WITH THE FARMERS

REPLY TO GRAIN GROWERS. Ottawa, Ont., May 11.-The government has not yet definitely considered what action will be taken to meet the request of the western grain groweputation which was here last month to urge government ownership elevators, encouragement to the Pacific grain export route and a new inspection division. Until the sion is over, the minister will not have time to deal thoroughly with the question, but on the question of the inspection regulation, it is understood in %c for May, %c for July and September over Monday's close. Oat the control of the inspection regulation, it is understood in %c for May, %c for July and September over Monday's close. Oat the control of the inspection regulation is the control of the inspection regulation. With regard to taking over the terminal elevators or the erection of an et been decided, and enabling legisation in any case would have to be
