THE COMMERCE ARE BEING REARED

Allegations Against Immigration Officials at Quebec That Will Be Investigated.

OTTAWA, April 8.—(Special.)—Major Beatrice of London, brought to the attention of the government this afternoon the treatment of newcomers to this country by immigration officials.

The special instance was that of a woman, well-known in London, Ont., who had sent for her father, wife, son and daughter to come to Canada.

The officials refused to open the door to the son, but being threatened with bodily violence by the London man, who stood 6 feet 4 inches, they at last opened it.

Major Beatrice suggested that the arrivals had been unfortunate in showing their wealth. He did not want to think that had been known, but cases like this had been known.

Hon. Frank Oliver said he was very sorry to hear of the occurrence. The statements would receive very attention.

Dr. Clark (Red Deer) also told the minister that immigrants to this country were being treated with very scant courtesy.

The currency bill was considered in committee. George H. Perley (Argenteau) remarked that the British gold coin was called a "sovereign" and the American ten dollar coin an "eagle."

Mr. Fielding thought customers would decide this. The bill was passed.

In committee of supply, George H. Bradbury (Selkirk) directed the attention of the committee to the recent petition of the wholesale fruit and vegetable dealers of Winnipeg asking for an extension of free import of early fruit and vegetables from the United States.

He hoped the minister would pay no attention to the petition. He doubted if it would be considered by the committee.

ROOSEVELT AND THE MASONS French Papers Aroused by His Reception to Craft in Rome.

PARIS, April 8.—Mr. Roosevelt's reception of Free Masons during his stay in Rome has called forth criticism from a section of the royalist and Catholic press.

The Gaulois says that the incident justifies the precautions adopted by the Vatican.

The Eclair accuses Mr. Roosevelt of winking the vengeance of a disappointed candidate and punishing "an ungrateful papacy by the bowing down before the idol of Masonry."

In a special despatch from Vienna the claim is made that the government there has adopted extraordinary precautions to prevent Mr. Roosevelt making "breaks" similar to those which he made in Rome.

A Costly Luxury

Estimated That the Country Has Been Put to an Expense of About \$35,000 in Considering It.

OTTAWA, April 8.—(Special.)—The consideration of the Miller anti-trust bill was expensive for the country.

Introduced into the house on Nov. 11, it was given its second reading on Dec. 2, and referred to the special committee. Hearing of evidence began Jan. 18 and lasted until Feb. 18, the committee sitting 12 days and hearing 56 witnesses, whose fees will exceed \$2500.

The printing of the evidence cost at least \$700, and, taking the value of the time of the house of commons at \$21 a minute, as has been estimated, it is easy to calculate a total exceeding \$25,000.

This takes no note of the outside legal expenses, which will be \$250 per day at any rate.

POLICE RAID POOL ROOM FIRE ADDS TO PANIC

Operators Set Fire to Damaging Papers to Destroy Evidence—Lively Time in New York.

NEW YORK, April 8.—Two hundred poolroom players were nearly suffocated in a house on city hall place by the efforts of the roomkeepers to destroy racing sheets and other evidences of play when the place was raided by the police this afternoon.

As soon as the proprietors heard the sound of axes at the doors, they threw all papers into a big sheet iron can, kept ready for emergency, poured kerosene over the heap and threw a lighted match on top.

Terrified at the thought of being trapped in a fire, the crowd fought and hammered at the door, while plainclothesmen among them to get evidence tried in vain to restore order by a display of their revolvers.

A rush of fresh air from the street, when the door was broken down, and the sight of the police uniforms quieted the panic.

Six men, said to be the proprietors and employees, were arrested. The others went free.

DEBT OUTPACES RECORD REVENUE

Last Fiscal Year Netted Country \$101,000,000, But There is a Net Deficit in Spite of it.

OTTAWA, April 8.—(Special.)—The total revenue of Canada during the last fiscal year, which closed on March 31, will reach the sum of 101 million dollars, the greatest revenue in Canadian history, and a certain proof of the prosperity of the country.

Last year the revenue was \$8 millions. The revenue already received in the exchequer is \$48,662,374. The expenditures on account of consolidated fund for the year was \$1 million, which leaves a nominal surplus of 20 millions.

However, there is an expenditure on capital account of \$35,500,000, of which \$10 million is on public works, waterways and canals thus leaving a net deficit for the year of \$15,500,000.

The public debt of Canada now stands at the enormous figure of \$235,976,712. It has increased \$13,500,000 during the past year. In spite of the great increase in revenue.

Customs receipts for the twelve largest ports of the Dominion show that in every port there has been an increase in collection. Halifax is displaced as the fifth largest port by Hamilton, which shows a gain of nearly \$6,000,000 as compared with last year, nearly 35 per cent.

The figures for year ending March 31, 1910, are: Montreal, \$16,325,220.78; Toronto, \$12,325,455.95; Winnipeg, \$4,999,223.14; Vancouver, \$3,857,242.99; Hamilton, \$1,415,748.81; Halifax, \$1,027,602.88; Quebec, \$1,532,766.55; St. John, N.B., \$1,235,705.63; Victoria, \$1,240,685.89; Ottawa, \$1,129,523.72; Windsor, \$1,084,075.48; London, \$262,914.60.

