EDITED BY

PERCY A. HURD

MONTREAL, October 15th, 1924
TEL. MAIN 7954.

Sir, Arthur Currie, Principal,
The McGill College University,
Montreal, Que.

Dear Sir:—

In response to enquiries made
to us from London, as to the standard of
education in Canada, we propose publishing
some educational data, also we would like
you to give us an advertisement in the form
of a photograph of the grounds and buildings.
As McGill College University is prominent in
educational circles both in Canada and
England, it would receive great attention.

This enquiry which we are
asking for is to be published in "The CANADIAN
GAZETTE" pointing out to intending settlers
from the old country that they need have no
fear about the educational side for their
children.

I would be glad if you could
see your way to grant me an interview on this
subject. Assuring you of my appreciation, and
with thanks in anticipation, I remain,

Yours very truly,

The CANADIAN GAZETTE Limited.

Per.
