government has introduced a measure providing for a tariff preference to Great Britain and New Zealand. The duties are increased on Canadian bacon, butter, cheese, grain, onions, potatoes and timber.

WARM WEATHER HURT THE CROPS.

Potatoes Greatly Damaged and Wheat Crop Has Ripened Too Fast—Fruit Will Be An Average Crop.

Commissioner of Agriculture Faris in speaking of the crops through out the province said that what it had been felt would be one of the best seasons in recent years had been spoiled by the long continued extremely hot and dry weather. Many of the potatoes were literally baked while growing in the ground, and a promising crop was thus greatly damaged.

Had it not been for the excellent weather for haying the hay crop would have been most disastrous. While the crop was light in almost every section of the province, it was of exceptionally good quality in many sections.

The fruit crop is going to be an average one, so far as quantity is concerned, but the yield of the entire province will be found to be of a somewhat inferior quality, owing to the warm dry weather having made the fruit small in size.

The wheat crop had great promise until the hot weather came, but it is now feared that a good deal of it has ripened too fast.

—Fredericton Gleaner.

THE ENTRIES FOR THE RACES AT CHATHAM.

Horse races are to be held at Chatham on Tuesday and Wednesday, Sept. 18 and 19. In all the events there are good entries. In the 2.30 class there are two Moncton horses, Landry's Robert C. and I. C. TRAMPS ON THE WARPATH

Two armed tramps were in the vicinity of Rogersville last week and were terrorizing the people of that section. Deputy Sheriff Irvine went out there Saturday but the tramps had skipped to pastures new.

NELSON LOSES FIGHT ON FOUL.

Struck Gans Below Belt in Forty-Second Round. Referee Siler Awarded Gans Decision.

Goldfield, Nev., Sept. 3.—"Battling" Nelson lost today's fight by fouling Joe Gans in forty-second round of the best and longest fight seen in many years. Both men were tried when the fight ended, but Gans was apparently the stronger. He was away ahead on points and smashed and cut Nelson throughout the fight without being severely hurt himself. Shortly after the forty-second round began the men were in their usual clinch. Nelson had his head on Gans' shoulder and his arm down. Several times he hit Gans below the belt, apparently feeling for a vital spot. At last he drew back his right arm and hit Gans a vicious blow square in the groin. The colored boy sank to his knees and rolled over on his back. The referee, Siler, without hesitation, ordered Nelson to his corner and awarded the fight to Gans on a foul.

Siler's decision received almost unanimous approval. The foul was so obvious that not even men who had bet on Nelson could say that it had not been committed. All through the long contest Nelson had employed rough tactics. He repeatedly butted Gans and had to have his head hauled away by the referee. Siler was loudly cheered as he let the ring, as was Gans, who was carried to his dressing room. Nelson and his seconds were hissed as they departed.

TERRIBLE ACCIDENT AT STELLARTON.

Four Young Lads Light Match in Deserted Mine While Looking for a Baseball.

EXPLOSION ENSUED.

Stellarton, N. S., Sept. 3.—A terrible accident occurred here this afternoon, in which four boys between the ages of 12 and 16 years lost their lives. The lads who were killed were the two sons of Neil Gunn, a son of Joseph Frey and a son of Neil Patterson. The latter was playing ball near what is known as the English Slope, at the west end of the town near the Episcopal church, when the ball entered the slope and they went in search of it. After entering one of the boys lighted a match which ignited the gas in the mine which has not been worked for a number of years, having been abandoned, and a terrific explosion ensued, which could be heard distinctly throughout the town. Frey was hurled nearly 400 feet, falling in the picnic grounds beside the high school, while one of the Gunn boys was thrown over the top of a grove of trees some distance away and his body terribly mangled. Patterson and the other Gunn lad were still alive when found, but died shortly afterwards. When Kornett, who began to ascend when he heard them talk of lighting a match, sustained a broken arm and severe bruises. The bodies were brought to McQuarrie's undertaking rooms, here they were prepared for burial.

DARING ROBBERY OF GOLD NUGGETS.

London, Aug. 30.—A daring robbery was committed this morning at the office of the Orient-Pacific Steamship Co., in Trafalgar Square. Two gold nuggets, the finest specimens discovered on the Mother Shipton reef, Australia, were stolen. One of them weighed 26 pounds and was valued at \$6,250, and the other was worth \$750.

They were the property of the government of New South Wales, and were brought to England last year for exhibition purposes. Four thieves smashed the glass of the show window in which the nuggets lay, just after the policeman on the beat had passed, secured the booty and ran away.

Isaac Pitmans'

Short Course in Shorthand, just published after three years preparation, "Revolutionizes the Teaching of Shorthand." Only forty (40) lessons.

Words and sentences in first lesson. Briefer letters in seventh lesson. Our students are delighted with it and are making great progress. Send for our 1906 Catalogue.

COD LIVER OIL and IRON

Add PHOSPHORUS and you have FERROL

For many years it has been recognized by physicians everywhere that Cod Liver Oil and Iron should be given in combination if possible, as where one is required the other is in all probability needed, too, each enhancing the value of the other.

Strange to say, although many attempts have been made, no one ever succeeded in combining the oil and iron until, recently, a Canadian physician, after some years of study and experiment, managed to solve the problem. He then added just a little phosphorus; the result is

FERROL

which contains in an elegant, palatable and easily digested emulsion Cod Liver Oil, Iron and Phosphorus, the exact constituents necessary to **Increase the Weight, Enrich the Blood and Build up the System.**

No argument is needed to prove the value of such a preparation in the treatment of Bronchitis and Pulmonary Diseases, Scrofula, Rickets, Anæmia and wasting diseases of any kind.

For Croup, Whooping Cough and Chronic Coughs and Colds Ferrol is an absolute specific.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.

Public Auction

I will offer by Public Auction on
Saturday September 8th,
at 11 a. m.
