

Headache

Biliousness, sour stomach, constipation and all liver ills are cured by
Hood's Pills
 The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

AROUND THE CITY.

From Yesterday's Last Edition.

—Frank Cooper is in Hamilton attending a photographers' convention.
 —Mr. Wm. Gurney, of the C. P. R. down town ticket office, left this morning for a trip to New York and Buffalo.
 —Mr. Ed. J. O'Neill, of Guelph, formerly of this city, is in the city visiting relatives for a few days.
 —A carcass of beef was seized and destroyed in London South this morning by order of the medical health officer.
 —The Bisley team, which sails on June 22 from Montreal by the *Tunisian*, has been chosen. Among the waiting men is Lieut. T. J. Murphy, of the 7th Regiment.

—Mrs. James Stone desires to return her sincere thanks to the ladies and to the undertaker for their sympathy and kindness extended to her in her recent bereavement.

—A meeting of the London Old Boys Club will be held in the *Tunisian* House on Friday night, when arrangements will be made for the holding of the Old Boys' annual excursion to London during August.

—The regular weekly meeting of the Froebel Society was well attended Tuesday afternoon, when the reports of the International Kindergarten Union convention, held in Chicago, at Eastern, were received. The delegates, Misses Jean Laidlaw, Brenton and Pope, gave very interesting and profitable accounts of the various phases of the convention, and the society felt almost as much interested and enthusiastic in listening to the reports as if they had visited the Windy City themselves.

—Mr. W. Philip has been engaged by the band committee of the 26th Regiment to organize a band for their regiment while in camp. Several first-class musicians have expressed their willingness to join the organization, and no doubt the band will continue as the Twenty-Sixth Band during the season. At last year's brigade camp, Mr. Philip was honored with the position of brigade bandmaster, and filled that position to the satisfaction of the bands and officers.

—The tickets for the testimonial concert to Mr. H. H. McLeod, on Monday night, at the Auditorium. The programme promises to be an exceptional one. Some excellent numbers, new to London audiences, will be rendered, notably, the tenor song, "Onaway, Awake, Beloved," which will be sung by Mr. J. C. Lockhart, from the cantata of "Hiawatha's Wedding Feast," by S. Coleridge Taylor, the colored composer, born in Africa, who ranks very high in the musical world. The music throughout is so exacting and subordinate to Longfellow's metre, and at the same time so spontaneous, that it is wonderful how much grace of composition is concealed, as it were, under the pure flowing melody.

ANOTHER SMALLPOX CASE.
 Another case of smallpox was taken to the isolation hospital this morning.

OUR FRIENDLY NEIGHBORS (3).
 Some few days ago Mr. W. Philip received a communication from the business manager of the Crystal Beach pleasure resort, situated on the shores of Lake Erie, asking him upon what terms he would furnish a band for the season to play on boat, give concerts on beach and make several parades weekly in Buffalo, with the latter city as headquarters. Some correspondence passed between the manager and Mr. Philip. This morning Mr. Philip received a note saying that on account of the alien labor law and the hostile attitude of the Musical Union in Buffalo they could not employ an outside band this season.

VAGRANT HORSES.

A resident of the neighborhood says it seems that the people around Mount Pleasant Cemetery have to put up with the same nuisance this year that they have put up with heretofore—that is, of horses running at large. "The people who allow this may be Christians, but seem to be unaware that conformity to the law of the land is just as necessary in such matters as other things. There is a law which forbids horses and cattle from running at large, and because it is not enforced it is overlooked. People who obey the law of the land only when compelled to do so are not very loyal and not worthy of the name of good citizens. Cattle were allowed to run at large in former years, but so far this year this hasn't been done; possibly when the grass gets better, they will be seen in front of people's residences. There is a law in this township to prohibit horses and cattle from running at large, and if the county constables will only take a walk around this district once in a while, if the nuisance is not abated, they will secure many more jobs. As it is, people cannot leave their gates open, but these horses get in, doing all sorts of damage. There is a law to compel these parties to keep their stock off the road, but there is no law to compel a person to keep a gate constantly closed to keep these lawbreakers out."

WM. DOEG FREE

The Sundridge Farmer Who Was Wrongly Imprisoned for Four Years Is Again at Liberty.

Sundridge, Ont., May 13.—Special.—Since he has been liberated, Wm. Doeg, of the Strong township farmer, spends much of his time telling his friends and acquaintances of his remarkable case. He says that it is impossible to reach them all, he has had the following statement inserted in the Sundridge Echo:

"For four years I suffered torture. I had scarcely an hour free from pain. My back ached so badly I could not lie down. I had to sit night and day in a chair. I could not leave my house, for when the pain shifted to my knees, I could not walk."

