Treble Feature Bill at The Nickel

VAUDEVILLE AND TWO GREAT PICTURE ATTRACTIONS.

The Nickel opens the week by preting a feature programme that can be classed as all-star and all-feature, as it contains two great pictures, viz., "The Woman Outside" with Wanda Hawley and Bebe Daniels in "Nancy From Nowhere."

"The Outside Woman" is a very fascinating story, which teaches hubby a lesson that it's a good plan to lock up your favourite treasures before you start off to work in the morning. Otherwise Wifey may trade 'em off to the junk man before night. And if they happen to be treasures worth thousands of dollars, which you are storing for your best friend, it may

Admirers of Bebe Daniels will get a surprise when they see her at the Nickel to-night in her new picture "Nancy From Nowhere." All the wellknown Daniels mischief and sparkle are subdued and the "good little bad girl" takes on a new character. She is nevertheless very fascinating

Clinton and McNamara conclude their programme this week, and will appear in the pick of their programme of high class vaudeville. All new songs, new jokes and dances.

West India Market.

Exporters are sending larger consignments to the West Inida market than for many years.

Qwing to the poor demand in the European markets the West India fish trade is being exploited to the fullest extent, especially Jamaica and Porto Rico, which Nova Scotia had all to herself the past ten years and that on an outright sale basis. The Nova Scotia trade has now to meet the competition of Newfoundland fish consignments. Four Newfoundland cargoes in sailing vessels went in December to Jamaica and sold at prices satisfactory to the exporters.

We are, however, still at a disadvantage as compared with Canada, as the latter has a preferential tariff with Jamaica. We have to pay four shillings and eightpence per 100 lbs. duty as against the three shillings and sixpence paid by Canada.

This West Inida trade agreement was made in 1920 and the question naturally arises, could we not make some concessions to Jamaica to secure like treatment with Canada for our fish.

In the case of herring, Newfoundland pays two shillings and eightpence as compared with two shillings per 100 lbs. by Canada. In the case of Porto Rico we are still further handicapped, but Canada is in the same boat. By the Fordney Bill of 1922, Newfoundland has to pay \$1.25 per quintal on fish going into this market, whereas, before the United States enacted this measure, our fish went into Porto Rico free.

Canada, in this respect, of course, has no advantage over us, but the new duty is a serious handicap to sales of fish in this market. A committee of the Board of Trade

has drafted a report on the subject and sent it to the Prime Minister with a view to opening up negotiations to have our codfish and herring going to Jamaica placed on a par with Canadian fish products.-Trade
