THE EPSOM RIOT TRIAL IS BEGUN

Charge Manslaughter in Causing Death of Police Sergeant Green

Canadian Officers Give Evidence and Good Army Records of the Eight Accused Men are Presented to Court

London, July 22.—(Reuters)—Privates F. H. Wiles, 102nd Canadian Battalion; J. Connors, 18th Canadian Highlanders; A. MacKester, 3rd Canadian Reserve; A. McAllan, R. A. McAllan, both of Camp D, forestry corps, who were committed for trial at Bow street on manslaughter charge in connection with the death of Sergeant Green of the Epsom police; and also Bugler Robert Todd of the Canadians, who was committed on a common-law warrant, were brought up yesterday in the Surrey assizes. Justice Darling presided. They were indicted for unlawful and riotously assembling to disturb the peace and causing damage to property. All were defended and pleaded not guilty.

Sir Ernest Wild, prosecutor, declared Connors had been seen striking Sergeant Green. He submitted that as the accused were among the rioters and the death of Green had resulted from that common and unlawful purpose each was guilty of manslaughter.

Inspector Pawley, who was in charge of the police station at Epsom, was asked if the soldiers had run amuck. He replied: "They had murder in their hearts."

Major J. P. Bird, C. A. M. C., adjutant at Woodcote Camp, said there was no armed force there to deal with these three or four hundred men.

Replied to Mr. Abinger, Major Bird agreed that if the men heard the bugle sound "fall in" or "general assembly," which was the fire call, it was their duty to tumble out of bed, get dressed and fall in. Mr. Abinger suggested that if somebody said "quick march" the men would then march off without having any idea where they were going.

Major Bird replied: "Yes, if the order was given by an officer."

Major Ross, fourth battalion Canadian infantry, who was orderly officer, told the court how he had discovered the men assembling in camp and tried to prevent them going to Epsom.

Evidence was given as to the good army conduct of the accused and also that some of the accused on returning to the camp bore marks of recent wounds. The hearing was adjourned.

TWO MORE DEATHS IN WASHINGTON RIOT

Washington, July 22.—Despite all precautions taken by civilian and military authorities, rioting between white and negroes broke out again tonight in Washington and a report was received at 10 o'clock that a white man, a home defense guard, had been shot and instantly killed in the northwest section. Soon after the killing of the home defense guard, the police received another report that another guard also had been shot by a negro. He was reported as fatally wounded.

MAY HAVE 8,000 SOLDIERS HERE

Further Details of Reception For Prince of Wales and N. B. Veterans Considered at Meeting Yesterday

Plans for the reception to the Prince of Wales and for the organization of the welcome to New Brunswick's returned men were discussed at a meeting held yesterday. Mayor Hayes presided and R. S. Ritchie was chosen secretary.

Major N. P. McLeod, president of the G. W. V. A., made known that there would be between 5,000 and 8,000 soldiers in St. John for August 14 and 15. August 14 is to be definitely known as Soldiers' Day and a programme will be arranged by a committee for the entertainment of the returned men while here. A committee consisting of Mrs. G. A. Kuhn, Mrs. H. A. Powell and Mrs. J. A. Mulcahy were appointed to look after the housing of the visiting soldiers. It is understood in this connection that a definite appeal for the opening of the private homes of the city will be made so that the soldiers will be accommodated in this way. C. B. Allan was named chairman of a committee which will look after the accommodation of the civilian visitors who will be here during the two days.

Mayor Hayes, S. H. Hayes and Major McLeod will form a committee which will interview the transportation companies for the purpose of seeing what can be done in the way of bringing the soldiers from points throughout the province into the city. The question of securing free transportation will also be looked into.

A hospitality committee consisting of the chairman of the different sport organizations of the city was also formed and will meet in the mayor's office Thursday afternoon at 2:30 o'clock to perfect plans.

W. H. Golding was appointed chairman of the publicity committee and to see that printed programmes of the events for the two days be published.

Just what form the reception should take when the prince steps on the dock at the Eastern Steamship Company's wharf occupied considerable attention. It was suggested that this should form the most effective part of the reception as this would be the prince's first glimpse of the city of St. John and here he would naturally form his impressions. It was suggested by General McLean that the school children be arranged in tiers of seats, carry flags and as the prince first appears greet him with a verse from a patriotic song followed by a patriotic demonstration.

It is also planned to have the same arrangements on either end of the south side of King square so that when the prince comes along flowers can be shown upon him and strewn along the march by the children. Patriotic airs by the children here is also planned.

The suggestion that cheer leaders, probably to be found among the commercial travellers, be selected for the purpose of enlivening the general public, also found much favor, although it was said "they had some contract."

Reports from some of the committees appointed yesterday will be made on Friday afternoon when another meeting of the general committee will be held again.

On the arrival of H. R. H. Prince of Wales on Friday, August 15, at 10 a.m. a royal salute by two gun crews will be fired in Queen square. The gun crews will be composed of veterans and will be furnished by the G. W. V. A. of this city. A captain's guard of honor will also be drawn up at the place of landing.

McCallough, from prison in Toronto on a charge of murder, yesterday gave herself up to the authorities. She had escaped from the jail after helping her lover to do so.

At Amherst, N. S., internment camp yesterday some 550 German prisoners were placed aboard a train for Quebec, whence they will be sent to Germany.

The Welsh miners have decided to remain at work for the present.

VOTE OF CONFIDENCE FOR FRENCH PREMIER

Paris, July 22.—(By The Associated Press)—The chamber of deputies gave a vote of confidence in the cabinet of M. Clemenceau this afternoon by a vote of 272 against 181.

M. Clemenceau's opponents were jubilant over the vote in the chamber, saying that it spelled the doom of the cabinet as at present constituted.

Premier Clemenceau on leaving the chamber said: "This is a mere skirmish. The real battle is coming."
