In the Assembly.

The Opposition Score the Government on the Pension Resolutions.

In the House of Assembly yesterday there were many people in the galleries and proceedings were interesting.

The Municipal Bill, Crown Lands, Motor Vehicles, Agricultural and Re-aring Allowances Bills went through all their stages and were sent to the Upper House, as was the Eskimo Deportation Bill.

The matter which principally occupied the attention of the members was the introduction by the Premier of certain Resolutions dealing with the question of Old Age Pensions for the aged poor. When the House went into Committee on the Resolutions the Premier, in introducing them, spoke at great length on the matter, explaining the provision of the scheme of old age pensions, which will entitle the beneficiaries to \$50 per year out of monies provided by the Legislature, the receipt of such not depriving the recipient of any franchise, right or privilege or subject him to any disability. The person must have attained the age of 75 years, must have resided at least 20 years in the Colony, and must be in indigent circumstances to warrant his coming within the provisions of the scheme outlined. The Premier entered into the history of the idea of old age pensions in public or from a legislative standpoint to old age pensions was made in the campaign of 1897 in press and on platform by Mr. Morine, and he (the Premier) traced the progress of the idea down to the present time and promising great things to accrue to the old and infirm from it, though it looks as if many of them will never live to be partakers of the benefits which are promised the old and infirm at some remote period.

Mr. Hon. Sir Robert Bond in replying spoke for over two hours and delivered one of his more than usually eloquent and logical addresses in demonstrating the many defects evident in the measure.

MORRIS'S DOLE

In Place of Old Age Pensions.

We shall publish to-morrow Sir Robert Bond's speech in the House of Assembly yesterday in which he exposed the Government's shameless attempt to float off an increased pauper dole as a substitute for Old Age Pensions. The aged poor will be the first to open to the heartless betrayal of their trust by the Morris Party.

LOOK OUT FOR TO-MORROW'S PAPER.

Jack Johnson Defeated

Finds His Opponent Very Fast.
(From the San Francisco Examiner)

Feb. 19th, 1911.
Jack Johnson, the ebony-tinted enigma of the pugilistic world, is sore troubled as a result of a little argument he had with the E.M.F. "30" which is entered in the coming Oakland road race.

According to the E.M.F. representative, it occurred down below the country line yesterday afternoon, when the E.M.F. with driver Aurand at the wheel, was trying out. Jack was in the neighborhood at the same time, pursuing his favourite pastime—shattering the speed ordinance, in his monster six-cylinder car.

"You sure were travelling a little," remarked Jack, when he saw the E.M.F. team a short time thereafter.

"Yes, jogging along a little," replied Driver Aurand.

"A little" queried Jack. "You don't mean to say that car can go any faster?"

"Let's settle the argument right now," suggested Aurand.

"With my heartiest approval," chuckled the big champion. In another moment the two cars were off, the exhaust from Johnson's car almost smothering the atmosphere.

It was a neck and neck affair for about ten yards, when the E.M.F. leaped ahead of the throbbing six-cylinder machine, and despite the fact that Johnson crowded his racer to its utmost capacity, Aurand rapidly widened the gap that separated the two racers, and when the E.M.F. came to a halt Johnson's car was an indistinguishable object far in the rear.

CANADA'S CHAMPION DANCER

Cured of Piles by Zam-Buk.

Mr. Thomas J. Hogan, Champion Clog and Pedestal Dancer of Canada, who resides at 59 Chambord St., Montreal, writes: "It gives me much pleasure to let you know my opinion of your wonderful Zam-Buk. For some time past I have been troubled with piles, but this year I suffered so much that I was obliged to cancel a number of engagements. I tried all the so-called remedies that were recommended, but they seemed to do me no good. Having been advised to try Zam-Buk I purchased a box, and after applying it a few times I felt marked relief. I continued with the Zam-Buk treatment, and the relief was extended into a permanent cure. I gladly permit you to use my experience as an illustration of the great value of Zam-Buk for piles."

Another illustration of how Zam-Buk cures long-standing cases of piles is provided by Mr. William Kenty, of Upper Nine Mile River, Hants Co., N. S. He says: "I suffered terribly from piles, the pain at times being almost unbearable. Zam-Buk was recommended to me so I procured a supply and commenced with the treatment. After a very short time Zam-Buk effected a complete cure."

Zam-Buk is also a cure for ulcers, abscesses, eczema, cold sores, chapped hands, varicose ulcers, rashes, blood-poison, ringworm, cuts, burns, bruises, children's abrasions, tetter, salt rheum, etc. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., St. John's, Nfld., for price. Zam-Buk Soap, which may be had from any druggist at 25c. per tablet, should be used instead of ordinary soap in all cases of eruptions and skin diseases.

Daughter of Bishop Guilty of Fraud.

Mrs. Elizabeth Horn, Uncrowned Queen of Madagascar, Assessed \$17,500 for Misrepresentations.

London, March 3.—Mrs. Elizabeth Horn, the well known spiritualist and preacher of the ancient theory that the earth is flat was assessed \$17,500 damages in the King's Bench Division of the High Court of Justice yesterday for fraudulent representations regarding alleged concessions in Madagascar.

According to the allegations Mrs. Horn's victims were many. She collected in the neighbourhood of \$150,000 on the pretence that she had a concession in Madagascar that would yield gold and diamonds to the value of \$500,000. The prosecutor in the present case is the owner of a lively stable in a suburban town. He was so impressed with the stories told by the defendant that he regarded her as the "Uncrowned Queen of Madagascar." It is expected that other suits will be pressed.

