THE FRENCH IMPERIUM IN IMPERIO.

A LECTURE ON THE FRENCH RACE AND THE ROMAN CATHOLIC RELIGION.

BY REV. J. BURTON, B.D., M.A.

PRICE TEN CENTS.

The Rev. John Burton, B.D., of the Northern Congregational Church, Toronto, last week delivered a very interesting lecture under the auspices of the Young People's Association connected with his congregation. The subject on which he spoke was, "The French and Catholicism in Canada." The lecture was characterized by fairness and liberality of tone throughout. Between Mr. Burton and the ignorant fanatic there is a wide gulf. Roman Catholicism as a religion was not assailed, but Ultramontaniam as a political system, the lecturer showed, was what was to be guarded against. He confined himself to the statement of the problem, but hesitated to offer a solution. When an important question is discussed with the ability and fairness shown by Mr. Burton, and with no party end to serve, the cause of truth gains.—*Canada Presbyterian.*

EPPS'S COCOA.

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us, ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."
