

The Weekly Colonist.

Tuesday, March 21, 1865.

LOCAL INTELLIGENCE.

Friday, March 17.

ASSAULT CASE.—Sam Myers charged with assaulting an Indian girl, appeared again yesterday before the Police Magistrate. The accused was permitted to recompense the injured woman out of Court, and the Magistrate, addressing Myers, said a most unmanly assault had been committed for which he might have been sent to trial, but as it appeared from evidence given that he usually conducted himself as a respectable man and was unaccustomed to commit acts of violence, he (the Magistrate) should make some allowance for his having been under the influence of drink, at the time and should therefore impose a fine of \$10, which was very light, in consideration of the injured woman having been recompensed.

ROUGH TIME IN THE GULF.—The Enterprise experienced very rough weather while crossing the Gulf yesterday. It blew heavily from the northward with a high sea, and it was as much as this smart steamer could do to make her way across. She shipped a good deal of water on deck and rolled considerably, much to the discomfort of the passengers, who, as might be expected, were all thrown more or less on their "beam ends."

FOR ALBERNI.—The steamer Thames will leave this morning for Alberni. Superintendent Hankin will accompany her and visit the Ojibwa Tribe of Indians, who some time since expressed a desire to see him and hold a council over the state of affairs at the settlement.

CHINAMEN FOR SOOKE.—The greater number of Chinamen who have recently arrived in this city intend going to the Sooke and Leech river diggings as soon as the weather will permit. It is stated that from 500 to 1000 will seek employment at these mines during the coming spring.

Saturday, March 18.

LEECH RIVER.—Barnett the Expressman arrived yesterday in five hours and three quarters from Leech River. The river is still low and the snow is gradually disappearing. Very few are however able to work yet, the ground being too hard. The present mild weather will soon make a busy time on the creek. The roads are still very heavy.

At the North Forks the trail is almost impassable from the depth of snow. Stags have added a stable capable of holding 20 horses to his premises on Kennedy Flat. Williams' pack train arrived at Wolf Creek late on Thursday evening but was unable to proceed further than the bridge. The animals were therefore tied up and the men yesterday went to break the road. Considerable discontent is exhibited all over the creek at the withdrawal of the Gold Commissioner. Barnett will leave on Sunday morning and intends during the summer to make two trips a week. Messrs. Kibbelle and Ash are making additions to increase the accommodation of their road-side house at Goldstream.

THE CHINESE GAMBLERS.—The batch of Celestials recently arrested for gambling were all discharged yesterday upon the application of Mr. Bishop, except Yung Sam, who was held to bail in the sum of \$500 to appear next Tuesday, when the case will come up in the Supreme Court.

Monday, March 20.

ANOTHER MINERS' MEETING.—In pursuance of a notice that appeared in Saturday's Colonist, a meeting exclusively of British Columbia miners and others interested in the mining progress of that colony, was held on Saturday afternoon in Golden's Building. The meeting being of a private nature we are unable to furnish a report of the proceedings. We gather, however, that the meeting was of one sentiment with respect to recent legislation in the sister colony, and that the miners are determined that their voice shall be heard at headquarters. Accordingly a committee was appointed to frame a petition, to be forwarded to Governor Seymour for transmission to the Colonial Office, setting forth the grievances complained of. This petition, we understand, is to be submitted for approval to an adjourned meeting to take place this afternoon, when measures will be adopted for having it generally circulated for signature in both colonies. The proposed panacea for the existing evils, so far as we are permitted to know, which the meeting is pledged to ask from the Home Government, is the "Union of the Colonies, with one Government and staff of officials." It is in no way surprising that the miners who have made both colonies what they are, who have invested all they possessed in their hazardous avocation, should raise an outcry when such an unjust pressure is made to bear upon them by the very Government that ought to encourage and protect them to the utmost. What care they about the respective merits of New Westminster and Victoria? whether real estate is more valuable here than there? whether there are twelve inches more water on Fraser river sand-heads than on Ogden point shoal? Or, in point of fact, whether the commercial emporium of the North Pacific is to be situated on Vancouver Island or in British Columbia? As a class these men are as contented as they are industrious. So long as they reap or strive with the hope to reap their golden harvest in the country, they are perfectly willing to contribute their due share towards maintaining the Government and carrying out measures of improvement. But when they see additional imposts levied at the dulcissima time on their already heavily taxed purses by reckless legislation, framed more in a spirit of hostility to a neighboring colony than in view of