"Several doctors tried to cure my rheumatism, and I took a great many medicines, but no relief."
 "Dodd's Kidney Pills cured me."
 "It is now six months since I felt a pain. Dodd's Kidney Pills have made a new man of me."

TRY THE FOLLOWING as an appetizer and general tonic before eating: One-quarter wineglass of Angostura Bitters; fill glass with water and cracked ice, and add a heaping teaspoonful of powdered sugar. Stir briskly before serving.

WORKING FOR PUBLIC GOOD**Annual Meeting of the National Council of Women in Progress.****Delegates Present From Atlantic to Pacific—Something About the Clever Women at the Head of the Organization—Friday's Programme.**

At all times the atmosphere of the hall of the Young Men's Christian Association breathes a welcome to visitors, but never more than it did yesterday, when the women of the National Council, from Vancouver to Halifax, assembled there to transact their annual business. The attendance at the opening prayer meeting and the first sessions fairly surprised the local reception committee, and with such an assurance of the delegates' desire to enter immediately and energetically into their work, there can be no doubt of splendid results being achieved at the convention.

FORENOON'S WORK.

A very important feature of the work occupied the forenoon, when the standing committees met, and prepared reports to be submitted to the council as a whole. Each committee has a convener, whose duty it is to receive reports of correspondents scattered throughout the Dominion, and to embody the results of their investigations in a report. These were placed before the standing committee yesterday, and were amended or approved, and today will be submitted to all the delegates.

The conveners are:
 Committee on laws for the better protection of women and children, Mrs. Edwards, Montreal.
 Committee on the custodial care of feeble-minded women, Mrs. Evans, Hamilton.

Committee on care of the aged and infirm poor, Mrs. Cummings, Toronto.
 Committee on pernicious literature, Mrs. Gordon, Charlottetown, P.E.I.

Committee on immigration of women for domestic service, Mrs. Cox, Toronto.
 Committee on raising of loan for Doukhobor home industries, Mrs. Fitzgibbon, Toronto.

Committee on bureau of information, Miss Wilson, Toronto.
 Committee on press, Mrs. Cummings, Toronto.

Friday's Programme.

FORENOON—BUSINESS MEETING OF COUNCIL, 10 A.M. TO 1 P.M.

Silent prayer.
 Roll call.
 Address of welcome from the London Local Council.

Reply to address of welcome by Mrs. Gibbs, Port Arthur.
 Announcement of arrangements made by the London hospitality committee.

Roll call of federated associations.
 Minutes of preceding meeting of council.

Correspondence.
 Appointment of returning officers and of the auditing committee.

President's address.
 Annual report of corresponding secretary.

Annual financial statement of treasurer.
 Appointment of auditor for coming year.

Reports of provincial vice-presidents.
 Reports of standing committees.
 Election of officers.

Any business or agenda not finished at this session will be taken up on Tuesday morning.

AFTERNOON.
 Victorian Order of Nurses, 2 to 3 p.m.

Women's historical societies, 3 to 5 p.m., under management of Miss Fitzgibbon, Toronto.

EVENING—PUBLIC MEETING.
 P.M.—COLLEGIATE INSTITUTE.

Address, on disinfection and inspection of home-made clothing, by Dr. Bryce, secretary provincial board of health for Ontario.

Addresses on efforts to check the spread of consumption, by Dr. Sheard, city health officer, Toronto; Dr. Campbell, principal medical examiner, London; Dr. Niven, London, and others.

Addresses on the hygiene of childhood in reference to the prevention of tuberculosis, by Mrs. Mackenzie Cleland, M.D., Victoria, B. C.

Officers of the Council.

The National Council of Women has, since its organization, been fortunate in possessing as its officers the most able and clever women in Canada.

What these zealous women have done toward making it the power for good which it is, can perhaps best be estimated from the testimony of the London, who lent such a willing hand to its organization, and who was its first president. Writing of the work of the council, she says:

"One great reason for the progress of the council lies in the character, ability, earnestness and wise judgment of the women who have acted as officers of both the national and local councils. In my capacity of first president of the council, I can speak from personal knowledge and experience, there is a movement more blessed in its pioneers, nor a president more loyal and efficiently supported by her colleagues."

LADY TAYLOR.
 Lady Taylor, president of the council, who will deliver her address at tomorrow morning's session of the annual conference, is a woman whose work in the field of charitable enterprise has attracted notice throughout America. Lady Taylor has been particularly active in promoting the comfort of settlers in the Canadian west. She was elected the first president of the Aberdeen Association, formed by the ladies of Win-

nipeg, for the distribution of newspapers, magazines and other literature to the settlers of Manitoba and the Northwest Territories.

