

A DREADFUL EARTHQUAKE IN JAPAN.

The schooner Page, which recently arrived at San Francisco, California, from Japan, brought intelligence that the city of Jeddo, in Japan, was destroyed by an earthquake on the 11th of November, 1855, and that one hundred thousand houses were demolished, and that thirty thousand human beings were buried beneath the ruins.

The buildings of Jeddo are chiefly of one story, and constructed of very light material. The temples of worship, however, are lofty, and in some instances are constructed of heavy masonry.

According to the best authorities, Jeddo, the capital, had a population of one million. The entire empire of Japan is 600 miles long and 100 miles wide, and is composed of islands. The total population is estimated at 30,000,000.

The destruction, if to the extent reported, is almost without a parallel. The city of Catania was destroyed in 1693, in a moment, and 18,000 people perished in the ruins.

In 1746 Callao was totally, and Lima partially, destroyed by an earthquake; and there have been more modern ones of great magnitude, but nothing approaching this at Jeddo.

HEROIC INDUCTION OF THE CHAPLAIN TO THE FORCES.

A great heroism took place recently at Malta, by the Rev. Mr. Robinson, chaplain to the forces. A Mr. and Mrs. Evans, with their son, a fine boy about eight years old, were crossing in a boat from Upper Egypt, were crossing in a boat from Upper Egypt, when the little fellow, in endeavouring to catch hold of a piece of stick, overbalanced himself, and instantly sunk before the eye of his parents.

COLOURING BUTTER WITH CARROTS.

Some who practice this, commend it, as not only improving the appearance of the butter; but the flavour and quality. The following is the process:—To cream for five pounds of butter take a good sized orange carrot, wash clean and grate off the deepest coloured portion, pour a tea-cupful of warm water to it, let it stand a short time, then strain through a cloth, and add to the cream just before churning.

AUSTRIA AND THE UNITED STATES.—The relations between Austria and the United States have greatly improved of late, and an Austro-American Company has been formed at Vienna, the principal aim of which is to open a direct trade between the two countries.

ABOLITION OF DEATH PUNISHMENT FOR CHANGE OF RELIGION IN TURKEY.—In a letter, dated 18th of February, received from the Rev. R. Knig, the Jewish missionary of the Free Church at Constantinople, the writer states, that two days previous, the Dutch Ambassador had informed him that the Turkish government had actually passed a law which would allow Mahomedans to profess Christianity without being liable to capital punishment.

A UNIVERSAL LANGUAGE.—A Naples letter says—I have promised to invite your attention to a universal language invented by Sig. Valle and his brother, after fifteen years, devoted application to the subject. The peculiarity of it is this, that only seven letters are used, being consonants. Three of these are sufficient to describe any radical sound.

FRAUDS OF THE LATE JOHN SADDLER.—Every day is bringing out more distinctly the terrible character of the calamity which has befallen the south of Ireland in the failure of that gigantic fraud, the Tipperary Joint-Stock Bank. The savings of an immense number of persons of small means were deposited in the bank, and the blow is the heavier, owing to its having been inflicted on a country which was just beginning to raise its depressed head from the ruin and misery caused by famine and pestilence.

THE POPE AND QUEEN OF SPAIN'S PRESENT.—The following passage is extracted from a letter which has just been received in Paris from Madrid:—"We learned yesterday, at Madrid with considerable astonishment, that the Pope had just sold, at the Church of St. Peter's, at Rome for the sum of \$80,000, the magnificent tiara which Queen Isabella presented to him last spring."

SWALLOWING NEEDLES.—Dr. Fearing of Nantucket, Massachusetts, has taken from the stomach, abdomen, and left side of a patient, named Jane James, sixty-two needles, and more remain. The patient, some years ago, was deranged in mind, and fancied herself a pincushion, swallowing all the needles and pins she could lay hands on.

EXTRAORDINARY CURE OF ASTHMA!! OF AN OLD LADY SEVENTY FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston, (Book Store,) Toronto, dated the 9th October, 1854. To Professor Holloway,

Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood; it was quite agony to see her suffer and hear her cough; I have often declared, that I would give all I possessed to have her cured; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her; at all events I resolved to give them a trial, which I did; the result was marvellous: by slow degrees, my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old. I remain, Sir, Your obliged, (Signed) THOMAS WESTON.

REMARKABLE CURE OF DROPSY.

AFTER BEING TAPPED THREE TIMES. Copy of a Letter from Anthony Smith, Esq. Halifax, Nova Scotia, dated the 25th August, 1854. To Professor Holloway,

Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors; having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then, that I thought of trying your Pills, and immediately sent for a quantity and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health. I am, Sir, Yours sincerely (Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!!

Copy of a Letter from William Reeves, of Charlottetown, Prince Edward Island, dated 17th Nov. 1854. To Professor Holloway,

Sir,—I am happy to say, that your Pills have restored me to health after suffering for nine years from the most intense general debility and languor, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so. I remain, Sir, your humble servant, (Signed) WILLIAM REEVES.
