LOCAL NEWS

SPRING CLEANING.

Repairs are being made to the walls and ceilings of the central police station as the plaster has fallen off in some places and in other parts a general spring cleaning was necessary.

DEATH OF CHILD.

Friends of Mr. and Mrs. F. G. Keefe, 77 Hawthorne avenue, will sympathize with them in the loss of their infant daughter, Frances Elizabeth, aged seven weeks, who died yesterday.

RIVER SERVICE BEGUN.

Steamship navigation on the St. John river opened this morning when the Ocoee left Indian town en route to Wickham and intervening points. She carried a fair-sized general cargo. The Champlain is due to make her first trip tomorrow at 12 o'clock for the Jemseg.

WRECK INQUIRY.

Captain L. A. Demers, Dominion wreck commissioner, arrived in the city on the Montreal train at noon today. He is en route to Halifax where he will hold an enquiry into the grounding of the Imperial Oil Company's steamer Impoco on Blonde Rock. He expects to open the enquiry Wednesday morning.

BIRTHDAY PARTY.

On Friday evening a large number of friends of William St. John met at his home, 196 St. James street and tendered him a surprise party in honor of his birthday. John Corey, of West St. John, on behalf of those present, made Mr. Thompson the recipient of several beautiful tokens of esteem. During the evening refreshments were served and games, music and dancing enjoyed.

ENTRY FORWARDED.

The entry of a team representing the Young Men's Catholic Institute of this city, has been forwarded to Fredericton for participation in the N. B. and Maine candlepin championship tournament which will take place in Fredericton late this month. Entries will close tonight. Other teams already entered are Fredericton, Calais, and Y. M. C. A. and Black's of St. John.

MAILS FOR OVERSEAS.

Full mails for the United Kingdom will be despatched from St. John by the Victorian on April 13, and by the Empress of France on the 22nd. These steamers will sail after the arrival of train No. 40, the mails closing at 9 a.m. on those dates.

The postmaster is also informed that all classes of mail matter, except parcel post, may now be accepted for transmission to Russia. This supersedes all previous notices in regard to the mail service to Russia.

PAIR CLOSED.

A fair which was conducted last week by Golden Rule Lodge, I. O. O. F., in their hall, West St. John, was brought to a successful close on Saturday evening. The door prize was won by ticket 885. Prize winners were: Ladies' bean bag, Miss Sophie Murphy, Japanese tray; men's bean bag, W. Connor, pyrex plate; air gun, W. Connor, butter knife and sugar shell, excelsior, B. Thompson, pie knife and tongs, and Campbell, centre piece. The fair was a success and was attended by many during the week.

NOT IN THE CONTRACT.

The Times today was shown a novel form of liability insurance. It is a golf-club's liability policy, which guarantees the player against claims arising from injuries inflicted on caddies, club employees, and the general public. Presumably the company assumes the risk of a player using his club on delinquent or sarcastic caddies. What amount could be claimed by a devoted church attendant having to listen to language alleged to be used on trying occasions is not stated in the contract.

METHODIST MINISTERS.

A discussion of boys' work and of the programme for the annual Methodist conference to be held in Sackville in June occupied the attention of the Methodist ministers of the city at their weekly meeting this morning. The discussion on boys' work was introduced by Rev. G. F. Dawson. He dealt with the work as represented by the Maritime Council for Religious Education. The conference recommended the appeal for the Vimy memorial church was introduced and made the first order of business for the next meeting. Those present were Rev. Messrs. Neil McLaughlin, chairman; S. Howard, Dr. S. F. Heustis, H. A. Goodwin, Jacob Heaney, J. B. Gough, G. F. Dawson, Henry Penna, E. E. Stiles and H. B. Clarke.

FREDERICTON DOCTOR TO CHINA ON MISSION WORK

(Special to Times.)
Fredericton, N. B., April 11.—Dr. Kenneth A. Baird of this city has been accepted by the foreign mission board of the Presbyterian Church for service abroad, and has been assigned for work at North Honan, China. He and his wife will leave Fredericton on May 1. He was graduated by U. N. B. in 1914.

HERE FROM THE WEST INDIES

Coming from azure skies, out of which shone a hot sun, to leaden clouds and an April snow flurry, was the experience of 170 passengers on the R. M. S. P. Camquet, which docked at the Pettibon wharf at 10:30 this morning. The trip from Bermuda was uneventful. Of the 170 passengers, ninety-five were first class passengers and seventy-five were third. Of the latter sixty-two were military, commanded by Captain Thomson, D. S. O. These are service men whose time has expired, and they are on their way to England.

It was said on board steamer this morning that the winter season in Bermuda is about over and the tourists are anxious to come north again. As a result there is a great rush for accommodation on steamers coming up. Among the passengers arriving on the steamer were Mr. and Mrs. I. W. McAllister and Miss Rudler of Calais, Maine, who left Halifax on January 7 and have been touring the West Indies; J. DeWolfe, Mrs. DeWolfe, and Mrs. A. DeWolfe, Mr. and Mrs. W. Mitchell, all of Halifax; Mr. and Mrs. R. Cameron, Miss C. Cameron and Mrs. R. French, H. B. Clarke, Mr. and Mrs. F. C. Clarke, Mr. and Mrs. H. E. Clarke and son, all of Toronto; P. C. Stevenson, who has been opening branches of the Canadian Bank of Commerce in the West Indies, and Mrs. Stevenson of Ottawa; J. B. Comp-ton, secretary to E. W. Beatty of the C. P. R., and Mrs. Combs of Ottawa.