MORE TALK ON POWER BILL

Mr. Pardee is Willing to Accept Preferred Amendments.

OTTAWA, April 8.—(Special.)—In the hour for private bills in the common this evening, the St. Lawrence Power Transmission bill was again talked over.

There are two amendments to the bill, one by R. L. Borden, and the other by Major Sharpe. Mr. Borden's amendment is that no plans of the company be approved by the department without bringing them to parliament and Major Sharpe's is to bring the rates of the St. Lawrence Power Company under the jurisdiction of the railway commission.

Mr. Pardee showed a disposition to accept these amendments.

Dr. Sprule wanted the bill to stand over while parliament considered the many other private bills, but Mr. Pardee would not consent.

Mr. Lennox wanted to know where the transmission company would get its power if not from the Long Sault dam. This claim of "hear, hear," from the opposition. Mr. Lennox promised an amendment on its third reading. The bill will come up Monday again, when there is no limit of time to private bills.

McKishnie's Green Room Gossip has become an institution. When Shakespeare made good, no one cried him by his initials. It was just simply Shakespeare. And so we drop the "A. P." in the presence of scientists, and say simply and reverently, "McKishnie." His latest on the "Chanteur" is a happy jingle, which runs like this: "Mary wears a yellow pullet. Anna Held a Shanghai gait. And a red Minorca's setting. On the skylight of our Kate."

The Green Room Gossip tells all about the Toronto theatres in a charming and interesting manner.

HARD FIGHTING FOR THE TURKS

Albanian Tribesmen Inflict Severe Losses, and Revolt is Spreading.

LONDON, April 8.—The Standard's Constantinople correspondent reports renewed fighting between the Turkish troops and the clansmen who are threatening Pristina. The Turkish losses are reported to be 200 killed or wounded, forty men take prisoners and two guns captured by the enemy. The losses of the Albanians are unknown.

The Daily Telegraph's Belgrade correspondent says that after fierce fighting the Albanians withdrew to the mountains, pursued by the Turks, who had two officers and 40 soldiers killed. The correspondent also sends the rumor that the Turkish commander, Shevket Pasha, was wounded.

A new agency despatch from Belgrade says: Only the restoring of Abdul Hamid, the deposed Sultan, to the throne of Turkey will satisfy the Albanian tribesmen, who are now in revolt throughout almost the whole extent of that province. To-day's despatches say that the large rebel army near Pristina, which was temporarily checked by the government troops under Djavid Pasha, has been reinforced and is now engaged in another bloody battle with the loyalists.

The fighting is also continuing at Ipek and Djakova, in Northern Albania. The rebels hold both of these towns, but are being bombarded by the government soldiers.

Estimates of the killed and wounded run into the hundreds, and from the fact that there are 15,000 rebels in the field and 20,000 soldiers, these estimates are believed to be conservative. Field hospitals have been established and are crowded with the wounded.

PITTSBURG GRAND JURY COMPLAIN OF PERJURY

Also Say Graft Witnesses Have Withheld Information—Condemnation of Bribers.

PITTSBURG, Pa., April 8.—"We here desire to emphatically denounce as public malefactors not only the men who solicited the bribes, who held up the banks and the influential men of the City of Pittsburgh, but also the dishonest men for their part in our city's shame the bank president or the millionaire who attempts and who causes the downfall of the poor counsellor who is paid to salary for the duties he is called upon to perform for the benefit of the public."

This is a section of a statement issued to-day by the grand jury which has been probing into council graft. A true bill charging Max G. Leslie, collector of delinquent taxes in Allegheny County, with bribery, was returned by the jury, and at the same time a sweeping presentment was handed down with general charges that many of the 125 witnesses which the jury has had before it during the graft investigations thus far, have wilfully withheld knowledge of graft secrets, and that a certain few have practically been guilty of perjury. Directors and officials of some of the six big banks which profited by the corrupt depository ordinance are severely scored by the probers.

The indictment of Leslie follows his recent acquittal on a charge of perjury in claiming an alibi in connection with a previous indictment for alleged bribery. He is now charged with receiving \$25,000 from the Columbia National Bank of Pittsburgh on June 2, 1908. In the former indictment the date was named as June 6, and Leslie proved that he was out of the city at the time.

It was declared most emphatically that former Councilman James M. Young of the Second National Bank has concealed information from the grand jury investigators.

"We have," the jurors reported, "been unable to ascertain who paid Stewart his bribe money (meaning \$25,000 charged as a bribe by the Friend-Hofstet pool of banks), in New York. Alton Stewart met this man in a club upon two or three occasions, although he knew his name and had several drinks with him, he nevertheless swears that he does not remember his name."

The children will demand the comic colored section with the funny adventures of Mugsy, Jangling Johnson, Granny Goodthing, Willie Westinghouse and Ethelinda, printed in six colors.
