Sanitary Metal Ash Barrels and Sifters

Safe—Sensible—Economical

In preparing for winter comfort in the home, it must always be borne in mind that heating entails the "taking up" and care of ashes which, with the right kind of Ash Barrel and Sifters, can be made comparatively easy.

You will find our Galvanized Sheet Iron Ash Barrels strong and durable, clearly, sanitary and really cheaper in the end.

Price: "THE HUSTLER" ASH SIFTER is dullest, simple and easy to operate. You just place the ashes into the receiver at the front, close the lid, turn the handle and the cinders passing into the scuttle hanging at the lower end are separated from the waste material, which goes to the barrel below.

"HUSTLER" ASH SIFTERS at any of our Metal Ash Barrels, and cost but.....\$6.50 each

ORDINARY ASH SIFTERS.....\$5. and \$1.35 each

THE DAWN OF NEW DAY FOR RUSSIA

Pardoned Revolutionary Bourzoff Radiant With Hope For Empire's Future

London, Oct. 15.—Vladimir Bourzoff, the Russian revolutionary, who returned to his country at the outbreak of the war was sent to Siberia and recently allowed to return to European Russia, where he is now living, expresses high hopes of a New Russia in an interview published in the Petrograd Bourse Gazette.

"During the whole term of my imprisonment in Siberia," said Bourzoff, "I never doubted I would be set free the moment Makisov and Tshelovskoy were dismissed and the news that they had to resign gave me greater joy than even the news that I had been pardoned. The discharge of the two ministers signified for me the deathstroke to Old Russia and revived my hopes that the impending catastrophe that was dawning would be averted since these evil spirits of Russia had gone."

"All that followed filled me with the most radiant hopes. I witnessed with intense joy the animation of public spirit in Russia and the instant resolve to come to the much needed settlement of important internal problems. I only regretted that such questions as the independence of Poland and abolition of restrictions for Jews had not been settled a year ago. It might have saved millions of Russian lives who might have advanced far beyond Galicia."

Questioned as to what he thinks of the proposition of the Duma Bourzoff said it was a great blow to him but he firmly believed the sittings would be resumed very soon and "no one can doubt at the present hour," he added "that the Duma and the country are closely united. Our salvation depends on the Duma. We begin to breathe freely. We live an intense political life and I do not doubt for a moment that Russia stands at last on its way to real social progress and will march on in close contact with the whole civilized world. I am also convinced that the triumph of all we have fought for is a thing of almost the immediate future."

Progress of Recruiting Here—Draft From 64th For the 40th—Now 130 in 88th With Fifty on Waiting List

James Jarman, of the 26th Battalion, reported from France seriously wounded. He is a native of England. Captain John Appleton, of Windsor, N. S., is also reported wounded. He is with the 26th Battalion.

Three recruits from the 88th Battalion here yesterday were Frank D. Sealey, Central Greenwich, N. B.; Weldon R. Simpson, "Starbuck," and "M. Shales," "Starbuck," N. S.

According to Lieut. Col. Armstrong the slight battery now being organized will be sent overseas very soon, after a short period of training, and officers and men will have a period of training at Woolwich.

A meeting arranged for City Hall, West Side, last night, was probably until next Thursday night. At the Mill street meeting last night, Douglas McArthur, H. H. Powell, K. C. Mayor Frank, John Martin, and L. P. D. Tilley, K. C., were the speakers. Songs were given by C. A. Munro and Dr. Leonard.

A draft of one hundred men and three sergeants from the 88th Battalion left Sussex last evening in charge of Lieutenant McDonald to join the 40th at Valenciennes.

About thirty recruits were added to the 88th Battalion yesterday, making the enrollment 180. There are about fifty more awaiting to be examined today.

R. Morton Smith, who returned yesterday from England, brought news that his son, Lieutenant F. M. Smith, who was wounded in the arm at the battle of Loos, is being cared for, with about sixty other officers, at Lord London-derry's residence in London. Mr. Smith's second son, Roland, who was shot in the leg in a hospital in Southampton. Officers of 88th

The following officers, recommended for appointment to the 88th Battalion by Lieut.-Col. Fowler, have been approved by the militia department: To be sent in command with rank of major, Lieut.-Col. C. W. Gunning, R. O.; Junior major, Major H. A. Boggs, R. O.; provisionally, Lieut. H. P. Osborne, 71st Regiment; P. M. Ristang, 68th; A. H. Tweedie, 73rd; H. A. Clarke, 73rd; Malcolm Mackay, 62nd; J. C. Hanson, 74th; G. O. Price and T. W. Barnes, 8th Hussars. These officers have been instructed to report for immediate duty.

WAR HAS NO TERRORS FOR HOCKEY MAGNATES

Vancouver, B. C., Oct. 15.—There will be a four club circuit in the Pacific Coast Hockey Association during the coming season. Victoria decided to remain in the running and Seattle being formally admitted at the fifth annual meeting of the directors of the association held in this city, when the schedule for the season was drafted and detailed plans for the year drawn up. The teams which will compose the Pacific Coast Hockey League are the Vancouver Millionaires, holders of the Stanley Cup; the Victoria Aristocrats, the Portland Rosebuds and the Seattle Metropolitans.

