VICTORIA TRUE TITA V TINE 9, 1911 VICTORIA TIMES, FRIDAY, JUNE 9, 1911.

LIKE A FLASH FROM THE SKY COMES THE STROKE OF PARALYSIS

Almost daily you hear of some one having a stroke. Suddenly, and with no apparent warning, life is enatched away, or the victim has a slow and tedious recovery from helplessness, only to await in constant terror a return of the old enemy.

There has been sleeplessness, headaches, derangement of digestion and other vital organs, nervousness and irritability, failing of memory and the powers of concentration, feelings of discouragement and despondency. But these danger signals were not recognized as a warning that the nervous system was giv-

ing out, and so the stroke came suddenly and unexpectedly to one who considered himself healthy.

You may not be sick, but if you are neglecting such symptoms as these you are running a terrible risk. You cannot possibly get the best out of life with the nervous system at low ebb. Physical bankruptcy is staring you in the face.

Partial paralysis can be cured. It has frequently been cured by Dr. Chase's Nerve Food as in the case of Mr. Alex. Honsburger. But how much wiser it is to heed the warning symptoms and prevent such overwhelming disaster by keeping the nervous system in condition at all times.

Limbs Were Paralyzed

Mr. Alexander Honeburger, 10 Moore St., St. Catharines, Ont., writes :-- "For some vears I was afflicted with nervousness which grew on me and developed into paralysis of the limbs so that I became helpless. The best efforts of three doctors failed to even relieve me and though I tried a Buffalo specialist he, too, was baffled in my case. I gradually grew worse and was in such a bad condition that I despaired of being well again. "After using ten boxes of DR. CHASE'S NERVE FOOD I was able to resume work

and am now feeling better than I did for twenty years. I consider DR. CHASE'S NERVE FOOD the king of all medicines for through its use I recovered health after long suffering."

DR. CHASE'S NERVE FOOD

This great food ours nourishes the wasted and depleted nerve cells back to health and vigor. This is the only way by which exhaustion of the nervous system can possibly be overcome. Narcotics deaden the nerves, stimulants whip them up to renewed effort. Such treatments cannot prove of lasting benefit.

Nervous prostration, nervous exhaustion, locomotor ataxia and paralysis are permanently cured when the depleted nerve cells are restored and reconstructed by Dr. Chase's Nerve Food. SO CHEMPS & BOX & FOR \$2.60 AT ALL DEALERS OR EDMANSON BATES & CO TORONTO

WAPPENSTEIN'S TRIAL. Brother-in-Law Says Former Police Chief Made Money in Logging Industry. Seattle, Wash., June 7E. B. Benn, former mayor of Aberdeen, Wash., tes- ufied yesterday in favor of his brother- n-law, former Chief of Police Charles W. Wappenstein, who is on trial charged with accepting a bribe of \$1,000 for permitting the operation of disor- derly houses. He explained the large bank deposits of Wappenstein during his term as chief of police by stating that Wappenstein during his term as chief of police had rendered valuable service to his father-in-the elder Benn paid him \$5,000. This money E. B. Benn invested in the logging industry, giving Wappenstein the earnings that accrued. In 1910 Wappenstein told Benn that he	Vitterbo, June 7.—The trial of the 36 Camorrists for the murders of Genaro Cuoccolo and his wife, which was ad- journed last Saturday because of the	WHOLESALE VICTORI SPECIAL Attent prompt and ac	Pauline & Company WHOLESALE DRYGOODS VICTORIA, B.
