

ADMIRAL'S ORDERS CAUSE OF DRAMA

Eleven Dangerous Men 'o War
Put Out of the
Way

WITH TERRIFIC FORCE

Kaiser Wilhelm Der Nix Suc-
cessfully Demolished
Saturday

Eleven dangerous looking men 'o war, composing a squadron of German cruisers, with ill intent, and which have made traffic upon Lake Ontario most hazardous, have been completely demolished during the two weeks of the Exhibition.

Strategy has formed no mean part in the program of destruction. Meticulously have great vessels been destroyed and workmen have been kept busy very day making new ones in an effort to outdo the power of explosives. Probably the greatest record in the building of dreadnoughts has been made at the fair grounds where in its week-end two or three men have turned out an average of one a day.

They are all gone now and the mechanics, discouraged at being unable to keep up with the demand, have thrown down their tools in disgust and have actually struck. When Saturday night came, they had decided to give up and as a result, Admiral Oliver gave instructions to his conquering fleet to pile together all the remaining armor plate, planks, nails and canvas—to search the waters for floating debris and pile insult upon injury.

Then he mustered his captains, naval commanders and the office boys—placed a distinguished service medal upon the breast of Rear Admiral Joe Lay and after wishing them bon voyage, thundered forth the order which was to put silence upon the invaders. Said he, in thunderous tones: "Gather ye the dynamite. Leave no stick unturned. Take caution that none should escape. For we wish show these that gather about us the might and power of our shells. At a signal which I shall give them, it will be the wagging of my left ear, blow that pile of useless wreckage to pieces. I bid you go."

Thus the "Kaiser Wilhelm der Nix," the last remaining ship, was forever put out of the way.

BETTER PRESENTS WILL BE SHIPPED

Soldiers' Field Comfort League
Has Increased Size of
Boxes

EVERY MAN TO GET ONE

Special Boxes Also Being
Made Up for Nursing
Sisters

It is not an easy matter, perhaps, to become imbued with the Christmas spirit with the thermometer standing where it has stood during the past week, but, for all that, the plea of the Soldiers' Field Comfort League for funds with which to purchase gifts for the Canadian troops for presentation on Christmas morning has not fallen on deaf ears, and considerable donations have been made. Prominent among these was one of \$100 from the Cochrane Brewing Company.

The league, thru arrangements completed yesterday, will be able to send an even more attractive gift box than at first intended. The amount of tobacco will be increased to a quarter of a pound, and the cigarettes to 40 instead of 20. These will not go forward under private brand marks, but will bear the original marks of the manufacturer, so that Tommy will know just what he is getting.

Present to Every Man.

The organization plans to deliver to the trenches on Christmas morning a Christmas box to every officer, non-commissioned officer and man, irrespective of his birth-place, providing he has gone from Canada. The Canadian troops then quarried in England and Canada will be similarly treated. For every dollar subscribed, a box will go forward containing a card bearing the name of the donor. The box will contain one 50c pipe, one-quarter pound of smoking tobacco, one pair of socks, one box of matches, one and one-half other articles yet to be decided on.

These will be contained in a beautiful tin box of a size suitable for carrying in the haversack. The box is of a heavy design, in red, gold and white, while there is a picture of a Tommy on the front, surrounded by maple leaves in natural colors. The lid bears the message that the box is a gift from "The Citizens of Canada." Expert opinion has been secured in making the choice of gifts, and all are agreed that such gifts are real want of the boys at the front.

A special box is now being made up for the nursing sisters at the front, containing articles dear to the feminine heart.

LABOR MINISTER WILL TOUR WEST

Hon. T. W. Crothers to Visit
Industrial Centres During
the Month

UNEMPLOYMENT PROBLEM

No Labor Unrest, But Minister is Worried Over Situation

By a Staff Reporter.

OTTAWA, Sept. 11.—Hon. T. W. Crothers, minister of labor, left at noon today for a tour of the industrial centres of the west. He expects to be away about a month.

This will be the most extensive inquiry ever made by labor minister into industrial conditions in the western provinces. Mr. Crothers hopes to visit every place where labor interests are important between Fort William and Vancouver, and while in the latter city, he will attend the sessions of the trades and labor congress.

There is no labor unrest in the west of any seriousness, but there is a good deal of unemployment. This question has given Mr. Crothers the great deal of worry and a great deal of his time has been given to assisting in every way possible the mitigation of the seriousness of this situation.

Gold Rush to Kowkash Rivals Porcupine

Advertiser just returned from BIG FINDS, returns in a few days with equipment to stake a number of claims in the "KING OF THE NORTH" district, where prospect claims can be staked for interested parties who desire to be "in the right" before the big rush and boom. CANADIANS BUSY IMPROVING LINES

Sir Max Aitken Cables Gen.
Hughes of Their
Activity

ENEMY IS VERY ACTIVE

Working at All Points Along
Front Day and
Night

By a Staff Reporter.

OTTAWA, Sept. 11.—Sir Max Aitken in a cable to Sir Sam Hughes today says: "The situation along the front, held by the Canadian division, has been more active than usual on the 1st, 2nd and 4th instants, particularly on the front of our left brigade."

"Patrols have been sent out nightly and our snipers have successfully maintained their superiority over the enemy snipers."

"Large working parties have been employed day and night improving our lines."

"The enemy has displayed considerable action with his working parties both day and night at all points along our front. Several of his working parties were dispersed by our fire."

"On Aug. 31 we exploded one of our defensive mines between our front trenches and those of the enemy."

"The crater formed was immediately occupied by our troops."

"Arrangements have been made for two parties of Canadian journalists to visit the front during the week Sept. 11 to 18. The parties will be under the direction of Sir Max Aitken."

WHITE STAR LINE REPLIES TO HUNS

Says German Excuse for
Arabic Sinking Unsup-
ported by Facts

NO ATTEMPT TO RAM

Nor Did the Steamer Try to
Escape From Sub-
marine

LIVERPOOL, Sept. 11.—The White Star Line made the following statement today to the Associated Press with regard to the German Government's explanation of the torpedoing of the Arabic:

The German excuse contained in the note published today is just as audacious as the previous one and is absolutely unsupported by facts.

A great point is made of a supposed attempt on the part of the Arabic to ram the submarine, but everyone knows that courses must frequently be changed in the channel, and any change of such a kind, could not possibly have been taken by the Germans to mean an attempt to "ram."

There is not the slightest question that the Arabic did not try to ram, for the simple reason that the submarine was not seen by Captain Finch. Moreover, the Arabic did not try to escape, the only preparation taken being to put the helm hard over directly the torpedo was seen.

CLASSIFIED ADVERTISING

is run in The Daily World at one cent per word; in The Sunday World at one and a half cents per word for each insertion; seven insertions, five times in The Daily, once in The Sunday, for one week's advertising, for 5 cents per word. This gives the advertiser a combined circulation of more than 162,000 in the two papers.
