

Next to the main stairs is the elevator with landing at ambulance entrance, and extending from basement up to roof in order that patients may be taken up to roof if desired. The service stairs also extends up to roof. Each service room is to be provided with work table, bed pan rack and flower sink, broom closet, sterilizer, slop sink and shelving. Each diet kitchen is to be provided with double deck table, sink, two dumb waiters from main kitchen, cupboards, refrigerator, gas stove connection and steam table connection. In the store rooms are provided two large refrigerators with three compartments in each. At the south end of the building on each floor is a balcony with iron fire escape stairway.

*Construction.* The building is fireproof except for the windows. The floors are of reinforced concrete and partitions either of solid brick or metal stud and metal lath. The roof is of reinforced concrete with a suspended ceiling of metal strapping and metal lath. The exterior walls are of solid brick and stone, and there are two interior walls of brick running the entire length of building. Both stairways and elevator are enclosed by solid brick walls. The finished floor in wards and rooms is to be of white maple; the corridor, lavatories, operating room, etc., will have a patent monolithic flooring with colored border. The use of trim and all woodwork where possible has been eliminated throughout, the plaster being rounded into all frames and a small cove base being used throughout. All angles throughout are to be rounded. Corridor walls, operating room walls, lavatory walls, stair walls and railings are to be finished in Keene's cement, marked off to represent tile and enamelled. All doors and other woodwork in the administration part is to be of birch with mahogany finish, and all other woodwork throughout is to be white enamelled. All walls and ceilings of operating and sterilizing rooms also to be enamelled. Stairs to be in reinforced concrete with monolithic patent treads and risers. At the elevator landing on each floor are provided automatic fusible link fireproof doors. The exterior will be executed in red pressed brick and Tyndall stone.