According to the schedule drawn up for the hockey season will open on December 7, Portland playing in Vancouver and Victoria opening at Seattle. A total of 80 games will be played, the season concluding on February 25.

The following officers were elected for the ensuing year: President, Frank S. Patrick, vice-president, E. M. Savage, of Portland; secretary-treasurer, E. J. Small, of Vancouver. Directors—S. C. Spencer, Portland; Lester Patrick, Victoria; J. F. Douglas, Seattle and C. W. Lester, Seattle.

Now that Victoria has decided to remain in the league there will be a lot of new playing material required, and it is possible that Lester Patrick will have to go east and hunt the bushes for lively-looking players. Questioned today Lester

PALE, FEEBLE GIRLS

Weakness Generally Comes on as Womanhood Approaches

Girls upon the threshold of womanhood often drift into a decline in spite of all care and attention. How often one sees girls who have been strong and lively become suddenly weak, depressed, irritable and listless. It is the dawn of womanhood—a crisis in the life of every girl—and prompt measures should be taken to keep the blood pure and rich with the red tint of health. If the blood is not healthy at this critical stage the body is weakened and grave disorders follow.

"Dr. Williams' Pink Pills have saved thousands of young girls from what might have been life-long invalidity or an early death. They are a blood-builder of unequalled richness, strengthening weak nerves and insuring a liberal supply of red, healthy blood which every girl needs to sustain her strength. Dr. Williams' Pink Pills have proved their great value over and over again to young women whose health was failing. Miss Minnie Duffield, Exeter, N. B., says: 'It gives me great pleasure to tell you what Dr. Williams' Pink Pills have done for me. When I was approaching the age of womanhood I suffered greatly from bloodlessness, or anaemia. My work was a drag to me, I had no appetite and never felt rested in the mornings. I could scarcely walk for five minutes at a time without feeling very tired. I was troubled with severe headaches, and things looked gloomy indeed. I doctored for a long time and got but little, if any benefit. I was advised to try Dr. Williams' Pink Pills, and did so and after taking them for a few days I felt like a new person, and was again enjoying splendid health. I would strongly advise any girl who is weak or run down to try Dr. Williams' Pink Pills.'

You can get these pills from any dealer in medicines or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Patrick refused to discuss his plans merely saying he was on the lookout for four or five promising youngsters. Whether he would go east or not he refused to state.

Manager Frank S. Patrick of the Vancouver Stanley Cup holders, declared that practically the whole team had signed contracts for another year and that only one or two had not been heard from. These, however, are almost certain to be in line within the next week or so.

Pete Muldon will likely secure the Membership of the Seattle Club. He is now seeking his release from Portland.

HEALTHY CHILDREN

A child's health depends upon the state of his stomach and bowels. If they are kept regular and sweet the child is apt to be healthy. Baby's Own Tablets are the mother's best friend in keeping her little ones well.

They are a gentle laxative, are absolutely safe and are pleasant to take. Concerning them Mrs. David Label, Ste. Perpetue, Que., writes: "My baby was so troubled with constipation that he could not sleep day or night. I gave him Baby's Own Tablets and now he is healthy and happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box. Write to Dr. Williams' Medicine Co., Brockville, Ont."

HIGH PRICE FOR POTATOES. Potatoes are now going at high prices in the Fort Fairfield markets. Prices took a sudden jump Tuesday and on Tuesday Wednesday were going around \$2.25 and higher. The buyers were taking all the potatoes they could get, small ones and all going at a good price. Some of the farmers are holding out their potatoes, expecting to get still higher prices later on. It is the prediction of many of the farmers that prices will be up around \$4 before the winter is through.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

Are the Well to do Helping Out as They Should, Asks New Yorker—His Answer

(Canadian Finance, Winnipeg.) In the columns of The Nation—most staid of New York weeklies—appears a letter from "one of the moderately rich," almost startling in its self-criticism. The writer begins by expressing the conviction that the great majority of his class, including himself, "are acting like hogs."

"Though millions suffer for food and care in Belgium, Serbia and Poland, he doubts whether there are any of the well-to-do in the United States who have taken the situation sufficiently to heart to make any appreciable sacrifice to help relieve it. An appreciable sacrifice he defines as being any real curtailment of pleasure at all comparable to that involved in the giving of a dollar or even a half dollar by a laboring man or woman."

Further self analysis leads to the open confession that when, during the last summer, he found certain exigencies of his family demanded a \$1,000 trip and

But there are thousands of us in Canada who have not risen to anything like the full measure of our responsibilities. Two much is left for the "willing horse" element of the public to carry—and the burden is so heavy that every one's back should bear its proper share. Small wonder if there is a growing call for some well thought out plan where by municipalities and provinces, if not the federal government, should provide by equitable taxation for the Patriotic Fund and the Disbentment Fund. But meantime, let no one make the desirability of some such ultimate plan an excuse for present withholding of needed contributions.