Lady Taylor has a very talented son, Thomas Wardlaw Taylor, jun., M.A., barrister and Fellow of the School of Philosophy, Cornell University.

Lady Taylor was elected president of the National Council of Women in succession to the Countess of Aberdeen, who held the office from the time of its organization in 1893 to 1899.

LADY THOMPSON.
 Lady Thompson, who was elected with Lady Laurier vice-president of the council, has since her removal from Ottawa to Toronto, devoted much of her time to charitable work. She is well known throughout the Dominion through her connection with various movements looking toward the relief of the poor and social reform.

MRS. HOODLESS.
 Mrs. Hoodless, Eastcourt, Hamilton, who is the treasurer of the council, is best known in Ontario through her association with the crusade for the introduction of domestic science in the public schools. Mrs. Hoodless is a clear and forcible speaker, and is without a doubt the best informed woman in Canada on the subject of domestic science in relation to the public schools.

MRS. CUMMINGS.
 Mrs. Willoughby Cummings, the recording secretary, is one of the many women of Canada who has achieved success in journalism. Mrs. Cummings, whose pen name is Sama, is a member of the editorial staff of the Toronto Globe, but much of her best work has been published elsewhere. Mrs. Cummings was special correspondent for the Globe at the Chicago Women's Fair, made an extended tour through the Indian reserves of the west, and wrote a series of articles on "Our Indian Wards." She is the Ontario member of the Society of Women Journalists. Mrs. Cummings is deeply interested in the many social reform movements projected by the Council of Women.

MISS WILSON.
 Miss Teresa F. Wilson, the corresponding secretary, is practically world-famed for her work in connection with women's societies. For twelve years she was Lady Aberdeen's private secretary, and was necessarily very closely concerned with all the organizations with which Lady Aberdeen's name was associated. She was particularly active in the work of the Canadian Women's Bureau, and was the former mistress of Rideau Hall was president of the International Council, she deputized Miss Wilson to visit visiting councils in European countries, and to organize new ones, a task so thoroughly and successfully executed that she was immediately placed in the ranks of the able women workers. Miss Wilson came to Canada with Lady Aberdeen, and she has been corresponding secretary of the National Council for two years. Her family lives in British Columbia.

MRS. BOOMER.
 Of the nine provincial vice-presidents of the council, Mrs. C. A. Boomer, of this city, vice-president for Ontario, is perhaps the best known. Mrs. Boomer was one of the forty members of the council who were present and took part in the debates of the International Congress of Women in Old London in 1899; and who, by their marked ability, gave the Canadian cause a standing with its sister councils of the world which it could not otherwise have possessed.

HAVE FORTY-THREE DESCENDANTS ALIVE.
 Mr. and Mrs. George Deacon, South London, Celebrate 62nd Wedding Anniversary.

Mr. and Mrs. George Deacon, of Garfield avenue, South London, celebrated the 62nd anniversary of their wedding on May 12.

Mr. and Mrs. Deacon had fourteen children, nine of whom are living; 32 grandchildren, 25 of whom are still alive, and 11 great grandchildren, 9 of whom are living.

The youngest member of the family is two weeks old and the eldest 61 years old.

NOT WANTED HERE
 Local Police Know This Confidence Man, But Have No Charge Against Him.

The Hamilton correspondent of the Toronto World says:

Eddie Mines, alias Harry White, one of the greatest confidence men in America, is in the city. He and a pal, who is unknown, are registered at one of the most prominent hotels in this city. Mines, who is about 40 years of age and weighs about 200 pounds, has a very bad record, and has been marked in most of the large United States cities. Mines, for some weeks, has been working trains between Toronto and Buffalo, it is alleged, and has been making a gold mine floundering passengers.

He is wanted in London and Toronto. The local authorities say that Mines is not wanted here at present, but he is well known to the department here as an old and particularly smooth "con" man. His photograph adorns the local rogue's gallery.

HARD AND SOFT CORNS cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

LACE CORSETS

We've just the greatest kind of value in Summer Corsets—a perfect beauty in fit—the most graceful in its lines and most comfortable erect form ever produced. Special sale price

This corset is made from real cable cord netting, very handsomely trimmed, boned throughout, non-corrosive steel, and it's no idle boast when we say worth \$1, now selling for 50c. The quantity is limited. Get your size early. Money back if not satisfactory.

