

It was in 1867 that this system  
of Shorthand modelled after  
its apparition in England,  
France, in the same  
shape it has kept ever since.

In 1869 appeared in 1869  
the first periodical  
in the Duployan  
shorthand. "Le  
Sténographe...,"  
at first bi-monthly  
and after July 1869 — weekly.
