American Capitalists Proclaim Our Canadian Northwest, Prince Albert, N.W.T., June 28 .- The Saskatchewan Valley Land Company's special train, with President A. Davidson, the directors and their guests, numbering 150 all told, arrived here last night. The visit to the Canadian Northwest has delighted and impressed the American capitalists on board. The unlimited possibilities of the country and its wonderful fertility as evidenced by growing crops en route have been the means of opening the eyes of the visitors, who are surprised and pleased with what they have seen. Several stops were made on the run up from Regina, where the capitalists got off the train and dug holes in the ground to ascertain the depth of the surface soil. They found several feet of soil and pronounced it excellent. They are most optimistic in prophesying rapid settlement and a great future for the country. They conceed that it has great advantages over Southwestern States and remark that it will be the bread basket of the world.

### BACK-PAINS. They Are Nature's Warning Cry. They warn you of Rheumatism, Lumbago, Bright's Disease,

vitality, and many other troubles. They will tell you that something is wrong with your health, something which may lay you up one of these dark days. Don't you think it cheaper to cure them now, before they make you helpless? DR. McLAUGHLIN'S ELECTRIC BELT

Is a Model, a Modern Home Treatment. Nature calls for new strength, and you will never be cured until you supply that strength. This is not found in drugs, all of which are temporary stimulants. The real strength of the nerves and vital organs is electricity. That is what the body has lost and what it must get back. My ELECTRIC BELT supplies this. It is an absolutely positive cure for all forms of Nervous Debility, Loss of Memory, Losses, Impotency, Varicocele, Weak Stomach and all those physical and vital Weaknesses, Confusion of Ideas, Kidney and allied complaints, Rheumatism, Sciatica, etc. It has cured thousands every year

after every other known remedy has failed.

Mr. John Risebrough, Sandford, Ont., writes: "I take great pleasure in letting you know that the Belt has taken the pain out of my back and strengthened the entire system. After wearing the Belt for two nights the pain was all gone. It also cured my wife of lumbago. I tried all kinds of remedies before using your Belt, but none of them did me any good." Give me a man with pains in the back, a dull ache in his muscles or joints, "come and go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn.

Mr. B. Vansickel. Lynden, Ont., writes: "I cannot express the great relief I have received from the use of your electric Belt. Before I wore the Belt I was taking medicine every day. I am stronger, eat heartier and sleep better than I have for the last 20 years. My neighbors say that I have a new lease of life." Such are the messages of gladness sent to me from patients restored to health and strength by my Electric Belt. They come daily, and nearly after all other treatments had failed. I know of no better way to prove my confidence in the wonderful curative power of my Belt than to cure you before I ask my pay for it. I do know that it will restore strength in every instance when given a fair trial. All I ask is that you give me evidence of your honesty and good faith by offering me reasonable security and you can use my Belt on the

NO CURE. NO PAY.

WRITE FOR BOOK. If you can't call at my office, write for my beautiful book, which describes my method and and upon receipt of your symptoms I will advise you fully whether my Belt will cure you, and the cost. I will hold your letters sacredly confidential.

CAUTION

Beware of concerns offering a thin piece of felt as a substitute for my cushion electrodes. These cheap coverings are used only to disguise their bare metal blistering electrodes. They have to be soaked in water, which quickly dries and leaves them without current. My cushion electrodes are my exclusive invention information free. Call or write to-day—don't delay.
