To be absurd is a preregative of aldermen the British world over. - Toronto Globe.

It is meet and drink that is depriving many a family of food. —Omaha Bec. Of all the various debts we awe to our fellow men that of silence is the most frequently disregarded.—Chicago Ledger.

Dominion a railroad owns the Government.—

London Advertiser. The Irishman, be he Prove ant or Catholic, who would vote for a man, or a party, copy sed to Iri-h Home Rule, is the meanest slave that crawls the earth.—Irish Canadian.

As a matter of fact, and as an conomi-As a matter of fact, and as an economic maxim, selling implies buying. The British economists were not wrong when they adopted the idea that when free imports are permitted the exp rts will take care of themselves. The good quality and cherp price of goods will quickly overcome any; rej. dice against them.— Hamilton Times.

The Orangemen seem to be most in need of coercion in Ireland. They have made another attack on the Nationalists, precipitating a riot attack on the Nationalists, precipitating a riot with fatal results. Of course innocent persons were kill d as usual. But no Tory leader ever got up in Parliame t to denounce the Orangemen. Such c nduct on the part of Home Rulers would be a sign for the a ringent enforcement of the corcion law. -New York Tribune.

As a rule the very rich men are not those who build up a community and create booms. A single business man full of life and snap and entropise, who is not afreit to talk and talks sense and knows how to advertise, is worth any dozen of very rich then who usually only take advantage of other people's booming to increase their values.—Chicago Inter-Occun.

The "grand off man," Gladitone, never provid the greatness of his diana of better than in the latter he has just written regarding John Bright. There is a mething paths is in Gladitous reference to the attacks of his former friend and co-worker when he says: "My desire is to bear them in silence, and to remenber only his pathotic services, toge her with his unswerving friend-hip down to 1886." Few men could rise above such taunts as Bright has been flinging at him, and a nevely pity the old man whose utherings how plainly that he is in his dange.—Grand Rapids Telegram Herald.

It is a leged that among the grabbers of phosphate lands in the Camy of Ottawa who will be forced to "abandon their prey" are two members of the Dominion cabinet. These men having, obtained information that two lots in the township of Wells contained rich phosphate deposits, used their influence with the lare government of Quebec province and secured possession of the lands over the heads of the explorers who discovered the phosphate. The explorers who discovered the phosphite. The ministers have paid nothing upon their lo's, and there is little doubt that their titles will be cancelled at once by the Mercier government.—

"Are women rude?" asks a well-meaning essayist. Without preten ing to speak for the feminine acquintance of the writer in question, feminine acquintance of the writer in question, we may remark that, in public, women are, as a general thing, very rude indeed. They are the worst pushers in a crowd, the most inveterate talkers and gigglers in a theatre or concert hall, the most unobliging in a street car, and the most unobliging in a street car, and the most usesy as d uneven t impered in a throng of shoppers. We have no wish to slander the sex, on the constituency. and have never been suspected of ding to but as the essivist asks the quest on point blank. we are inc in-d to answer him with equal fraukness.—Home Journal.

The Montrial Stock Exchange, in undertak-

ing a crusade against the bucket-shops of that city, is a good deal like Satan rebuking sin. There is about as much moral difference between the oper tious in futures on a large scale on change and the small transactions at the bucket shop, as there is between playing faro or poker at a fa hiona le g mbling house for stikes running into the thou and, and the more limited operations of the celebrated, though un pretentious, Thompson street poker cub. The way to abolish the bucket-shops is to suppress gambling deals on the stock exchange.—Toronto News.

A letter from Quebec states that it is the intention of the Provincial Government to appoint a Royal commission to inquire into and timber and colonization road services have been conducted in the countries of Ottawa and Poutiac. The Government are now in posses-sion of evidence of wrong doing which renders such an inquiry absolutely necessary. It is charged that correct returns of the logs and timber cut upon Crown Lands have not been made, and that no value has been given for improvements. mense expenditures on account of colonization roads in the counties named. The commission will make a thorough investigation, and upon their report the Government will take action.— Ottawa Frec Press.

It is now state! this the Grand Trunk is ambitious to become a trans-continental railway; that it will acquire the Red River Valley road, and will build a road upon the line marked out by Mr. Mackenzie through the Yellowhead Pass. If the Grand Trunk should undertake such a work it will go a long way to vindicate the lines selected by Mr. Mackenzie. It will show that the Grand Trunk Railway are prepared to enter the Northwest to build a road with their own money, and to compete with a company that has been subsidized to the extent of money and lands valued at \$130,000,000.—London Advertiser.

Bilious Headnche, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the use of Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these reliets over so great a variety of diseases, it may truthfully be said that their action upon the system is universal, not a gland or tissue escaping their sanative influence. Sold by druggists, for 25 cents a vial. Manufactured at the Chemical Laboratory of World's Dispensary Medical Association, Buffalo, N. Y.

WILLIAM RAMICH, Esq., of Minden, Kearney County, Nebraska, writes: "I was troubled with boils for thirty years. Four years ago I was so afflicted with them that I could not walk. I bought two bottles of Dr. Pierce's Pleasant Purgative Pellets, and took one 'Pellet' after each meal, till all were gone. By that time I had no boils, and have had none since. I have also been troubled with sick headache. When I feel it coming on, I take one or two 'Pellets,' and am relieved of the headache."

Mrs. C. W. Brown, of Wapakoneta, Ohio, says: "Your 'Pleasant Purgative Pollets' are without question the best cathartic ever sold. They are also a most efficient romedy for torpor of the liver. We have used them for years in our family, and keep them in the house all the time."

SYMPTOMS OF CATARRE

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery, and inflamed; there is ringing in the cars, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a nasal twang; the breath is offensive: smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. However, only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, less understood, or more unsuccessfully treated by physicians. By its mild, soothing, and healing properties.