OPPOSITION TO LEGISLATION RE RESTAURANTS

Delegation to Fredericton Tomorrow to Back Up the Measure—Electrical Law Amendments Passed—The One-Man Car Matter.

The bill which was introduced by the common council and which is now before the legislature at Fredericton, providing for the prohibition of stalls in restaurants in the city, is to be opposed, so it was announced at the common council committee meeting this morning. Mayor Schofield and Commissioner Thornton of the public safety department will go to Fredericton tomorrow to support the matter before a committee of the legislature.

When the announcement was made that a delegation would go to Fredericton, Commissioner Jones objected, saying that he did not approve of the expense. He said that not everybody was in favor of banishing the stalls; he personally saw no objection to them.

Commissioner Thornton replied that he had introduced the proposed bill and he would go to the capital and back it up, whether the city paid his expenses or not. Commissioner Bullock reported that it was estimated by the city engineer that the cost of the upkeep of the trestles at West St. John used by the C. P. R. would amount to about \$80,000 covering a period of nine or ten years. He said that he was estimating the annual cost at \$10,000, and on these figures he proposed to base any agreement that was made with the C. P. R. He said he would report further in the matter.

Electrical By-laws Approved.

Regarding proposed amendments to the electrical by-laws, Commissioner Thornton said he had a communication from Mr. Webb, of the electrical section of the Commercial Club, withdrawing objection to one clause.

On motion, the by-laws as amended were passed.

Commissioner Thornton reported that there were 118 poles in Douglas avenue. Seven of these, he said, were claimed by the N. B. Power Company. On his motion the commission of public works was asked to bring in a report on the number of poles in the city, with a list of their owners. He said that by an old agreement with the power company the city owned all the poles in Lorne and Lansdowne wards.

The mayor suggested that, after a survey had been made, the poles might be marked to indicate their ownership. Commissioner Bullock suggested that no poles be allowed within 12x12-inch Douglas fir, and 80,000 feet 12x12 Douglas fir, for use on repairs to harbor wharves. He said the repairs this year would cost between \$205,000 and \$210,000. The largest job would be the re-rubble-planking of North wharf. He said there was an alternative proposition to fill in and pave from Nelson to Market square and double-plank the balance. He said this would cost less and give a more permanent job.

Mr. Bullock asked for authority to advertise vacant city lands in Lancaster for garden and pasture. The authority was granted.

Lumber For Wharf Repairs.

Commissioner Bullock asked for authority to advertise for the purchase of 250 pieces of piling, 185,000 feet three-inch spruce, forty pieces 12x12-inch birch, 180,000 feet 12x12-inch hemlock, and 80,000 feet 12x12 Douglas fir, for use on repairs to harbor wharves. He said the repairs this year would cost between \$205,000 and \$210,000. The largest job would be the re-rubble-planking of North wharf. He said there was an alternative proposition to fill in and pave from Nelson to Market square and double-plank the balance. He said this would cost less and give a more permanent job.

Commissioner Bullock reported that the McAvity warehouse at McLeod wharf would be vacant on May 1. On taking the matter up with the Canadian National Railways, which desired to purchase the property, he was advised that the correspondence had been sent to Ottawa, and a reply would be sent as soon as possible.

The mayor said he had no reply from J. N. B. Power Co. regarding the purchase of one-man cars. He asked what reply would be sent to F. A. Campbell regarding his request to have the council approve of a petition on the matter.

It was decided to send word to Mr. Campbell as to what action had been taken.

TWO LINERS ARRIVE TODAY

The C. P. O. S. liner Corsican arrived in port this morning about 11 o'clock and docked at Sand Point about one o'clock this afternoon. She came direct from Liverpool and had 374 cabin and 894 third class passengers, in addition to 1,899 tons of general cargo and 500 packages of mail and parcel post.

The C. P. O. S. liner Victorian is due to arrive this afternoon from Southampton and Antwerp. She has 228 cabin and 881 steerage passengers, in addition to 1,899 bags of mail and 2,700 tons of general cargo. Among the passengers are A. S. Maynard, purchasing agent of the C. P. O. S., and Lorne Ogilvie of Brockville, Ontario.

MANY RETURNED BUTTONS LOST

Seven Applications for That Found and Handed to the Mayor's Clerk.

It is evident that many returned soldiers have lost or misplaced their Class A badges since they were issued on their arrival home, for no less than six have made application for that which was found and handed to the mayor's clerk last week. In no case, however, did the number of the badge agree with the one in his possession. The latest applicant was David Jones of Woodstock, who wrote the mayor that while a patient in the D. S. C. R. hospital at Lancaster he lost his "returned" button, No. A-78904. The number, however, is not the same as on the button in the mayor's office.

OAK HALL

To Future Brides and Grooms

There is hardly a week passes in this store but that at least one young couple comes in here—sometimes the girl alone and sometimes the man alone—pick out a piece or two of furniture and commence paying on it.

Naturally it costs more to furnish a home these days. While furniture did not advance, proportionately, as much as other commodities, still so much must be bought, if the home is to be properly furnished, that the sum total might run into a fair sum.

If you will take a walk through the store your eye may rest on some nice piece that you will want to start to buy right away. You are welcome to look around all you like, and no obligation entailed naturally; and you need not have a salesman accompany you, unless you wish one.
