On the decilnes the fact became apparent at that considerable new export business had developd. Country offerings in the southwest states, tho, were reported heavier, and it was said that improvement in the floor trade continues to lag. Under such circumstances the undertone was rather heavy the greater part of the day, despite continued alertness in regard to tariff news from Washington. Corn and oats sympathized with the wheat setback, but buying of corn for a large elevator interest tended later ocheck the downturns.
