

May 13th, 1925.

L. G. Heimpel, Esq.,
Macdonald College,
Ste. Anne de Bellevue, Que.

My dear Mr. Heimpel:-

Principal Harrison has forwarded to me Bulletin 89 of the Department of Agriculture of the Province of Quebec on Tile Drainage of Farm Lands.

I have glanced through it, only casually it is true, but still have read sufficient to indicate that this ought to prove a very useful publication. May I congratulate you on the part you have played in its preparation.

Yours faithfully,

Principal.
