KING EDWARD MANAGER

EN ANNUAL MEETING Alleged That Bar Was Open Till Seven-Thirty-Five p.m. on May Twenty-Fourth.

W. C. Balley, manager of the King Edward Hotel, was called before the license board yesterday and given a severé caution for allowing the bar in his hotel to remain open until 7.85 p.m. 2 on the night of May 24, the Saturday of the races. As the hotel had already been fined in the police court for this offence, the board did not cancel the license; but Chairman Flavelle said very distinctly that if such a thing ever occurred again, such action would be taken. "I'm not bluffing," he added. Mr. aBiley said the offence had occurred without his knowledge. The crowds had been large and hard to handle, and the hotel had been short of help. It would never occur again, he promised. Several hundred of the leading bar-risters from all over the Dominion of Canada will gather in Toronto today and tomorrow for the annual meeting of the Canadian Bar Association. Married Woman Charged With Assaulting Lily Gurnevitch.

Charged with assaulting Lily Gurnevitch, Goldie Goldenburg, a married woman with three children, appeared before Judge Winchester yesterday. After hearing the story of both women and the husband of the accused his honor returned a verdict of not guilty.

On her return from a visit to Detroit Goldie Goldenburg heard news to the effect that Lily Gurnevitch was trying to steal her husband from her and had accepted a pair of gloves and a waist from him. On being questioned tonce, hing this matter, the latter denied any knowledge of the allegation, and it was alleged that Goldie showed her disapproval by strenuous use of a broomstick hence the charge.

Mr. Bailey said the offence had ocfact that all licenses would expire shortly and that the hotel had already been fined, the board would not take any further action at this time. He added that the King Edward was a big hotel and should be an example to smaller ones.

Mayor Church declared that the city needed more experienced counsel to handle cases in the assizes than is at present at the disposal of the legal department. The police commissioners, he said, were very disappointed at the outcome of one case in particular, and in appealing had engaged outside counsel. The mayor proposed \$7400 per annum as salary for the acting corporation counsel, but he was overruled by the board, who decided that under the agreement with Mr. Geary he should be consulted. Mayor Church introduced, and the board passed, resolutions to the effect that application should be made by the city solicitor to the board of railway commissioners for an order establishing uniform express charges within the city that he secure decision on the application pending re Earlscourt for a uniform charge for that district, and that the city solicitor draft an amendment to the manual to give the commissioner of finance control of the finances of all outside boards, including the harbor board, board of health and school board.

Water Supply to York.

The question of supplying the Township of York with water was brought up again by J. R. L. Starr, K.C., its solicitor, who wanted the city to make a decision in this connection. Both Mayor Church and that they will all buy again some time, althours then has been lost signit of and that is the inaction on the part of India and China, in normal times, the two largest consumers of the white market.

salary while on active service be \$1600 per year, instead of \$9000. Will Consider Grantse

The board also promised to consider making a gran to local aviators in course of training at Long Branch. Ald. Archibald introduced a deputation of students, and urged that \$100 per student was not too much for the city to donate. Contoler Foster held that it was a private school, while Mayor Church declared it was a pity that the Dominion Government should not consider it worth while to give assistance. A sub-committee is to investigate and report.

One of the leading authorities on silver in this country states that the future of the market is hard to forecast at the moment. He points out that the course of prices in this country naturally will follow the market in London, and says that the purchases by the mints of the various European nations at present seem to be what will make the quotation. He adds:

was a pity that the Dominion Government should not consider it worth while to give assistance. A sub-committee is to investigate and report.

Fire Chief Smith wanted money with which to engage expert electricians for the department, and pointed out that it was impossible to get good men at \$14 per week.

"You ought to be able to get men from outside places at \$14 a week," objected Controller Foster. As the money is not in the estimates, the chief will have to try to increase the wage limit of his 1915 appropriation.

Mayor Church introduced, and the board passed, resolutions to the effect that application should be made by the city solicitor to the board of railway commissioners for an order establishing uniform express charges within the city when this will be done no one can say, altho I have an idea.