the requirements or emergencies of the country; and instead of economy and retrenchment, see the same reckless legislators vying with each other in taking still more money out of the pocket of the honest miner to line those of the officials, they do wisely to bestir themselves and seek the best and surest mode to obtain redress of present grievances, and protection from the recurrence of further injustice towards them.

THE EXPLORATION COMMITTEE.—This body held a meeting on Saturday last, at which the report of the exploring party was under discussion. At a previous meeting, an introduction to the report, which had been drawn up by a sub-committee, consisting of Dr. Evans, Lieut. Verney, R. N., and Mr. Fisher, was adopted and sent to His Excellency to be printed with the report. At the last meeting, however, Mr. Fildwell moved the reconsideration of the introductory remarks, on the ground that he was absent when they were adopted. He then laid before the committee an amendment of his own, which he said he had prepared without being aware of the previous action of the committee. A protracted and rather warm discussion arose, Mr. A. D. Bell and Mr. Franklin, the chairman, supporting the motion for reconsideration, which was finally carried by the casting vote of the chairman. Messrs. C. B. Young, Dickson, and Fisher thereupon indignantly rose and left the room, and the committee, after transacting some details of business, adjourned sine die.

POSTAL COMMUNICATION WITH LEECH RIVER.—Messrs. Mitchell and DeVeuille called upon His Excellency on Saturday as a deputation from the miners of Leech river to petition for a larger grant than that allowed by the Assembly for postal communication between Leech River and Victoria, and to recommend as a person worthy the position of letter carrier Mr. Alfred Barnett, who has been running an express at all seasons between the two places. His Excellency replied, of course, that it was out of his power to grant any sum not voted by the Assembly, and advised the miners to petition the representative body on the subject. He agreed with the deputation that \$300 a year was altogether inefficient for the services to be performed. With regard to the appointment of mail carrier he would take care that so far as his knowledge went it would be conferred on the best man. He was at the same time fully alive to the services rendered by Mr. Barnett.

COUNTER-BLAST FROM NANAIMO.—In our advertising columns will be found a petition from Nanaimo, with 153 signatures, in opposition to the one from the same town recently laid on the table of the House of Assembly. The new petition regards the former one in the light of an insult to His Excellency, and requests him to take such steps as he may think fit to obtain the amounts set down in the Estimates for a court house, gaol, &c., which were struck out by the House in compliance with the request of the first petition.

PETROLEUM IN EUROPE.—Letters from Italy say that the advent of American oil has so reduced the demand for olive oil that there is no profit in the olive orchards, which are therefore in many cases being cut down.

COMMERCIAL.

Wednesday, March 15.

FROM SAN FRANCISCO.—The bark Glimpse, Hall master, arrived from San Francisco yesterday morning, with fifty Chinamen and a cargo of general merchandise, valued at \$41,000.

FOR PORTLAND.—The steamer G. S. Wright left for Portland yesterday morning at 9:30 o'clock, with twenty passengers and a cargo of merchandise valued at \$4104 96.

Friday, March 17.

FROM PORT ANGELOS.—The sloop Tibbals arrived yesterday morning to carry over the crew engaged in this port for the ship Alca Thorndyke now lying at Port Angeles. Two ships were at Port Ludlow ready to sail, one for Spain, and the other, the Union, for France with spars for the Government.

FROM NANAIMO.—The steamer Emily Harris arrived early yesterday morning with a cargo of coal from Nanaimo.

SAILED.—The bark Knight Bruce sailed from Nanaimo on Wednesday for this port, en route to San Francisco. She is in charge of Pilot Titcomb.

VICTORIA MARKETS.

