

The "Gillette" is the only new idea in razors for over 400 years. It is absolutely safe in its work—uses a thin wafer blade with double edges, which may be adjusted for either a light or a close shave.

The "Gillette" is always ready—and you can shave yourself with it in from 3 to 5 minutes, at a cost of a fraction of a cent a day.

It is the ideal razor for young men and old men—for tender faces and wiry beards.

The Finishing Touch To Your Holiday Equipment.

To a well groomed man a "scrubby" face is a horror, even though he be far from the madding crowd on his vacation. To shave with a non-stropping safety razor, or an old style razor which is dull, is a punishment sufficient to spoil his whole holiday.

The Auto-Strop Safety Razor

Is a complete solution to the difficulty.

1. Because with the Auto-Strop you can shave closely, without a mirror, on a moving boat or train, and not cut your face.
2. Because a single blade—owing to the self-stropping arrangement—will last you for scores of shaves.
3. Because there is nothing to unscrew or take apart to strop or clean. Just rinse it in water and wipe it off.

Give yourself a really good present for once, and convert a trouble into a pleasure for a lifetime.