Mrs. Horn is about 64 years of age and the daughter of the late Dr. Cowie, Bishop of Auckland, N. Z. Her operations attracted attention four years ago when steps taken to organize the "Secret Syndicate" which was to develop her properties. At the time some inquiries were made but the authorities were not able to establish that fraud had been committed.

Theatre Abandoned.

New York Playhouse Has Proven Financial Failure.

New York, March 3.—The "New Theatre," founded by wealthy New Yorkers for the artistic production of the best drama, has proved so heavy a drain on the resources of its backers that the enterprise is to be partially abandoned, according to announcement here. The losses during the two seasons since it was opened have totalled more than \$40,000. The building in which the institution is housed will be used for other purposes in the years to come. Like Carnegie Hall, it will be let out to whoever wants to use it.

The size of the theatre has operated against its success from the first. It has been almost impossible to fill so large a house, and the running expenses have been enormous.

B. I. S. PLAY.—The B. I. S. Dramatic Co. are staging the "Rose of Kenmare" for St. Patrick's Night at their hall. Mr. J. L. Slattery will sing a new song that he brought from New York, "Ireland a Nation Once Again."

"There's a Reason"

Steamers in the Seals.

Two Hundred Seals Taken at Byron Island.

Last night the firm of Bowring Bros. had the following wire from House Harbor, off Magdalen Islands, from Emile Delaney, the operator:—

"Viking, Southern Cross, at Gross Island report Kite and Labrador jammed east of the Bird Rocks, and Harlaw jammed in vicinity of Byron Island. Couple of hundred seals landed at Byron Island to-day."

This morning the firm had the following message from the operator at Byron Island:—

"Viking, Southern Cross and Harlaw here, Labrador in sight off Bird Rocks; seals all round the Island."

As we stated yesterday this is the cheerful news that should be looked for to-day and it seems to indicate that the whole Gulf fleet will return with good fares of seals. All the steamers seem to be in the fat, and if the main patch is near Byron Island, which seems probable, good trips must result. Striking the seals so early is of great advantage to the ships as gives them till the latter part of March to kill before the seals take to the water. A comparatively early arrival from the Gulf should occur this year.

Two Excellent Lectures

Last night Mr. Walter Edgar lectured in the Masonic Temple before a large gathering of the Brethren, of the "Mystic Tie" and for over an hour dealt with the progress and spread of Masonry throughout the world. His fluent discourse was filled with interesting facts connected with the organization and he certainly made a name for himself as a platform speaker. D.G.M., J. A. Cliff, presided, and a very handsome sum was collected in aid of the Tasker Educational Fund.

Rev. Dr. Kitchen lectured in the British Hall last night, taking as his subject, Napoleon Bonaparte, a subject which he showed himself to be very conversant and necessarily so from his lengthy residence as a student in both France and Belgium. He traced the life and works of this great military captain, in a manner which held the interest of his audience and a hearty vote of thanks was accorded him at the conclusion. Hon. John Harvey presided and introduced the Rev. lecturer.

POLICE COURT NEWS.

To-day a drunk was discharged. An assault case in which a man entered the house of another resident and assaulted and beat an old man and his son was heard to-day. The defendant in the case, however, was not allowed to go scott free as he was hit with a cup and a bottle and was cut about the head. The case was dismissed, but as the old gentleman professed to be in bodily fear of defendant he was bound over to keep the peace towards him.

A man summoned the owner of a vicious dog for biting a piece from his clothing, recently, and the matter was settled out of court, the owner of the canine paying the damage.

A Charity Match Projected.

We understand that a movement is on foot to have a hockey match between the Crescent and St. Bon's teams to get funds to supply coats to the poor. This would prove a very interesting match as Jack McGrath would play with St. Bon's and they should put up a good fight with the champions. Coal is badly needed by many poor families and the teams would be doing a most charitable act if they would play for such a purpose. They should do so while the ice is good.

Personal.

Mr. W. Ashbourne will leave for New York on a business trip. He will be accompanied by Mrs. Ashbourne whose health is not good.

The S. S. Durango arrived at Halifax yesterday at noon. She was three days on the trip from St. John's. Mr. R. H. Trappell will leave by the S. S. Rosalind to-day en route to England where he goes to purchase new optical machinery to enable him to meet the growing demands of his optical department.

STILL BLOCKED.—Portugal Cove and all the south shore from Topsail to Cape St. Francis is still blocked with ice. The little steamers did not get over to-day, the Euphrates and Progress being still jammed.

Worst Case Of Eczema

Cure only came when doctors gave up and DR. CHASE'S OINTMENT was used.

Mrs. Wm. Miller, St. Catharines, Ont., writes:—"My daughter Mary, when six months old, contracted eczema and for three years the disease baffled all treatment. Her case was one of the worst that had ever come under my notice, and she apparently suffered what no pen could ever describe. I had three different doctors attend her all to no purpose. Finally I decided to try Dr. Chase's Ointment and to my surprise she immediately began to improve and was completely cured of that long standing disease. That was four years ago when we lived at Cornwall, Ont., and as not a symptom has shown itself since, the cure must be permanent."

The record of cures which Dr. Chase's Ointment has to its credit have placed it alone as the standard cure for eczema and all forms of itching skin disease. Do not be satisfied with imitations or substitutes, 60 cents a box at all dealers or Edmanston, Bates & Co., Toronto.