Bayley's**FUNERAL OF LATE E. N. HUNT.**

Respected Citizen Laid to Rest in Mount Pleasant.

The funeral of the late Edwin N. Hunt, the well-known art goods dealer, took place yesterday from his late residence, 356 Dundas street. The large attendance of citizens testified to the high esteem in which Mr. Hunt was held in this city. Many members were present from the I. O. F. and the Royal Arcanum, to which societies Mr. Hunt belonged, while the city council and other municipal bodies were well represented. Relatives and friends from Deon (Ohio), Brantford, Hamilton, Toronto, Galt and Preston were present. The floral offerings were numerous and very beautiful, especially those from the Retail Merchants' Association, of which Mr. Hunt was president, and the employees of the store. Services were conducted at the home 2:30, by Rev. Dr. Smith and Rev. Dr. Saunders. The interment took place at the family vault at Mount Pleasant Cemetery. The pallbearers were: Messrs. R. M. Graham, J. A. Nelles, C. D. Johnston, Len. Scandrett, Malcolm Rowland, L. K. Cameron, W. T. Strong, Frank Love and Alf. Morphy.

NOTABLE MEETING IN PHILADELPHIA
 Annual Gathering of the United States Presbyterian General Assembly.

Philadelphia, May 16.—The 113th Presbyterian General Assembly was called to order by Moderator Rev. A. C. Dickey at 11 o'clock today in Calvary Presbyterian Church. At 8:30 o'clock Calvary Chapel was opened, and the credentials of the churches were read, and alternates were received. The galleries were crowded to suffocation when the opening hymn was sung.

The sermon of the retiring moderator, Dr. Dickey, occupied the entire morning session, and at its conclusion the assembly adjourned until 3 o'clock to prepare for the election of the new moderator.

It was in this city at the beginning of the eighteenth century that the general presbytery of the church was established. The sessions of the assembly will continue through next week, and perhaps longer.

The twentieth century meeting, in pursuance of a resolution adopted at the last general assembly, will be held on Friday in the Academy of Music. Sessions will be held morning, afternoon and evening.

It is expected that the report of the committee on revision will be presented to the conference on Saturday. Beginning Monday, the various church boards will present their reports.

The question of ministerial education, pulpit vacancy and preachers without charges are to be discussed, and if possible, a solution found for them.

THE ALBANY STRIKE

Conference Called at the Mayor's Office—Excitement in Troy

Albany, N. Y., May 16.—A conference has been called at Mayor Biesing's office, looking towards an amicable settlement of the strike. Calls have been sent to the strikers' organizations and the United Traction Company, and a meeting is promised for this afternoon.

The conference is for the purpose of determining whether the common council shall be called to meet in special session to rescind the ordinance passed some years ago granting the Albany railway, now succeeded by the United Traction Company, the right to erect poles and string wires on the streets.

Troy, N. Y., May 15.—All in anticipation in Troy with reference to the United Traction strike. Rumors have been rife all morning that the Traction Company proposes to run its cars into this city from Albany during the day, and the resumption of traffic on the Troy division, coupled with the Schenectady along the Humphry's tracks in Waterfront gave apparent corroboration to the reports. It is generally believed in official circles that the Traction Company will make an effort to extend its operations to this city. There is little likelihood that any attempt will be made to run cars on the Troy line today.

The company has not as yet made any preparations with that end in view.

THE KINGSTON STRIKE.
 Kingston, Ont., May 16.—This morning upwards of 100 men employed by the Canadian locomotive works struck for an advance of 10 cents a day. They have heretofore received \$1.20 a day. The whole works and upwards of 400 men are idle.

PROSPECT OF A SETTLEMENT.
 Troy, N. Y., May 16.—The officers of the Troy division have been notified to appear in Albany at 2 o'clock for a conference with the railroad company's officials. There is every prospect for a settlement of the strike.

GET RID OF THAT COUGH before the summer comes. Dr. Wood's Norway Pine Syrup conquers coughs, colds, sore throat, hoarseness, bronchitis and all diseases of the throat and lungs.

CONSTABLE WAS HARDLY USED

Man and Wife Charged With Assault, But Case Was Dismissed.

South London Lad Confesses to Bicycle Stealing—Fire Limits Case Adjourned.

