## Crowd of 8000 at Arena Sees St. Mikes Defeat Midland by 5 Goals to 2

# ST. MICHAELS ENTER SENIOR FINALS

Toronto Always Best and Captured Semi-Final Round With Ease-Biggest Hockey Crowd Ever-The Details.

dland in their own town on Tuesday

midland managed to get one past Thompson.

It was a clean fixture, but the brand of hockey was not of the best. Midland were slow to get started and did a lot of useless circling, and on several occasions Macey drew cat yells for holding the puck behind the net.

Jerry Laflamme is made of the real stuff. He started out with a very sore leg, from the Midland game, and before the first half had ended he fell on Lavigne's skate and opened a nasty gash over his eye. It took five stitches to close the cut, and Jerry gamely went into the fray in the second half. It failed to slow him up one little bit.

The Arena was packed in every section, and close to 8000 fought to get a look at the game. The big cruwd handed out the roasts to Midland in that first half, and cheered them when they made it look like a contest after half-time.

McCamus Was Brilliant.

McCamus played brilliant hockey. His speed and back-checking were a big factor in the Saints' showing. He held down centre ice to perfection, while Laflamme was busy with the doctor.

Midland failed to show much of their brilliant combination, that has been a feature of the other games with St. Michaels. Alchardson 1.4.00

The Morday night the Bank League will stage their sami-finals, and twe games are down for decision. The first will bring Dominions and Royals together, and the red and black will have their full line
up out. In the second game, Commerce and Standard will clash, and this promises to be a red-hot affair. Lew Brown will handle the games.

The crowd had a grand time watching "Glad" Murphy bouncing around, and his tumbles raised many a laugh. He pisayed with a brokes skate nearly the whole evening.

The band did the come-back act; at least, they played

hardest-working man on the visitors line. He kept plugging away all night and his shots were always dangerous.

Jimmy Dissette played his usual good game, and livened up the first half with his lone rushes. Misland were kept well out all night, and Murphy and Dissette always skated their man into the corner. The Play.

St. Michaels started right in to set a hot pace, and Midland were helpless. The Toronto team kept the play at the Midland end, and, with the Midland forwards checked all the way, it soon developed into a poor-looking exhibition. Laflamme and Richardsen tore thru the whole works and Dutchy followed Lavigne around behind his own net and secured. Laflamme was waiting for the pass at the goal mouth, but Scott took it on his pads.

Lavereau carried the puck down a couple of times, only to lose it when nobody was there to hold him out. Gordon and Richardson held their checks, and again the Irish were at the Midland net. Murphy and Rissette both took a hand at the rushes. In chols and Lavigne were doing the best they could under the circumstances, while the Midland forwards failed to check.

McCamus netted the first goal when Gordon carried it down and passed out from the corner. Laflamme went right back to the Midland end from the face-off, only to lose it. A minute later Jerry came back again and went thru all alone, skating around the defence and turning and shoving it past Scott. St. Mikes 2, Midland 0.

McCamus and Richardson took a couple of trips down and showed some nice

skating around the defence and turning and shoving it past Scott. St. Mikes 2, Midland 0.

McCamus and Richardson took a couple of trips down and showed some nice passing, but Scott stopped each time.

How They Got the Third.

It was the McCamus - Richardson combination that tailled the third, and it was prettily done. McCamus carried the puck in thru the centre and passed to Richardson, who closed in fast on the left side. Richardson found the net with a nice shot.

Midland's first piece of combination took them right thru, but Thompson dleared it easily. Jimmy Dissette secured from Thompson's stick and went down with Richardson close by. Jimmy gave Dutch the pass right in front and goal number four was notched.

Midland tried a couple of two-man rushes, but Dissette broke them up every time and carried it right back. It was here that Laflamme cut his eye and Chase was dropped and the teams finish.

Midland's only taily of the half came when Nichols and Macey carried it thru and Lavereau took the pass on the side and netted it with a nice life. Midland lost all their team play and started lone rushes, but they were stopped every time.

Macey supplied the crowd with some rag, but it failed to take. He quit cold and let his man run wild. Nichols did all the lone work, but could not get past under the lone work, but could not get past under the lone work, but could not get past.

The half ended St. Mikes 4 and the visitors 1. The score just about indicates the play.

Midland Did Better.

Midland Did Better.

Midland came back stronger after the rest and fighting back with the checking they looked much better. Lavereau and Beatty got in some telling work while Chase did some good shooting. The only fault that they showed was the shoot from too far out. They didn't try to get thru the big-St. Michael's defence and

Midland in their own town on Tuesday night, St. Michaels came thru with a 5-to-2 victory last night and earned the right to play T.R. & A.A. in the Senior O.H.A. finals next week. This gave St. Michaels the round by 6 goals, or 9 to 3, on the home-and-home games.

The Saints bottled up the Midland front line so tight in the first half that they made a sorry showing, and they were outclassed for every minute of the half-hour. In the second half Midland tried a little checking of their own and made a much more determined stand.

Midland let the St. Mike forwards run loose in the first session, and, with the light blue and black using body and stick in telling fashion, the northern town outfit looked bad. Jerry Laflamme was all over the ice with his poke check, and McCamus, Gordon and Richardson gave him able assistance.

Failed to Get Thru.

Midland did not have a haif-dozen shots in the early period, while St. Mikes tore right thru to the net, and Scott was called upon to do some fast clearing. Four goals were the St. Michaels' share, while Midland managed to get one past Thompson.

Two Thousand Turned Away -A Hundred on the Rafters-Only a Score From Midland.

St. Michaels and Midland last night at the Arena played to a record hockey crowd, as far as Toronto is concerned, and possibly Montreal or any other place. It was, of course, too late to get the actual count, but Managers Solman and Bellingham estimated the attendance at 8000, made up as follows:

Reserved seat sections. 3,450
Box seats. 350
Promenade chairs 450
Bleacher seats. 1,300
Standing rear reserved seats. 1,800
Standing rear bleachers. 600
