e har diffe i mer et t A TEST AND ITS APPLICATION .- The Edinburgh Witness, a rabid anti-Catholic organ, proposes as a test of the influences of a religion, upon the morals of its. professors "the number of illegitimate births." We accept the test, and quote the following Protestant testimony to the numbers of illegitimate births in Protestant Stockholm, a city as thoroughly Protestant, and with as good pretensions to morality as any in

with as good precessions to interactly as any in Protestantion: *Very nearly half the registered births are illegiti-mate; to say nothing of the 'illegitimate children born in wedlock*. Of the 'servint-girls, shop-girls and semstresses in the city, it is very safe to say that scarcely one out of a hundred, is chaste; while; as which young Swedes have coolly informed me scarcely bie of the nature, a britter, which is rakish young. Swedes have coolly informed me, a large proportion of respectable parentage, belonging to the middle class, are not much better. The men, of course, are much worse than the woman, and even in Paris one sees fewer physical signs of excessive debauchery. Here, the number of broken-down young men, and blear-eyed, hoary sinners, is astonishing. I have never been in any place where licentiousness was so open and avowed-and yet, where 

A young lady, who affected a disinclination towards matrimony, wrote on a pane of glass some verses expressive of her determination never to enter into the holy state. A gentleman, who doubted the lady's resolve, wrote underneath-The fair one whose views these scratchy lines betoken, Wrote them on glass-she knew it would be broken.

A doctor returned a coat to a tailor because it did not fit him. The tailor seeing the doctor at the funeral of one of his patients, said, 'Ah doctor, you are a happy man ,' Why so, asked the doctor. Be-cause, replied the tailor, you never have any of your work returned on your hands.

MRS. HANNEN, NO. 600 FOURTH STREET, SAYS OF DR. M'LANE'S CELEBRATED VERMIFUGE, PREPARED BY FLEMING BROS. OF PISTS-BURGH.

NEW YORK, MAY 15, 1852.

IFA child of mine showing symptoms of worms, I gave it a bottle of Dr. M'Lanc's Celebrated Vermifuge, which brought away a bunch of worms, num-bering, I should judge, about thirty. The child was very sick during the operation, but is now well and hearty.

Mrs. Twist, No. 18, Avenue D, writes under date of August 10, 1852, and says she had been been troubled with worms for more than a year, and that she took one bottle of DR. M'LANE'S CELEBRATED VERMIFUGE, prepared by Fleming Bros., which brought away from her over three hundred worms, tig and little. She now believes herself to be entirely free from disease.

Mrs. Buggins, a German woman, residing at 204 Rivington street, says, that after using one vial of MUANE'S CELEBRATED VERMIFUGE, she passed two large tupe worms.

The above certificates are all from parties well known in this city. If there are any who doubt, they have the names and addresses, and can satisfy themselves by personal inquiry.