Constable Wm. Sadleir has been in trouble again. On Saturday last he went to the house of Francis Hutchinson, at the corner of Argyle street and Empress avenue, to seize enough furniture to satisfy a landlord's claim for \$15 rent. It appears that Hutchinson had had a quantity of furniture seized a short time ago, and he and his wife accordingly objected strongly to having the rest of their chattels confiscated. Their objections took the strenuous form of a dousing with hot tea, threatening with a club, energetic kicks and hard pommellings. The whole case was ventilated at length in the police court yesterday, when Sadleir outlined the treatment he had received. The defense set up was that Sadleir refused to show his authority for the seizure, that he threatened Mr. and Mrs. Hutchinson with a revolver, that he unlawfully placed handcuffs upon Hutchinson, that he was taking goods exempt from seizure, and that he injured the baby of the defendants by overturning the cradle in which it was lying. The charge against Mr. and Mrs. Hutchinson was dismissed without costs. Mr. Buchner appeared for the complainant, and Mr. Coieridge for the defendants.

Manville Newsans, a South London lad, was charged with the charge of stealing a bicycle. He was arrested by P. C. Downs on suspicion of having a bicycle reported stolen in Detroit, and though the wheel Newsans had was not the one wanted by the Detroit police, the boy afterwards confessed that it also had been stolen in Detroit. The wheel is a blue enameled one. The Detroit authorities have been notified.

The case of W. J. Green was enlarged for a week. He is charged with violation of the fire limits bylaw by putting a frame addition to his shop on Dundas street, east of Adelaide.

BASEBALL.
 An interesting game of baseball was played on the Military School grounds between the Lorne Avenues and the West London Grays, resulting in a score of 4 to 1 in favor of the Grays. Battery for the Grays, Perkins and Jeffries.

THOMASES WERE INVINCIBLE.
 The Woodstock correspondent of The Advertiser thus describes yesterday's public game between London and Woodstock:

The Woodstocks marked the opening of the Canadian League season here today by winning a signal victory over London, the latter team being blanked right up to the last inning, when a long three-bagger to center by Bell and a timely single by Asplund netted the Cockneys their only run.

The feature of the game was the work of the Thomas battery for Woodstock. With men on second and third and nobody out, Thomas repeatedly struck out his men, and at no stage of the game were the Londoners able to bunt their hits. Bell singled in the first, Gibson in the third and Sippi in the eighth, the latter two going out on double plays and the former being left at second. Lee and Blacklock made circus catches of line drives, Blacklock's in particular being an exceptionally fine piece of work, coming as it did with men on second and third. Lee hit to left center, and Killien and Gibson on second and third, but Blacklock pulled in the hit with his left hand after a hard run. Killien did not show his last season's form and was hit hard and often, although only eight safe drives were made off his delivery. Asplund had three costly errors at third, and Sippi fumbled loosely at second.

W. A. Reid of London umpired the game satisfactorily, but had a good deal of trouble with the National League rules, under which it was played. The spectators were not favorably impressed with the reconstructed rules and the rules adopted by the Canadian League at its organization meeting would be much preferable.

THERE IS NOT a more dangerous class of disorders than those which affect the breathing organs. Nullify this danger with Dr. Thomas' Electric Oil—a pulmonary acknowledged efficacy. It cures lameness and soreness when applied externally, as well as swollen neck and back in the back, and, as an internal specific, possesses most substantial claims to public confidence.

CANCER,**THE MOST MALIGNANT DISEASE TO CURE.**

The action of B. B. B. on Cancer is first felt by reducing the pain, afterwards the healing commences restoring a healthy condition to the flesh surrounding the parts affected.

TREATMENT.—Bathe freely with B.B.B., and take internally according to directions. Three bottles will prove its efficacy for relieving or curing any kind of cancer.

MR. GEO. MEGGISON, of QUINN, ONT., writes under date of Dec. 17th, 1900, of the wonderful benefit he has received from the use of B. B. B. for cancer on the throat, from which he has been suffering for seventeen years:

"Seventeen years ago a cancer formed on my throat just beside the wind-pipe. I doctored with several physicians, but they failed to give me a particle of relief."

Some of them advised an operation, others cautioned against it as the cancer was in such a delicate place.

But to make a long story short, for seven years I suffered untold agony, until at last the cancer broke and discharged a thick bloody matter, after this it would heal up and a scab would form, but would eventually drop off and leave the opening larger than before. I suffered this terrible agony until a short time ago, when I happened to read of Burdock Blood Bitters being good for cancer, and I decided to procure a bottle, but hardly had faith in anything and did not dare to think of it giving me any relief.

However, I started applying it to the sore with a piece of cotton. I also took the B. B. B. internally according to directions. I had not used the treatment long before I could notice a great change for the better, and believe by continuing its use I will ere long be permanently cured. I cannot too highly recommend B. B. B. to any person who is troubled with cancer.

There is prospect of a new theater being built in Hamilton.
