John McCaffrey, of Sand Point, so well remembered in the ferry service of years ago. She survives her husband, as do three sons and one daughter, all in Boston. He also leaves one sister, a member of the Sisters of Charity, Cliff street. Mr. Knox was a man of exemplary life and leaves behind him the record of days well spent. His funeral was held in Boston yesterday.

POLICE COURT TODAY

Teams Must Not Be Allowed To Obstruct the Sidewalks

But two prisoners were arraigned in the police court this morning. Charles McCarthy was remanded on the charge of drunkenness and Hugh Kelley was fined \$8 or thirty days in jail on the charge of drunkenness and \$8 or two months in jail for profanity. James Dempsey, reported for driving a horse and wagon on the sidewalk in Pond street, did not appear, but Councilor Donovan, his employer, explained to the court that Dempsey was removing manure from the Dominion Express Co's barn and that it was necessary for him to drive on the sidewalk. The Magistrate said that there was altogether too much of this going on in the city, and said to the police that all offenders in future should be brought before him. "The rights of pedestrians in this matter, must be looked after and teams should not be allowed to encroach whatever on the sidewalk. It too often occurs that citizens have to take to the road while a coal team or some other wag on obstructs the sidewalk. This has to cease, and all offenders brought before me will be fined." The matter was allowed to stand over till next week.

THE WATER SERVICE Residents of Mount Pleasant are reported in favor of the double pressure water system at least as applied to their part of the city. Since the valves in the mains were manipulated to divert a larger supply to the higher levels they say they have enjoyed a more satisfactory service than they have had for years. The fire insurance underwriters are said to be pleased with this situation as regards the heights but are waiting for the next tests to see the effect on the lower parts of the city.

LUMBER OUTLOOK NOT GOOD

Operators All Agree That Cut This Season Will Be Smaller

VARIOUS REASONS

Most of the Local Mills Will Probably End the Sawing Season Early in December Though One Firm Will Run Into New Year

The outlook presented to the lumbermen in this province for next year does not seem particularly encouraging at the present time and, unless a change for the better presents itself, it is not expected that the season of 1912 will be recorded as distinctly noteworthy for its activity. All lumbermen agree that the cut this year is to be greatly curtailed and various reasons are given for the decrease. The strike in England some weeks ago practically paralyzed business for a time, but trade is now assuming its normal conditions. The disturbance in trade, however, caused much uneasiness. Ocean freights advanced considerably and this fact curtailed shipments during the months of September and October. It has been practically impossible to charter any tramp steamer in the ordinary way for a lumber cargo, as business for them in other ways, has been much better. These reasons are attributed by authorities on the lumber trade for the slackness at the present time, but there are others as well. Stocks of Canadian spruce are not excessive in England, it is reported, but the competition for the last month was disappointing. New Brunswick and Nova Scotia spruce has formidable competitors in the Russian woods, which up to two years ago were not marketed in very large quantities, but since that time have become factors in the British lumbering trade.

English capitalists have gone into Russia to play in relation to timber, and production has greatly increased, and is expected to still further increase. Labor in Russia is but a fraction compared to what it is in Canada, and the cost of production are considerably cheaper; while the ocean freight is only about one half what it is from maritime province points. Though it is an acknowledged fact that Russian wood cannot compete as to quality with that of Canada, yet the price of it is considered the United Kingdom, is responsible for the increased demand as small quantities can be purchased at a relatively low price and delivered in a remarkably short period.

Operations on a small scale have been begun in the New Brunswick woods, and several lumbermen have sent crews into the woods but their work will be quite limited as compared with other years on account of the reasons given and because of the general curtailment. Since they have quite a supply of logs already piled up, it is expected that the mills of Sisson, Cutler & Co., will be about the last to cease operations this year, in fact it is thought they will run until well into the New Year.

With most of the other mills, however, this will not be the case. Early in December they will probably see the close of the mills owned by Murray & Gregory, Charles Miller, John E. Moore & Co., Hilyard Bros., Messrs. Warner and others, but much, of course, depends upon the weather, which if favorable may allow some of these plants to continue cutting for a little while longer.

The first meeting of the executive of the Women's Canadian Club since the election of officers for this year, was held yesterday afternoon at the home of the president, Mrs. E. A. Smith, in Carleton street. There was a large and representative attendance and matters of importance were discussed and arrangements made for a programme for each month during the winter. Three ladies of the executive were appointed to take charge of each month, as follows: November—Lady Elley, Mrs. Robert Thomson and Mrs. G. A. Kühring. December—Mrs. J. F. Robertson, Mrs. W. W. It is hoped to have one of the prominent men who will be here for the laymen's missionary convention give an address to the club members. The membership of the club totals 320, and the executive hopes that every member will bring at least one new one in during the year. All desirous of joining the club should send their names to the secretary Miss C. O. McGivern, 32 Wellington row, or to any member of the executive. This should be done at once so that the new members may enjoy the benefit of the full winter programme.
