SAYS SPY QUESTION IS STILL UNSETTLED
Sir Henry Dalziel, M. P., Throws Some Light on Secret Service Methods
London, Feb. 10.—Notwithstanding all exaggeration and belittling that the matter of spies has received in various quarters, the question still remains unsettled, and is now of even greater moment than ever, declared Sir Henry Dalziel, Liberal member for Kilmearly Burghs, Scotland, in an interview. As a member for an east coast constituency he had found a great discrepancy between the methods adopted by the local police and military authorities. In several instances suspected aliens, arrested by the former, had been released by the military. While the Home Office had not been blamed for supposing that the responsibility lay with that office—

DRESS WARM AND KEEP FEET DRY
Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.
Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.
Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it into the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints, muscles causing stiffness, soreness and pain called rheumatism.
At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.
Jad Salts is inexpensive, harmless and the use of grapes and lemons juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which cures rheumatism, and is beneficial to your kidneys as well.

Committee Appointed by Horticultural Association to Report on Needed Retrenchment
Whether or not the more entertaining parts of Rockwood Park will be closed down for a season is not yet known, for a committee of the Horticultural Association was yesterday given carte blanche in the matter. This was done by the association in annual meeting. T. H. Estabrook presided. This year's difficulty arose, as is now well known, through the decision of the city council to discontinue for the year the grant of \$4,000 which had been usually made to the association to help to carry on the work of the park. Over 100 members of the association that found expression by Judge Forbes among the hills at yesterday's meeting, that the grant was of a compulsory nature out of the assessment, and the chairman mentioned that while the legislation had been secured with the idea of its being compulsory the wording was in effect left so that the grant was wholly at the discretion of the city council.
After some discussion the following committee was appointed to decide whether, if the grant could not be obtained, it would be advisable to close or
