**Troubled With
Backache For
Years.**
Now Completely
Cured by the Use of
Doan's Kidney Pills.

Thousands of women suffer untold misery every day with aching backs that really have no business to ache.

Backache is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney troubles.

Doan's Kidney Pills will cure you in the same way they have cured thousands of others, and they cure to stay cured.

Mrs. W. C. Doerr, 13 Brighton St., London, Ont., writes:—"It is with pleasure that I thank you for the good your Doan's Kidney Pills have done me. Many thanks."

There is no specific cure for the disease today, any more than a century ago. Good nourishment and plenty of fresh air were among the best things, and the place where a great deal could be done was the kitchen.

Good fresh air was also a necessity, and proper ventilation of living rooms should be seen to, especially the bedroom.

The mayor thanked the doctor for his address in a few words.

Dr. Porter is an old, well-known

cattle, are really the only animals from which there is danger of catching the disease. The meat may have the germ and if it is not properly cooked there is great danger of infection. The danger of infection from the milk was still greater, however, and children were very liable to infection. He said that he favored the pasteurization of all milk, and especially that given to children. This killed the germs.

If a consumptive coughed in the presence of another person frequently there

"I was troubled with backache for years. Nothing helped me until a friend brought me a box of your Kidney Pills. I began to take them and took four boxes, and am glad to say that I am cured entirely and can do all my own work and feel as good as I used to before taken ill. I am positive Doan's Kidney Pills are all you claim them to be, and I advise all kidney sufferers to give them a fair trial."

MAY HAVE BRUSHED
TAIL OF HALLEY'S COMET

The Sky Was Blood Red and
There Was Great
Alarm

Halifax, N. S., May 24.—Captains of vessels arriving in North Sydney from the southern sections of Newfoundland report an atmospherical phenomena on Wednesday last, the day the comet was supposed to pass between the earth and the sun. At Harbor La Cou there was a shower of a substance closely resembling sulphur, which covered the entire neighborhood to a depth of

about a quarter of an inch. The sky became blood red and many of the inhabitants were greatly alarmed.

Captain Mouton of the steamer Victoria, which arrived at the same port today, from Burin, a village about 200 miles east of H. N. La Cofé, reports that at that place there was a heavy snowfall followed by a shower of fine rain or some similar substance. Clothing hung out on the lines had to be taken in and rewashed. At both places the showers lasted about 15 minutes. A similar occurrence is said to have taken place at Burin three-quarters of a century ago, when Haley's comet was last seen here.

The only bad habit a man can give up is if he doesn't like to do it.

CAMROSE

Like the hero of Charles Dickens' novel, we had "Great Expectations," when on Monday last we placed

KENSINGTON

on the market. We did not imagine the demand would be so great, however, although we felt that we were giving the public the opportunity to get in on the ground floor in Camrose, at a figure which would yield several hundred per cent. interest within the next two years. By Thursday night (the 19th inst.) we had disposed of one half of KENSINGTON, a proof of the discernment of the investing public of Calgary.

Kensington is not only the opportunity of a life time. It is the greatest opportunity in history. The lots in the choice subdivision of KENSINGTON are situated in one of the prettiest places possible, and the fact that some of Calgary's most conservative business men have purchased lots should be sufficient to convince the most sceptical.

Prices remain at the present figure for the next week---\$75.00 each, \$10.00 down and \$5.00 a month at the offices of :
