Situation More Tense In Ireland Today

General Strike Causes Increased Fear as to Developments — Constable in Dublin Shot — London Papers on the Hunger Strike.

Dublin, April 14.—The general strike declared yesterday in protests against the treatment of the Irish hunger strikers in Mount Joy prison continued today with added tenseness and increased fears of serious developments. Sixty thousand workers in Dublin alone are on strike and a feeling of pronounced excitement prevailed throughout the capital.

The day was marked early by a fatality. Constable Harry Kelly being shot dead while on plain clothes duty in Camden street this morning. The assailant was an unidentified young man. He fired two shots from his revolver and ran away.

Thousands of people are parading the streets and collisions between the police and the military are feared.

There have been no developments in connection with the strike. Viscount French sent for the lord mayor today and later the military was withdrawn from the vicinity of Mount Joy prison. One of the prisoners among the hunger strikers was removed to the city hospital in a state of collapse.

Another development was the arrival in Dublin of General Sir H. Maccready, the new commander of the forces in Ireland, who is expected to assume his duties at once.

CONCESSIONS BY GOVERNMENT?

The general expectation here with regard to the hunger strikers, based upon last night's debate in the House of Commons in London, is that the government, although refusing to release the political prisoners, will make some concessions in their treatment to secure the termination of the hunger strike. The feeling appeared to be that some formula for a settlement which would not be held to constitute a backdown by either side was being sought.

Reports were that the general strike was not much changed today but feeling is becoming more intense. Shops were opened for a few hours this morning for the sale of foodstuffs.

Pickets were seen throughout the morning stopping motor cars, which were allowed to proceed if a satisfactory explanation of the business of the occupants was given; otherwise they were turned back. Police are stationed in the principal streets and the crowds which have been orderly.

London, April 14.—The Unionist members of the Londonderry city council withdrew from the session today when a resolution of sympathy with the hunger strikers in Mount Joy prison was proposed. Applause greeted a statement by Mrs. Morris, a Nationalist councillor, that she had prayed the previous night to the Mother of Mercy that these poor men would triumph over the savage head of Lord French.

London, April 14.—Andrew Bonar Law, government spokesman, said in the House of Commons today that the Irish government had decided to treat those prisoners in Mount Joy who were arrested on suspicion of complicity in military activities, differently from other classes of prisoners, who would receive ameliorative treatment.

LONDON PAPERS ON SITUATION.

London, April 14.—Most of the morning newspapers do not contain any news of the situation in the house of commons, in which he announced that the government would not release the political prisoners but would make concessions to the hunger strike of Irish political prisoners held in Mount Joy jail in Dublin.

The Times, however, condemns the government's policy, saying: "It is based on a too narrow conception and is consequently wrong. Whatever the cost to the prestige of the Irish executive department and the pride of ministers, broader and more merciful considerations should be permitted to prevail."

The newspaper warns the government that the incident is embittering England's relations with Ireland.

Emphasis is laid by the Daily Mail on the fact that many of the hunger strikers have not been convicted in proper constituted courts and justice should not be allowed to starve.

"On such exceptional and momentous occasions," the newspaper continues, "we look to the government to take a broad and generous view."

The Daily News has no editorial comment on the situation, but describes Bonar Law's attitude as "merciless indifference."
