Jenkins Brothers'  Radiator Valves

Stand at the head, are specified by Architects and Engineers, and are always referred to by Steam Fitters when THE BEST is called for. Nothing but the purest and best Steam Metal is used, and the composition takes a Beautiful Color, making the finest finished work that can be produced. They contain the **JENKINS DISC**, making them perfectly Steam tight, and the Keyed Stuffing Box, which holds the packing securely, and prevents leakage around the stem. They are made in all styles and sizes. As there are many imitations, insist on having those bearing our Trade Mark, and you will get the Standard Guaranteed Valve.
