If Constipated or Bilious--Cascarets.

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Get a 10-cent box. Take a Cascaret to-night to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days without salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret to-night will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head a cheerfulness for months. Don't forget the children.

Harbour Grace Notes.

Last night's downpour of rain took away quite a lot of snow and ice, and to-day the welcome sight of the wheels were again to be witnessed.

Mr. George Lee Whiting left for St. John's by this morning's train where he will join the S. S. Newfoundland and proceed to the ice in her in the capacity of fireman.

Mr. Edward Parsons, M. H. A., returned from St. John's on Saturday evening to spend Sunday with his family. He left for the city again on Monday morning.

Mrs. Henry Gosse passed away yesterday at the residence of her son-in-law, Mr. George T. Gordon, after a long illness.

Miss Mary Cole, aged 24 years, died on Saturday and was buried in the C. of E. Cemetery yesterday.

Would the person who picked up a large key on Victoria Street, Harbour Grace, some time ago, please communicate with your correspondent who will tell them the name of the owner.

Mr. A. Rogers, who had been to St. John's a few days on business returned yesterday afternoon.

CORRESPONDENT.
Harbour Grace, March 3, 1914.

Hammond is Champion.

Hammond defeated Roberts in the wrestling match at the C.L.B. Armory last night and thus won the feather-weight championship of Newfoundland. The bout was an exciting one and was witnessed by a large number of spectators. Before the main contest, A. Hennebury and "Kid" Keats, and the Marshall Brothers gave interesting exhibitions which resulted in draws, no falls being secured. The gold medal offered for the feather-weight championship goes to Hammond, who has been challenged by R. Marshall. Mr. S. Cullen acted as referee.

HEALTHY AND UNHEALTHY LIGHTING.

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not vitiate, nor does it purify. Hear what three eminent men have said—

Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficient ventilation of air. It is for this amongst other reasons that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises, after experience with the electric light.—Dr. Jameson B. Hurry.

He would merely add that no member who had experience of their meeting room under the old conditions could deny the improvement that had taken place since gas had been substituted for the electric light and the new system of heating and ventilation had been installed.—Dr. Reginald Duffield, before the Society of Medical Officers of Health.

I have in my mind's eye, at the moment, a hall which, in the old days, was lighted by gas, and in which a large audience could, with comfort, sit through an hour's lecture, or with pleasure through a three hours' dinner, but which, with the march of civilization, had its illumination changed from gas to electricity, the latter being applied with all the latest refinements to effect the lighting under the best conditions, with the result that any large gathering within its walls leads to a state little short of asphyxiation.—Victor B. Leveque, Professor of Chemistry at the Royal Naval College, Greenwich.—nov.17

STYRANS ABOVE.—Seven Styrans arrived here by the S. S. Digby yesterday and will in future reside in the city.

Committees.

By GEORGE FITCH.
Author of "At Good Old Swash"

A committee is a cold storage warehouse for business.

There are over ninety million committees in this country of one kind or another. They hold several meetings each per year. At these meetings enough talking is done to sweep the entire state of Texas with a devastating cyclone of carbon dioxide. Sometimes a committee will also do some work but only when there is nothing more to talk about.

Committees are a great convenience. It would be impossible to end any business meeting without appointing a committee, for in this case the meeting would have to do the business itself. After a man has managed a few hundred public meetings, he can't get his furnace banked at night in his home without appointing himself a committee to attend to the matter and report at some future meeting.

There are many kinds of committees, including executive committees, committees of the whole, committees of one, finance committees and standing committees. There are also legislative and congressional committees. The business of these last two committees is to sit on new legislation with all the fervor and patience of a hen trying to hatch a granite door-knob. After a man has served on legislative committees for a few years he can't attend to his furnace at home at all. He refers it to a committee, kills the bill and his wife has to do it.

Committees are composed of two parts—the chairman, who does the work, and the members, who get their names in the newspapers. The committee habit has the nation firmly in its grip and the only way to avoid being appointed on a dozen a year is to attend all possible meetings and refuse in a loud, impressive tone of voice on the plea of important business affairs.

A MODERN INSTANCE.

