A leak in the 24-inch main from Spruce Lake, which was discovered last evening in the Gypsy Settlement road, about 800 yards from the South Bay road, necessitated the shutting off a portion of the water supply to parts of Lancaster this morning. Workmen engaged on the job said this morning that the wedge system of joining was not satisfactory, as they blew out so easily and that it was possible that the whole pipe will have to be covered and sealed with lead at some time in the future. It is expected that the service in Lancaster will be resumed in full this afternoon.

Homes Better than Grandma Had

The home in which your grandparents were reared was no doubt neat and comfortable, but you would never be satisfied to live amidst such surroundings because you have access to features in home furnishings which your grandparents never dreamed of possessing.

The higher your ideals, the higher your plane in life. If you start your career by fulfilling your ideal for a beautiful home, you have won in the first battle with the world, and the succeeding battles are all the easier.

A home to be properly furnished must harmonize. The walls, the rugs and the draperies must blend with the style and finish of the furniture if good taste is not to be affronted.

A few years ago it was necessary to employ an expensive advisor to furnish a home properly, but today this service is granted free. You have but to ask our advice and it is cheerfully given to the most minute detail. Whether you follow this advice is optional with you. We are here to serve to our utmost, and in serving we strive first of all to please.
