

While these events have added enormously to the uncertainties of the world situation, other events of even greater significance have served to confirm our confidence in the ultimate outcome of the struggle. First and foremost has been the magnificent resistance of the United Kingdom. For four months, Britain has constituted the front line of battle against the forces of aggression. The spectacular advance of the enemy has been halted by the indomitable spirit of her people.

The destruction of freedom throughout Europe has awakened, in the Western Hemisphere, a fuller consciousness of the Nazi menace. In the face of the common peril there has arisen a closer association and an increasing measure of co-operation between the United States of America and the nations of the British Commonwealth.

You have been summoned at this time that opportunity may be afforded for the fullest consideration and discussion of Canada's war effort and of national problems which war has served to intensify or create. You will be fully advised of international developments; of Canada's co-operation with the United Kingdom, and of relations with the United States. The measures which will be submitted to you are such as seem necessary to My Advisers for the welfare of the country, and for the prosecution of the war to the utmost of our strength.

*Members of the House of Commons:*

You will be asked to make financial provision for expenditure caused by the state of war which now exists. The estimates for the current fiscal year will be duly submitted to you for your consideration and approval.

*Honourable Members of the Senate:*

*Members of the House of Commons:*

In the discharge of your very responsible duties may Divine Providence guide and bless your deliberations.
