FREDERICTON, NOVEMBER 14, 1891.

THE WINTER PORT. Our people have not lost the interest steamers are withdrawn and New York a country even as remote as Sweden. made the winter port of Canada. It may be that unless the steamship companies are heavily subsidized - very much more heavily than the revenue would To The Editor of The Herald: sanction - that they cannot be induced to make their port of arrival and departure in Canada during the winter months. Neither are we prepared to say that the companies should be induced by large subventions to take up a route which otherwise they would not favor; but we do feel that our conservative friends are placed in a very awkward situation.

by means of public taxation to stimulate would not otherwise flourish. We in the maritime provinces have bled, although list in the above mentioned way, with perhaps not very freely, and have seen some more nonsense, about checking down the results reaped in other parts of the voters' names on the face of the list Canada. Montreal, Toronto and Hamilton have prospered while our cities have declined. Here there was an exportantial declined. Here there was an exportantial declined of the lace of the sense of justice to New Brunswick and Nova Scotia, and its fidelity to the leading article of its faith. If the party's abounding love for our own Canada can be discerned in the present phase of the winter port question we fear we are hopelessly blind. We would have supposed the true and only Canadian party would have on so vital a point as this. To have to to give Canada independent communicaoutside world, and that to stimulate ocean traffic to and from Canada and thereby secure the transit of British mails direct between Canada and England, would mean a tax upon the people of the whole dominion. This must be galling to those they had to grant home rule in Ireland. friends of bounties and high tariffs. This excuse made for not subsidizing these ple of their policy but the application I believe the minutes of the council will too highly commended. the maritime provinces, while adhering to has been no board of valuators appointed Scotia and New Brunswick do not deserve to suffer at the hands of the party

THE BEHRING SEA QUESTION. This is about the only dispute now pending between England and the United | payer feels aggrieved. States, and as it is one which closely concerns British North American interests, it is well that our readers should understand it. The return to Montreal of Sir William Dawson and Sir George Boden Powell, two of the English appointees upon the joint commission to study and report upon the subject, revives public interest in the question. The Americans claim exclusive fishery rights over an area of a hundred To THE EDITOR OF THE HERALD sea miles from the coast of the Behring Sea and base their claim upon the ukase for some one, or say a syndicate, to erect a of the czar Alexander issued in 1821, in grist and saw mill for sawing small lumber, which the Russian emperor asserted ex- planing, etc., somewhere close to governclusive fishery rights for his subjects in ment house, as there is not any good site that sea. nection with the question.

GOTHENBURG LICENSING SYSTEM.

The Gothenburg system of licensing the sale of liquors, has now been in full operation in Sweden since 1874, and its temperance reformers in Great Britain. The British consuls and vice consuls in Sweden have been required by the English government to report upon the working of the system and the reports are almost without exception favorable. The Gothenburg system is the managing of the public house traffic, by a limited liability company who derive no profit from the in the winter port question which they of the community, and who, after the manifested a few years ago when our payment of the interest on invested operation of the citizens of Fredericton the municipal treasury. The municipal to strengthen their hands in what, at the council is the local licensing authority time, was thought to be a critical moment and they grant a monopoly to the local for the maritime provinces of the domin- licensing company. The immediate effect people down by the sea and the crisis was | per head; (2) in the number of convic-

Bluff Versus Business

Sir,-Inasmuch as it has gone broadcast that we blundered in making the check list at the last municipal election, I would politely ask for space to say that our check list was all right. The very fact of the Stanley officials sending back to Miramichi for more check lists that would show up the names of the men who voted, and telling our carrier to forward them within ten days, sounds too ridiculous to repeat. The As Mr. Foster would say the basic prinreject our returns before ten o'clock the clare two candidates elected. Councillor Fullerton came over here before the election and told his way of making a check

So you see, gentlemen, it will be time we are under the impression that that mowritten, in law, and, that the council had just about as much authority to grant it as

If the above mentioned ratepayer has a good case, it would be an easy matter for of the doctrine which specially hurts bear me out in my statement, that there matter at the next session. If Mr. Fullerton persist in his bluff games it will operate to our disadvantage on the tax score, for the way the business stands now there is no board of valuators to apply to, if a rate-