Business during the past week has not exhibited any marked change: The British Columbia spring trade is still very backward, owing to the very late season. Contracts for freight to the various up-country towns have been cancelled, as it has been found impossible to get the goods through in the stipulated time, and fresh agreements have had to be made. Goods at the mines are expected to rule high during the spring, owing to the great delay to the forwarders, caused by the severe weather. Some of our packers speak of placing their trains on to Kootenay via Hope as soon as the trail opens. The arrivals at this port during the week have been the bark Massachusetts and Glimpse, from San Francisco, the former with a cargo of \$7,212, and the latter \$41,000; the Domitilla, from the Sandwich Islands, with a valuable cargo of cigars, molasses and other island produce; and the usual traders from the Sound, bringing \$6,400 worth; making in all about \$80,000. The exports for the week have been the cargo of the Princess Royal, to London, valued at \$130,000, of which \$100,000 was in furs, and the

cargo of the G. S. Wright, to Portland, valued at \$4,100. MARKET RATES.—FLOUR—Extra \$15 1/2 per bbl; superfine \$14 1/2 per bbl; Oregon brands \$13 1/4 per bbl. OATMEAL—\$10 50 per 100 lbs. CORNMEAL—\$8 50 per 100 lbs. BUCKWHEAT FLOUR—\$8 50 per 100 lbs. RICE—\$10 50 per 100 lbs. SUGAR—\$10 1/2 per 100 lbs; refined; 14 1/2 per 100 lbs. COFFEE—25 1/2 per 100 lbs. TEA—\$7 1/2 per 100 lbs. BUTTER—Best, 45 1/2 per cask; Ordinary, 40 1/2 per cask. LARD—\$16 1/2 per 100 lbs. HAMS—\$25 1/2 per 100 lbs. CHEESE—25 1/2 per 100 lbs. CANDLES—25 1/2 per 100 lbs. WHEAT—\$3 50 per 100 lbs. BARLEY—\$3 50 per 100 lbs; Grd do, \$4 50 per 100 lbs. MIDDINGS—\$4 00 per 100 lbs. BRAN—\$3 50 per 100 lbs. HAY—\$1 1/2 per 100 lbs. POTATOES—\$2 25 per 100 lbs.

SAN FRANCISCO MARKETS.

(From the Alta of the 7th.)

MONDAY, March 6, 1865.

FLOUR—Sales reported are confined to jobbing parcels of domestic extra, at \$14 75 per 100 lbs. WHEAT—Prices remain unchanged. No sales of note have transpired, receipts continuing light. BARLEY—30 tons Chile, for shipment to the interior, at \$3 25 per 100 lbs, as per quality, and \$3 40 per 100 lbs. OATS—Sales of 710 sks at 30 c per bush. In St. Louis, Mo., on the 10th January last, Mrs Sarah Hinton, formerly of Lynton, Eng., relict of the late Rev. Isaac Taylor Hinton, and mother of Mrs. Albert H. Guild, of this city.

ADVERTISEMENT.

To His Excellency Arthur Edward Kennedy, C.B. Governor of Vancouver Island and its dependencies. In consequence of a Petition purporting to emanate from nearly two hundred persons resident at Nanaimo, having been sent to the honorable Member for this place for presentation to the House of Assembly, praying that honorable body to throw out (as not needed) various sums named in the Estimates by the authority of your Excellency, for the present year, to be used in purchasing suitable buildings for public offices, court house, post office, harbor-master's office, &c., and to build a suitable jail, besides making other improvements. We, the undersigned, considering that the wording of said Petition was an insult to your Excellency, as Her Majesty's representative, and also knowing that many of the signatures were obtained by misrepresentations, do most respectfully pray that your Excellency may see fit to cause such sums in the Estimates to be reconsidered and annulled.

With respect to the urgent necessity of a jail, we respectfully beg to call your Excellency's notice to the fact, that during four or five nights of the past week, in one of which the thermometer stood 22 degrees below freezing point, two white men and a sick Indian were locked up in the bastion, which is quite open to the weather. And your petitioners will ever pray.