It was something like a ringworm on his head, or rather at the back of the neck, just below the hair, and seemed inclined to spread. Washing with antiseptic solutions, and the use of common ointments scarcely availed to prevent its getting larger. He was puzzled. Then he saw an advertisement of Zylex and Zylex Soap, and decided to use them. Procuring a box of Zylex and a cake of Zylex Soap he washed the part carefully, and applied the ointment freely. The result was marked almost from the first. In a few days the spot had disappeared, and everything was as well as ever. Now he uses Zylex Soap regularly and keeps a box of Zylex always handy.

Have you such spots? Then use Zylex. You will soon forget that you have had any skin troubles. At all druggists. Zylex, 50c. a box; Zylex Soap, 25c. a cake.—Feb 26, 1914.

Here and There.

Mr. J. Francis, formerly of the Linnet, goes as chief steward of the Neptune this year.

M.L.A. To-night. Debate: "Are the Overseas Dominions absolutely necessary to the Supremacy of Great Britain?" Leaders: Capt. A. Keap and Mr. H. E. Cowan.

LAST NIGHT'S ARRESTS.—Three arrests were made last night, two for ebriation and one for safe keeping. The offenders were up before court to-day.

ICE IN CABOT STRAIT.—The s.s. Bruce, which reached Port aux Basques yesterday morning, reports heavy ice in Cabot Strait. The ship met with the pack shortly after leaving North Sydney, and steamed through it all the way across.

If you want the best Cleaning and Pressing service in the City, bring your clothes to LEO F. GOODELAND, 21 Gower Street, 2 hours east Cochrane Street. Clothes called for and delivered at the shortest possible notice. Personal attention to all work. Jan 27, 1914.

Back Was Lame For Two Years

Stomach Troubles and Weakness of Kidney Cured by Dr. Chase's Kidney-Liver Pills.

There is an enormous amount of suffering from liver and kidney derangements and stomach troubles that could easily be avoided by using Dr. Chase's Kidney-Liver Pills. If you could only realize the scores of everyday ills that arise from a sluggish condition of the kidneys, liver and bowels you would not be long in giving this medicine a trial.

Mrs. Edward Stewart, New Richmond West, Que., writes: "I want to tell you how thankful I am for using your Dr. Chase's Kidney-Liver Pills for stomach troubles and backache caused by weak kidneys. I was unable to wash any clothes for over two years on account of my back being lame. I read the Almanac and began using these pills. Two boxes made a complete cure. I can do my own washing and other work now, and want to say to lady friends that they do not know how much I appreciate Dr. Chase's Kidney-Liver Pills." 25 cents a box, all dealers or Ed. Thomson, Bates & Co., Ltd., Toronto.

Note of Thanks.

Dear Mrs. Tobin—I am instructed by our Committee to tender the Ladies' Committee our very sincere thanks for the services rendered by them at our annual "At Home."

Owing to the very severe and stormy weather which prevailed during the week that the event was held, the work of the Ladies' Committee must have been more than usually arduous, but the success which crowned their efforts, will, in a measure, repay them for their toil.

I am, dear Mrs. Tobin, Yours truly,
E. T. FURLONG,
Sec. C.C.C. Com.

Mrs. Tobin,
Secretary Ladies' Committee,
March 2nd, 1914.—adv. 11.

Narrow Escape From Drowning.

James Aspell, fireman on the s.s. Erik, fell overboard yesterday and narrowly escaped drowning. He was coming ashore from the ship on the plank used as a gangway, when he slipped and fell in the water, his head coming in contact with some ice, which inflicted an ugly wound in his forehead. He was rescued by George Hookey and Detective Sergt. Byrne and taken to the police station, apparently lifeless. Dr. O'Connell was summoned, and for a couple of hours, worked before Aspell showed signs of consciousness, after which he slept for some hours before being sufficiently recovered to proceed to his home on Plymouth Road.

WE KEEP OUR PROMISE AND DO GOOD WORK.—Two very essential points in the Cleaning and Pressing business. We want your trade in this line of our business, as we know we can please you in every particular. SPURRELL BROS., 365 Water Street, Phone 574, next door to Parker and Monroe.—mar.31

We are to have the spreading coat of moire, taffeta or other possible fabric. These coats are to wear with the one-piece dresses.
