### DEMANDS NATIONALIZATION.

GLASGOW, Sept. 10. The resolution, adopted to-day by the Trades Union Congress, rejects the proposed scheme of the Government as "contrary to the best interests of the nation," and as creating "the distinct trustification of the coal industry." Mr. Smilie, in advocating the passage of the resolution, declared that labor's fight for the nationalization of all industries would not cease with the gaining of its demand for state purchase of the coal mines. The desired end would be achieved through "the common realization of the justice of our claims," Mr. Smilie said he knew the hardships that strikes cause, but there were times when it was criminal for labor leaders not to call strikes to enforce justice. The miners, he declared, were really fighting for all organized labor. The highest output was impossible; he insisted, under the present working conditions and the lack of modern machinery and equipment.
